## Personal Courses of Study Statute

## Part 1: General

This statute is to be read in conjunction with the statutes for all degrees and diplomas listed in the Degrees Statute and for any other academic qualifications of this university.

1. In this statute, the word 'qualification' applies to degrees, diplomas and certificates.A 'course' (previously known as 'paper') is an individual unit of study towards a qualification. A 'course of study' is a collection of courses to be used towards a qualification or combination of qualifications.
A 'personal course of study' is a particular combination of courses selected by an individual student.
2. The personal course of study of every candidate for a qualification shall comply with the statute for that qualification, except that the relevant Associate Dean (or Dean) may, in exceptional circumstances, approve a personal course of study which does not comply with that statute
3. (a) The personal course of study chosen by a student for a given academic year shall require the approval of the Academic Board. The Head of each School in which the student proposes (i) to satisfy the subject requirements at advanced level for an undergraduate qualification, or (ii) to study for a postgraduate qualification (other than PhD ), shall act on behalf of the Board in giving that approval.
(b) The personal course of study chosen by any candidate for two qualifications shall require the approval of the Heads of all of the Schools concerned.
(c) Heads of Schools may nominate other members of their faculties to approve personal courses of study on their behalf.
4. A student who has passed, at this or any other institution, a course equivalent to one which is required for a Victoria University qualification, or for a major or specialisation within such a qualification, but is unable to gain credit for it towards that qualification may be given an exemption from that course by the relevant Associate Dean (or Dean). Such an exemption may require the substitution of an approved alternative course.
5. A student shall not normally enrol in Trimester 1 or 2 for courses equivalent to more than 80 points and in Trimester 3 for more than 40 points. Enrolment in a higher number of points may be approved by a relevant Associate Dean (or Dean). For the purposes of this section, half of the points value of each two-trimester course should be attributed to each trimester.
6. Only those students enrolled in a course are entitled to attend classes for that course.

## Changes in Personal Courses of Study

Additions
7. Students are normally expected to be registered for their courses by Friday in the week preceding the start of teaching. A student who wishes to add a course after its commencement must obtain permission (on the appropriate form) from both the Course Coordinator (or designated authority) and the Head of School or Associate Dean (or Dean) responsible for approving the student's personal course of study. Other than in exceptional circumstances, no course may be added after the first one-sixth has elapsed.
Note: The addition of a course after it has commenced will be approved only if places are available, late entry will not significantly affect the delivery of the course and the late enrolment will not significantly impact on the student's chance of passing.

## Withdrawals

8. (a) Any student who wishes to withdraw from a course must apply on the appropriate form.
(b) A student may withdraw from a course at any time during the first three-quarters of the teaching weeks.
(c) Withdrawals after the date in (b) above require the approval of the relevant Associate Dean (or Dean). An Associate Dean (or Dean) will not normally approve such a withdrawal unless satisfied that:
(i) there are medical or personal circumstances applying after the specified date for withdrawals which have seriously affected the student's ability to complete the course; and
(ii) either there is evidence of satisfactory progress in the course up to the specified cut-off date for withdrawals, or the absence of such evidence is due to adverse medical or personal circumstances.
Note 1: Exact withdrawal dates for particular trimesters may be obtained from the Enrolment Guide or Faculty Student Administration Offices.
Note 2: Any additional fees arising from the change of course will be calculated and will become payable when the change of course form is returned to the Faculty Student Administration Office.
Note 3: If a refund is applicable to a student who has paid their fees with a student loan, the refund will be paid directly to the student loan account. If a refund is applicable to a student who has paid their fees without using a student loan, the student should contact the Student Fees team to request the refund.
Note 4: The operative date for any change of course is the date when the form is received by the Faculty Student Administration Office. If forms are posted, due allowance should be made for postal delays to ensure that the form arrives before the relevant deadline.

