

Examples of MEd pathways

	Full time: Research and specialisation focus	Full time: Broad focus with range of courses	Part time: pathway to PhD	Part time: strong focus on specialisation	Part time, two years: broad focus with specialisation	Part time three years with specialisation	Part time with no specialisation
Year 1 Trimester 1	Specialisation course(s) (30 pts)	Course(s) (30 pts)	Specialisation course(s) (30 pts)	Specialisation course(s) (30 pts)	Specialisation course(s) (30 pts)	Specialisation course(s) (30 pts)	Course(s) (30 pts)
	EDUC 503: Research methods (30 pts)	Course(s) (30 pts)					
Trimester 2	Specialisation course(s) (30 pts)	Course(s) (30 pts)	Specialisation course(s) (30 pts)	Specialisation course(s) (30 pts)	Specialisation course(s) (30 pts)	Specialisation course(s) (30 pts)	Course(s) (30 pts)
	EDUC 585: Dissertation (60 pts)	EDUC 503: Research methods (30 pts)					
Trimester 3		Course(s) (30 pts)	EDUC 503: Research methods (30 pts)	EDUC 503: Research methods (30 pts)	Course(s) (30 pts)		
	Specialisation Course(s) (30 pts)	Course(s) (30 pts)					
Year 2 Trimester 1			EDUC 590: Thesis (90 pts)	EDUC 589: literature review (30 pts)	Specialisation course(s) (30 pts)	EDUC 503: Research methods (30 pts)	EDUC 503: Research methods (30 pts)
Trimester 2				EDUC 585: Dissertation (60 pts)	EDUC 503: Research methods (30 pts)	Specialisation course(s) (30 pts)	Course(s) (30 pts)
Trimester 3					Course(s) (30 pts)		
Year 3 Trimester 1						Course(s) (30 pts)	Course(s) (30 pts)
Trimester 2						Course(s) (30 pts)	Course(s) (30 pts)

Notes:

- These study pathways are suggestions only. You should put together your own programme, depending on your interests, circumstances, and course availability.
- There is no requirement to do a specialisation.
- A full-time load—roughly 40 hours a week—is 60 points per trimester.
