ADMISSION REQUIREMENT

Academic requirements

Bachelor's degree needs to be in a computer-science- or programming-related area, with at least a B average. A CV and statement of intent are required; no work experience required.

English requirements

IELTS 6.5 with no sub-score below 6

PART 1: COURSES

Approved courses worth 120 points from courses in the areas of

- ▶ Artificial Intelligence Markup Language
- ▶ Computer Graphics
- ▶ Computer Science
- ▶ Cybersecurity
- ▶ Network Engineering
- ▶ Software Engineering

PART 2: RESEARCH

The research project comprises two courses, COMP 501, a 15-point research essay that demonstrates that you have understood the background to the research problem that you

have chosen to tackle, and COMP 589, a 45-point course in which you design, implement, and evaluate a solution to the problem.