## Prerequisites, Corequisites and Restrictions

9. (a) Each course in the personal course of study of a student shall comply with any prerequisites, corequisites and restrictions specified in the relevant statutes.
(i) A pass in a prerequisite for a course is necessary before the student may be enrolled for that course, unless this requirement is waived by the relevant Head of School. If the waiver is conditional on simultaneous enrolment in the prerequisite course, then both courses must be passed before enrolment can occur in any subsequent course for which the second course is itself a prerequisite.
(ii) Either a pass or concurrent enrolment in any corequisite for a course is necessary before the student may be enrolled for that course, unless this requirement is waived by the relevant Head of School
(iii) Enrolment in a course which is restricted against a course or combination of courses that the student has already passed or is concurrently enrolled in, is prohibited unless permitted by the relevant Head of School. In such cases, the student may not receive credit toward any Victoria University qualifications for both the former course and the course or combination of courses against which it is restricted.
(b) Any course which is double-labelled with another course may be substituted for that course to meet prerequisite, corequisite, major, specialisation or other requirements of the statute for a qualification. Double-labelled courses are necessarily restricted against each other.
(c) Any decision taken under this section may be appealed to the relevant Associate Dean (or Dean).

## Enrolment for Course Already Passed

10. (a) Only with the permission of the relevant Associate Dean (or Dean) may a student enrol in a course which the student has already passed or from which the student has been exempted with credit. Credit for the course will be given just once.
(b) A student may be denied permission to enrol in a course which is essentially a lower level version of a course which the student has already passed or been exempted from with credit

## Cross-crediting from a Completed Qualification

11. Candidates who have completed one or more Victoria University degrees may be credited with up to 120 points towards a subsequent Victoria University degree, subject to the following conditions:
(a) These points will normally be at 100-level, unless otherwise permitted by the relevant Associate Dean (or Dean).
(b) The total of such cross-credit and any transfer credit shall in no circumstance exceed two-thirds of the total points requirement for the subsequent degree.
(c) At most 60 points shall be awarded where the points cross-credited come from a completed conjoint or double degree programme.
(d) No 300-level course may be used to satisfy major or specialisation requirements for more than one degree.

## Crediting Courses to Qualifications

12. Unless otherwise permitted by the relevant Associate Dean (or Dean), a student may credit a set of courses to a qualification if, and only if, the following conditions apply:
(a) The set of courses meets the requirements of the statute for the qualification.
(b) The student has obtained a pass in every course, except where the course is taken for a postgraduate Honours degree or Part 1 of the corresponding Master's degree or where the statute for the qualification specifies otherwise.
(c) Except in special cases and with the approval of the relevant Associate Dean (or Dean), at the time of enrolment for each course the student met the requirements for being accepted into the qualification.

## Part 2: Postgraduate Honours and Master's Degrees

13. (a) A candidate may enrol in a postgraduate Honours or Master's course (i.e. one listed on the schedule of a postgraduate Honours or Master's degree) only with the approval of the Head of School responsible for that course. The qualification to which the course is to be credited must be specified at the time of enrolment.
(b) A candidate for a postgraduate Honours degree (or Part 1 of a corresponding Master's programme) will not normally be permitted to re-enrol in a failed course (or replace it with another course) for the same qualification.
(c) Except with the permission of the relevant Associate Dean (or Dean), no more than $50 \%$ of a candidate's personal course of study for a postgraduate Honours (or Part 1 of a corresponding Master's) degree may consist of individual research courses.
14. (a) Unless otherwise permitted by the relevant degree statute, no course already credited to another qualification (or in the opinion of the appropriate Associate Dean (or Dean) substantially equivalent to such a course) may be credited to a postgraduate Honours or Master's degree.
(b) A candidate for a postgraduate Honours or Master's degree, who is prevented by part (a) from crediting a course that is compulsory for that qualification, may substitute an alternative course approved by the relevant Associate Dean (or Dean).
15. A person who has been awarded a BA(Hons), BCA(Hons), BMus(Hons), BSc(Hons), MA MA(Applied), MCA, MMus or MSc in any subject
(a) may be a candidate for the same degree in another subject;
(b) may not present the same subject for more than one of those postgraduate Honours degrees or for more than one of those Master's degrees.
16. (a) Candidates for a postgraduate Honours or Master's degree must complete the requirements for the qualification within the maximum time specified in the statute, unless an extension is approved by the relevant Associate Dean (or Dean).
(b) The course of study for a qualification shall be regarded as having begun when the candidate first enrolled in a course later credited to that qualification.

