Choose Victoria University of Wellington as your #1

Study in Wellington on a Manaaki New Zealand Scholarship

Studying on a Manaaki New Zealand Scholarship at Victoria University of Wellington means you can enjoy:

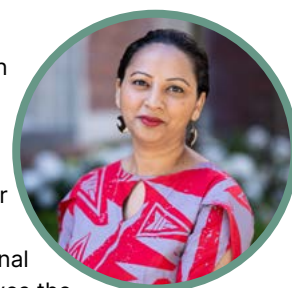

- ▶ a fully funded education
- ▶ a world-class qualification
- ▶ dedicated support
- ▶ the chance to give back to your country.

Manaaki New Zealand Scholarships are funded through the New Zealand Aid Programme and managed by Education New Zealand, in partnership with the New Zealand Ministry of Foreign Affairs and Trade. The views expressed in this publication do not necessarily reflect those of the New Zealand Government.

“Victoria University of Wellington has access to a climate change research centre and resources dedicated to climate change studies, which is a crucial factor in studying in a science and policy programme. An exceptional aspect of the programme involves the hands-on experience of writing a research paper, providing valuable insights and the opportunity to work closely with talented university supervisors.

Sanjeshni Devi (Fiji)

Graduate, Master of Climate Change Science and Policy

”

#1 in New Zealand
for high-quality research intensity

If the degree or major you wish to study does not appear in this list, you can still apply. You will need to justify how your preferred programme might align to a recommended study subject for your country. A one-year postgraduate diploma may be available for some subjects as a pathway to completing a Master's degree.

How to apply

Applications are open in February and March of each year for most partner countries. Applications for the Samoa Foundation open in August. Your application for study will be for the following year. Check the application opening and closing dates for your country at nzscholarships.govt.nz
