ADMISSION REQUIREMENT

Academic requirements

A Bachelor's degree in an engineering-related area with at least a B+ average. A CV and statement of intent are required; no work experience required.

English requirements

IELTS 6.5 with no sub-score below 6

PART 1: COURSES (COMPULSORY)

- ▶ ENGR 501 Engineering Research and Communication
- ▶ ENGR 502 Engineering Professional Practice
- ▶ ENGR 510 Engineering Project 1
- ▶ ENGR 511 Engineering Project 2

PART 1: COURSES (ELECTIVES)

Complete four elective courses from across the engineering school, choosing to specialise in a particular area within electronics, networking, renewable energy, software, or computer science.

PART 2*: RESEARCH OR INDUSTRY-BASED PROJECT

Undertake a large university-based research project or an industry-based project.

*Entry into Part 2 of the course requires at least a B- average in Part 1 (or special permission from the head of school).

CAREER OPPORTUNITIES

Business analysts, computer programmers, consultants, electronics engineers, game developers, project managers, robotics engineers, research scientists, software engineers, web developers, and more