## Substitution of Courses

17. (a) With the approval of the relevant Head of School, a candidate may replace optional courses in a postgraduate Honours or Master's degree with courses of a comparable points value from the same or other programmes as specified in the relevant degree statute. In no case may courses be substituted for more than half of the points required for the degree.
(b) The Head of School shall approve only substitute courses that are relevant and complementary to the rest of the candidate's programme, and shall ensure that the candidate's personal course of study is consistent with the intent of the degree statute.

## Master's Theses

18. A Master's thesis is the outcome of independent research, scholarship and/or creative activity conducted under supervision and having a value of at least 90 points. For works of design, creation or performance, the student should include a written commentary on the work.
(a) The thesis shall present the results obtained by the candidate in an investigation relating to some branch of the subject being presented or, as appropriate, a review of the literature relating to some special problem that may be combined with an investigation of some aspect of this problem.
(b) Except as permitted in (e), the minimum and maximum periods of enrolment for a Master's thesis from the time of first enrolment for the thesis shall be as follows:
(i) The minimum period of enrolment for a Master's thesis is nine months full time or 18 months half time.
(ii) The maximum period of enrolment in a Master's thesis is 18 months full time or 3 years half time.
(iii) For candidates permitted to enrol half time for part of their programme, the minimum and maximum periods of enrolment shall be calculated on a pro rata basis.
Note: Refer to the Fees Statute for information on fees.
(c) The relevant Associate Dean (or Dean) may, on application from a candidate who is unable to continue work on a thesis for a specified period of time, grant a suspension of enrolment for that period. Such a suspension would not normally be for less than one month or more than 12 months.
(d) Except for periods of suspension, a candidate must be continuously enrolled until submission of the thesis (not including any possible grace period granted for final adjustments).
(e) Extensions to the maximum period of enrolment may be granted by the relevant Associate Dean (or Dean). Consideration of extensions shall take account of the candidate's personal circumstances and the nature of the research project, and consent shall neither be unreasonably withheld nor given without good cause. All calculations will exclude any periods of suspension.

## Part 3: Award of Honours, Distinction or Merit

19. (a) Unless otherwise specified in the relevant degree or diploma statute, the class of Honours to be awarded or the award of Distinction or Merit shall be assessed on the candidate's overall performance; the assessment to be made is of the candidate's
quality of mind and command of the subject displayed over a range of material and tasks appropriate to the limited time specified for the programme.
(b) An Associate Dean (or Dean), after consultation with the relevant Head of School, may extend a maximum period for completing requirements relating to the award of Honours, Distinction or Merit. A candidate refused such extension may still be permitted to complete the degree or diploma.

## Award of Honours

20. (a) These classes of honours shall apply to BA(Hons), BBmedSc(Hons), BCA(Hons), BMus(Hons), BSc(Hons) and BTM(Hons): First Class, Second Class (first division), Second Class (second division) and Third Class.
(b) These classes of honours shall apply to other Bachelor's and Master's degrees awarded with Honours: First Class, Second Class (first division) and Second Class (second division).
(c) Only the first attempt at a course, and only results for the specified number of courses, can be taken into account in assessing the class of Honours to be awarded for any postgraduate Honours degree.

## Award of Distinction or Merit

21. Where the statute for a degree or diploma states that it may be awarded with Distinction or Merit, a candidate will be awarded the degree or diploma with Distinction if, in the opinion of the examiners, the work is at an A+ or A standard overall, and with Merit if the work is at an $\mathrm{A}-$ or $\mathrm{B}+$ standard.

