Terms and conditions

Please carefully read the following:

- Te Herenga Waka—Victoria University of Wellington (VUW) agrees to register approved students to suitable courses at VUW as agreed between the students' school and VUW and to allow access to those VUW services that are essential for these courses.
- VUW will admit approved students to the courses under section 8, Provisional admission, of the Admission and Enrolment Regulations, for domestic and international students, as described in the Te Herenga Waka—Victoria University of Wellington *Calendar*.
- Once students have gained University Entrance and enrolled in a degree programme at VUW, any courses passed under their STAR enrolment will be available for credit to that degree.
- VUW and the school agree that the appropriate fee per student will be paid to VUW by the school on receipt of VUW's invoice.
- Students enrolled under the STAR agreement will receive a one-third reduction on the appropriate advertised tuition fee (domestic or international) and levies for their STAR course(s).
- Only one invoice will be sent to the school, with the breakdown of the various costs shown on the invoice. The school will be responsible for the payment of the total invoice but may decide to charge the student or family for part of the cost; for example, the reduced Student Services fee.
- The school will be invoiced in week 3 of the course. Students can withdraw within the free withdrawal period of the course and the school will not be liable for the course fees.
- If the school does not have access to STAR funding, it will be the responsibility of the school to recover the fees from students as it wishes.
- There is an expectation that the students will provide the school with their results to enable the school to report to the New Zealand Qualifications Authority as appropriate.
- Course notes and textbooks, if required, are not included in the fee and will need to be purchased separately.
- VUW reserves the right to cancel a course when necessitated by unforeseen circumstances (for example, lack of enrolments).
- The offer of provisional admission is valid for entry in 2023. If students do not enrol in 2023, the offer lapses and they will have to reapply for admission in another year.
- The offer is only for the above-listed STAR programme and course(s).
- In future, students will need to gain full admission by achieving University Entrance or meet criteria for admission by qualification assessment, and then gain a place in a programme of study.
