## Study in Wellington on a Manaaki New Zealand Scholarship

Studying on a Manaaki New Zealand Scholarship at Victoria University of Wellington means you can enjoy:

- ▶ a fully funded education
- ▶ a world-class qualification
- ▶ dedicated support
- ▶ the chance to give back to your country.

Manaaki New Zealand Scholarships are funded through the New Zealand Aid Programme and managed by Education New Zealand, in partnership with the New Zealand Ministry of Foreign Affairs and Trade. The views expressed in this publication do not necessarily reflect those of the New Zealand Government.

“

I chose to study at Victoria University of Wellington because of its strong reputation in international relations and political studies, especially in the Asia-Pacific context. The University's location in New Zealand's capital offers direct exposure to policymaking, diplomacy, and real-world political dynamics, which align closely with my academic and career goals. Being able to attend public seminars, network with policy experts, and do an internship at Parliament have been valuable parts of my learning experience.

I have really enjoyed the balance between academic life and the city's natural beauty. Wellington has a vibrant but relaxed atmosphere.