## Part 4: Miscellaneous

## Transition from Earlier Regulations and Statutes

22. (a) Unless expressly prevented by subsequent statutes or regulations, a candidate enrolled for a qualification under a previous statute may complete the qualification under that statute and any associated regulations if they do so within five years from when the statute was changed. Such completion shall accord with a determination to be made in each case by the relevant Associate Dean (or Dean) concerning the way in which the requirements of the earlier regulations and statutes are to be met.
(b) A candidate may complete a qualification under a statute and regulations that last applied before the time specified in part (a) only at the discretion of the Associate Dean (or Dean).
(c) In making the determination of section (a), the Associate Dean (or Dean) shall endeavour to prevent undue hardship and shall, as appropriate, take account of:
(i) any provisions for the transition in the new statute;
(ii) how long the candidate has been enrolled.

No credit may be given for a course or courses substantially equivalent to courses previously passed.
Note: The schedules to current statutes for degrees and other academic qualifications generally make against current courses explicit restrictions relating to courses that have been taught within the last seven years. Information about courses last taught more than seven years ago that may be restricted against current courses can be obtained on request from the relevant Faculty Student Administration Office or School.
23. (a) Each BA, BCA and BMus unit passed before 1972, and each BSc unit passed before 1973, shall count as 36, 44 or 48 points for stage I, II, or III respectively, and each half unit or reading knowledge as 18,22 or 24 points for stage I, II, or III, but no candidate who has passed such unit, half unit or reading knowledge shall enrol in its equivalent as scheduled for any degree.
(b) The units and their stages of the earlier regulations and statutes shall be deemed to be of equivalent standard to the courses scheduled for current degrees in accordance with the following table.

| Courses numbered: | Equivalent stage: |
| :--- | :--- |
| $100-199$ | Stage I or Reading Knowledge |
| $200-299$ | Stage II |
| $300-399$ | Stage III |

## Appendix A: Definitions and Rules Relating to Majors, Minors, etc.

## Definitions

Endorsement: A subject area appended to a qualification, most commonly a graduate or postgraduate diploma or certificate, to indicate a particular focus or set of skills in the candidate's course of study
Interdisciplinary major: A substantial component of an undergraduate degree consisting of courses worth between 120 and 180 points across two or more cognate disciplinary areas, including at least 40 points at 300-level. Normally, at least one 300-level course should be included from each of the disciplinary areas involved.

Major: A substantial component of an undergraduate degree consisting of courses normally worth at least 120 points in a recognised subject area and including at least 40 points at 300level but no more than 140 points at 200-level or above.
Minor: A component of an undergraduate degree, consisting of courses at 200-level or above in a recognised subject or subject area worth at least 60 points, and including at least 15 points at 300-level.
Specialisation: A substantial component of a degree, diploma or certificate (normally at least 180 points in the case of a degree and constituting the majority of the programme for a diploma or certificate), consisting of courses in related subject areas, including some at 300 -level. Specialisations are typically available in professional degrees with a common core which may be considered as part of the 180 points.
Subject: A particular academic discipline offered through courses at various levels.
Subject area: A set of courses relating to a particular academic discipline or combination of disciplines.

## Rules

1. A particular major may be offered for more than one degree, but the requirements must be equivalent. (They may be stated differently according to conventions adopted by the faculties concerned.)
2. No candidate may count a 300-level course towards more than one major or minor, or towards a major and a minor, or towards the same major for more than one degree. (There is no bar against double-counting at 200-level.)
3. No candidate may be awarded a major and a minor in the same subject area.

## Conjoint Degrees Statute

This statute is to be read in conjunction with relevant individual degree statutes and the Credit Transfer Statute.
Note: This statute facilitates the study of two degrees in combination; completing students graduate with both degrees. Degrees may be chosen from the following: BA, BAS, BBIS, BBSc, BBmedSc, BCA, BDI, BE, BEd(ECE)WP, BEd(Tchg), BMus, BSc, BScTech, BTM, LLB/LLB(Hons).

## Entry Requirements

1. (a) Admission to a conjoint degrees programme normally occurs in a candidate's first year of study at university, but it may also occur in a later year of study provided that the candidate has achieved at least a B- average over the courses completed in the previous year of study and has not completed the requirements of either component degree.
(b) A candidate taking a conjoint degrees programme shall require permission to re-enrol for it each year after first admission to the programme. Such permission will normally only be given if the student has achieved at least a B- average over the courses completed in the previous year of study.
Note: A candidate taking a conjoint degrees programme is normally expected to include courses from the schedules of both component degrees in each year of enrolment.

## General Requirements

2. The personal course of study of a candidate for a conjoint degrees programme shall consist of courses from the schedules to first degrees of this university as approved by the relevant Associate Dean(s).
(a) For conjoint programmes consisting of two three-year degrees, the course of study shall consist of courses worth at least 540 points, of which:
(i) at least 360 shall be from courses numbered 200-399; and
(ii) at least 150 shall be from courses at 300-level or above.
(b) For conjoint programmes consisting of one three-year degree and one four-year degree, the course of study shall consist of courses worth at least 660 points, of which at least 480 shall be from courses numbered 200-399.
(c) For conjoint programmes consisting of two four-year degrees, the course of study shall consist of courses worth at least 780 points, of which at least 600 shall be from courses numbered 200-399.
(d) For any other combination of component degrees, the minimum total number of points for the course of study shall be calculated as the sum of the totals required for the component degrees separately, less 180. The course of study shall include courses at 200-level or above worth the sum of those degree totals, less 360.
Note: Some conjoint degree combinations may require more than the minimum numbers of points as set out in section 2 when the requirements of section 3 are taken into account.
3. (a) The combined course of study of every candidate shall satisfy all of the requirements set out in the conjoint requirements sections of the statutes for the two component degrees.
(b) Courses that are 300-level may not normally be used to satisfy major subject or specialisation requirements for both component degrees.
(c) No more than 60 points may be credited to a conjoint programme from a previously completed degree. In all circumstances a conjoint degrees programme must include at least 180 points passed at Victoria University.

## BArch

## Statute for the Degree of Bachelor of Architecture

This statute is to be read in conjunction with the Personal Courses of Study Statute.
Note: No new students will be accepted into this programme after 2009. Currently enrolled students may complete under these regulations, making such substitutions as prescribed by the Head of the School of Architecture, provided they do so by the end of 2013. Alternatively, current students may transfer to the Bachelor of Architectural Studies or Master of Architecture (Professional).

## General Requirements

1. (a) The course of study for the BArch degree shall, except as provided in section 2(b) below, consist of courses worth at least 600 points, including:
Part 1: First Year Architecture;
Part 2: Second, Third, Fourth and Fifth Year Architecture.
Each candidate shall complete to the satisfaction of the Head of the School of Architecture such practical work as may be prescribed.
Note: Practical work means work carried out in timetabled class hours in a laboratory, workshop or studio. With the permission of the Associate Dean (Teaching, Learning and Students) of the Faculty of Architecture and Design, this may be replaced or supplemented by field work and excursions.
(b) A candidate shall normally complete Part 1 before being admitted to Part 2.

## Year Requirements

2. (a) Part 1 (First Year Architecture) shall include: ARCH 101, 102, 111, 112, 171 (or 172), 181, and at least 18 MATH/ PHYS points*.
*A candidate with a satisfactory background in Maths or Physics may in either case substitute 18 points from any course offered for a first degree of this university. (See Guide to Study.)
(b) The Associate Dean (Teaching, Learning and Students) of the Faculty of Architecture and Design may exempt from Part 1 and admit to Part 2 a student who has:
(i) completed a New Zealand certificate or national diploma as specified in the Schedule to the Credit Transfer Statute; or
(ii) completed a relevant New Zealand degree or diploma or equivalent; or
(iii) passed at least 126 points in a course of study other than that prescribed for Part 1; or
(iv) produced evidence of extensive practical, professional and/or scholarly experience of an appropriate kind.
(c) In exceptional circumstances, the Head of School may award a pass in Part 1 as a whole to a candidate who has failed one or more of the required courses if the overall performance is of a sufficiently high standard.
3. (a) After completing Part 1, students will be ranked on academic performance in required First Year Architecture courses for entry into Second Year. Part 2 shall normally consist of four years of full-time study as follows.

## Second Year

ARCH 211, 212, 241, 251, 280, and at least 18 points in elective courses numbered 100-299 from the BArch, BBSc or BDes schedules or in approved courses offered for any first degree of this university

## Third Year

ARCH 311, 312, 341, 351, 363, and at least 20 points in elective courses numbered 200-399 from the BArch or BBSc schedules or in approved courses offered for any first degree of this university

## Fourth Year

ARCH 373, 411, 412, 431, 441, 451, and at least 20 points at 300-level or above from the BArch or BBSc schedules or an approved course from the BDes schedule

## Fifth Year

ARCH 461, 482, an approved research course worth at least 20 points and at least 20 points at 300-level or above from the BArch or BBSc schedules
(b) In certain circumstances, the Associate Dean may exempt a candidate from compulsory courses in Part 2 with or without credit. In particular, a candidate who has completed a BBSc degree may be exempted with full credit from ARCH 241, 251, 341 and 351 and the Second and Third Year electives.

## Cross-credits

4. At the discretion of the Associate Dean:
(a) a candidate completing a BArch degree combined with another undergraduate degree or conjoint degree programme may have up to 160 points subtracted from the total points required to complete both separately;
(b) a candidate completing a BArch degree combined with a double degree programme may have up to 240 points subtracted from the total points required to complete all three degrees separately.
In either case, the overall course of study for the BArch and the other programme shall satisfy the requirements of sections 1-3 of this statute and section 11 of the Personal Courses of Study Statute.

## Award of Honours

5. The BArch degree may be awarded with Honours as described in sections 19 and 20 of the Personal Courses of Study Statute.

5. With the approval of the Head of School, courses completed for a design-related qualification in another tertiary institution may be substituted for courses required for the BDes, following presentation of evidence that the other qualification has been abandoned.

## Cross-crediting

6. At the discretion of the Associate Dean:
(a) a candidate completing a BDes degree combined with another undergraduate degree or conjoint degree programme may have up to 160 points subtracted from the total points required to complete both separately;
(b) a candidate completing a BDes degree combined with a double degree programme may have up to 240 points subtracted from the total points required to complete all three degrees separately.

In either case, the overall course of study for the BDes and the other programme shall satisfy the requirements of sections 1-4 of this statute and section 11 of the Personal Courses of Study Statute.

## Award of Honours

7. The BDes may be awarded with Honours as described in sections 19 and 20 of the Personal Course of Study Statute.
(a) To be eligible for the award of Honours, a candidate shall normally have completed the Third and Fourth Years in no more than three consecutive years.
(b) Honours shall not normally be awarded if a candidate's performance in a compulsory Third or Fourth Year course is unsatisfactory at first attempt.
Note: These courses will continue to be available for students who have enrolled in the BDes before 2009

4. The minimum and maximum periods of enrolment for a 120 -point thesis or a 90 -point thesis combined with 30 points of course work are specified in section 18 of the Personal Courses of Study Statute.

## Substitution of Courses

5. A candidate may, with the permission of the Associate Dean, replace up to 30 points of courses in section 2(b) with substitute courses chosen from those offered for other postgraduate Honours or Master's degrees. (See Part 2 of the Personal Courses of Study Statute for the general provisions concerning the substitution of courses.)

## Award of Distinction or Merit

6. The ME may be awarded with Distinction or Merit as described in sections 19 and 21 of the Personal Courses of Study Statute. To be eligible, a candidate shall complete work required for the degree within one year and six months from the date of first enrolment. ## This statute is to be read in conjunction with the Personal Courses of Study Statute.

## General Requirements

1. The personal course of study of a candidate for the BA degree shall, except as provided in the Credit Transfer Statute, consist of courses from the schedules of any first degree of this university, having a total value of at least 360 points of which:
(a) at least 75 points shall be for courses numbered 300-399;
(b) at least 180 points shall be for courses numbered 200-399;
(c) at least 240 points shall be from Part A of the BA schedule (except that up to 60 approved points from other degree schedules or Part B of the BA schedule may be included in this total where they are taken to satisfy the requirements of a major subject listed in section 2 ).

## Major Subject Requirements

2. A candidate shall satisfy the requirements for at least one major subject selected from the list below. A candidate may present an additional major for the BA by satisfying the major requirements as specified in the statute for any first degree of this university. No course numbered 300-399 may be counted towards more than one major subject. The Head of School may approve substitutions and exemptions to 100-level requirements of a major; substitutions and exemptions to requirements above 100-level are possible only when that is explicitly allowed in the specification of the major.

## Minors

3. A candidate may obtain a minor for the BA degree in up to two undergraduate subject areas offered through the BA, BAS, BDI, BCA and BSc degrees and not taken as major subjects by including in their course of study:

## Statute for the Conjoint Bachelor of Science and Bachelor of Teaching Programme

This statute is to be read in conjunction with the Personal Courses of Study Statute.
Note: The BTeach degree is not offered separately.

## Entry Requirements

1. (a) Admission to the conjoint BSc/BTeach programme normally occurs in a candidate's first year of study at university and requires that the candidate be accepted into the BSc degree and meet the Faculty of Education entry requirements, which include the 'good character' and 'fitness to teach' requirements of the New Zealand Teachers Council. A candidate who has already completed the requirements of the BSc will not be admitted to the conjoint programme.
(b) A candidate taking the conjoint programme shall obtain permission to re-enrol for it each year after first admission to the programme. Such permission will normally be given if the student has achieved a B- average over the courses completed in the previous year of study.

## General Requirements

2. Except as provided in section 6 below and the Credit Transfer Statute, the personal course of study of a candidate for the conjoint BSc/ BTeach shall consist of courses from the schedules to first degrees of this university with a total points value of at least 540 points of which:
(a) at least 325 points shall be from courses numbered 200-399, including at least 145 from courses numbered 300-399;
(b) at least 240 points shall be from the BSc schedule, including at least 135 from courses numbered 200-399; and
(c) at least 280 points shall be from the BTeach schedule, including at least 190 from courses numbered 200-399.
A candidate taking the conjoint programme is normally expected to include courses from both the BSc and BTeach schedules in each year of enrolment.
3. The course of study of every candidate shall comply with section $1(\mathrm{~b})$ of the BSc statute and contain:
(a) enough courses to fulfil the BSc major requirements as set out in section 2 of the BSc statute for at least one approved teaching subject;
(b) at least one other approved teaching subject to at least 200-level; and
(c) courses from the BTeach schedule as follows:
(i) EPOL 132, 133, 134, 135, 231, 232, 233, 234, 324, 325;
(ii) EPSY 131, 132, 231, 232, 233, 331;
(iii) two of EPOL 361-370.
4. Where, in the opinion of the relevant Head of School or Programme Director, a candidate has achieved in another course of study a standard equivalent to that required in any compulsory course and cannot obtain corresponding credit under section 6 of this statute or the Credit Transfer Statute, the candidate shall be exempted from that course and shall substitute an approved course of at least the equivalent number of points.
5. Courses from the BTeach schedule are excepted from the Aegrotat Pass provisions in the Assessment Statute. In the event that a candidate is prevented from completing such a course by one of the circumstances specified in section 4.5 of that statute, the candidate will be granted an extension to complete the assessment.

## Cross-crediting

6. At the discretion of the relevant Associate Dean candidates who have completed this conjoint programme may be credited with up to 60 points towards a subsequent Victoria University degree.

## Schedule to the BTeach Statute

See the Course of Study Statutes for the Faculty of Education.

(d) The thesis shall be presented within four years from the date of registration for candidates who have been enrolled full-time and within six years for candidates who have been enrolled exclusively half-time. In the case of candidates who have been permitted to change between full- and half-time, the submission times will be calculated on a pro rata basis. This excludes any period(s) of suspension.
(e) Extensions to the due date of the thesis may be granted, on application to the Dean FGR, through the Associate Dean (PGR). Extensions shall be granted only in exceptional circumstances, where good cause is shown, and will not usually exceed twelve months. All calculations will exclude any periods of suspension.

### 4.4 Course of Study

(a) The course of study for a PhD consists of a programme of research and the writing of a thesis carried out under supervision. During the period of provisional enrolment, this may include enrolment in courses relating to and/ or necessary for the development of a full research proposal, but the courses taken shall not normally exceed 60 points in total. These courses may be selected from the schedule to this statute or the schedules of any other degree of this university, but must be approved by the Associate Dean (PGR).
(i) The research will normally be conducted at Victoria University of Wellington, but, with permission of the Associate Dean (PGR), part of the research programme may be carried out at locations outside the University.
(ii) The thesis must be a body of work that demonstrates the candidate's ability to carry out independent research, and constitutes a significant and original contribution to knowledge or understanding. This contribution may include critical, experimental, theoretical or creative components, but the end result must be a single integrated study.
(iii) The thesis may include the candidate's previously published work or material based on previous research, as long as the report constituting the thesis is written under supervision during the period of registration.
(b) The thesis shall not exceed a total of 100,000 words in length (including scholarly apparatus). In exceptional circumstances the Dean FGR may grant permission for a longer thesis to be submitted for examination.
(c) Any application for Withholding of Theses should be made as early as possible in the research project and well before submission.

### 4.5 Examination

(a) At any time after the minimum period of enrolment, a candidate may submit their thesis and apply for examination.
(b) Where any work relevant to the thesis has been published, or accepted for publication at the time of submission, a statement shall be included showing how the published work relates to the thesis.
(c) Where any of the published material included in clause 4.5(b) is co-authored, the candidate must provide a detailed statement of each author's contribution to such work and contact details of co-authors (see the Recognition of Authorship Policy).
(d) The application for examination shall be accompanied by a statement from the supervisors that the candidate has pursued the course in accordance with the requirements of this statute.
(e) The format of the thesis is determined by the Library Statute (see clause 4.12 of the Library Statute).
(f) The thesis shall be examined by three examiners, appointed by the Dean FGR. One of these examiners will normally be from outside New Zealand. The principal supervisor or cosupervisor must not be an examiner.
(g) The Dean FGR shall, on the basis of the examiners' reports and the recommendation of the chairperson of the oral committee, determine whether the degree will be awarded.
(h) Where the decision has been made to award the degree, it will be awarded upon the deposit of copies of the final thesis in the University Library in accordance with the Library Statute.
(i) The Associate Dean (PGR) may, on the application of the candidate or the supervisors at any time before the submission of the thesis, or on the recommendation of the examiners after the submission of the thesis, approve the enrolment of the candidate in a subject for an appropriate Master's degree instead of the degree of Doctor of Philosophy, where the statute for such Master's degree provides that the degree may be taken by thesis and where the candidate does not already hold that degree in the same subject in this university.
(i) Where any thesis has been submitted for the degree of Doctor of Philosophy that thesis may be accepted in fulfilment of the requirements for the Master's degree, notwithstanding any other provision in the statute for that Master's degree.
(ii) In any other case, provided that the candidate has been enrolled for the degree of Doctor of Philosophy for that period, the candidate shall be deemed to have been enrolled in and to have followed a course of study for that Master's degree for the appropriate minimum period.
