Victoria University of Wellington

Victoria University of Wellington (*Te Whare Wānanga o te Ūpoko o te Ika a Māui*) is a research-led university with high standards of teaching that attracts exceptional staff and students from around the world.

As a globally ranked capital city university, Victoria has strong links with government departments and agencies, international agencies, industries, regional and local government, iwi and environmental organisations, as well as some of New Zealand's major research institutes. The University also has extensive collaborative and student exchange links with renowned universities throughout the Pacific, Asia, North and South America and Europe.

Founded by an Act of Parliament to mark Queen Victoria's Diamond Jubilee in 1897, the University began teaching and research in 1899 as a college affiliated to the University of New Zealand, and became an autonomous university in 1962.

Victoria has nine faculties, of which seven conduct teaching and research: Architecture and Design, Commerce, Education, Engineering, Humanities and Social Sciences, Law and Science. These are divided into schools, many of which are closely aligned with the University's numerous research centres and institutes. The Faculty of Graduate Research is responsible for the administration of doctoral students' candidature. Toi huarewa is a forum for Māori academic issues at Victoria and a University-wide faculty equivalent. Toi huarewa ensures there is appropriate Māori content in Victoria's teaching and research programmes.

The University operates from several sites. The original Kelburn campus is the heart of the first-year experience at Victoria. Kelburn provides the full range of student support and administration offices, the Kelburn Library and the faculties of Engineering, Humanities and Social Sciences and Science.

The Te Aro campus, located at 139 Vivian Street, houses the Faculty of Architecture and Design. The Te Aro campus is located close to cosmopolitan Cuba Street, with its shops, cafés and street life.

The Pipitea campus is located in the centre of Wellington's legal, government and business district. The campus comprises the School of Law and Victoria Business School and sits adjacent to Wellington's railway station and the Lambton bus interchange.

The Victoria University Coastal Ecology Laboratory is housed in a purpose-built research facility adjacent to the Taputeranga Marine Reserve, on Wellington's south coast. The Graduate School of Nursing, Midwifery and Health and the clinical research programme are located at the Wellington Regional Hospital, in Newtown. The Ferrier Research Institute and Robinson Research Institute are located at the Gracefield Science Campus, in Lower Hutt.

Victoria also works with other tertiary providers. The Wellington ICT Graduate School is a partnership between Victoria University of Wellington, the Wellington Institute of Technology (WelTec) and Whitireia New Zealand (a polytechnic).

Victoria opened premises in Auckland in 2015 and runs some postgraduate programmes there.

In addition, the University teaches internationally, offering English language and commerce courses at the University of Economics' campus in Ho Chi Minh City, Vietnam.

The Foundation was established in 1990 as a registered charitable trust. It is registered with the Charities Commission (registration number CC0288) and listed as a donee organisation by Inland Revenue. Its purpose is to raise funds for projects that the University has identified as priorities, but that cannot be funded out of the University's budget, as well as to receive donations, sponsorships and bequests for projects identified by donors. Donations are sought from corporate and public sector sponsors, alumni and friends and community trusts and foundations.

Credit Transfer Statute

1 Purpose

This Statute governs the credit to be awarded towards Victoria University of Wellington programmes from courses taken at other tertiary institutions ('transfer credit'). Credit of Victoria University courses to more than one Victoria University programme ('cross-credit') is governed by the statutes for each qualification and the Personal Courses of Study Statute.

The award of a qualification implies not only that a sufficient proportion of the courses required have been passed at Victoria University, but that the courses passed include a sufficient number at advanced levels, to establish its distinctive character.

The Schedule to this Statute (appendix A) lists programmes of study for which limits on transfer credit have been determined, programmes of study for which special arrangements for credit transfer have been made which may not conform to the general rules set out in the Statute, and some Victoria University programmes of study for which special cross-credit arrangements exist.

2 Organisational Scope

This is a University-wide statute.

3 Definitions

For purposes of this Statute, unless otherwise stated, the following definition shall apply:

Transfer credit: Credit awarded towards a Victoria University of Wellington programme(s) on the basis of courses taken at another tertiary institution.

4 Statute Content and Guidelines

4.1 Courses for which transfer credit may be awarded

- (a) Transfer credit may be awarded in respect of courses that are:
 - (i) available for degree programmes at other New Zealand universities; or
 - (ii) registered on the New Zealand Qualifications Framework at Level 5 or above and in a subject which could properly be taught at degree level in a university; or
 - (iii) offered by educational institutions and recognised by Victoria University as being of equivalent standard to courses in (i) or (ii) of this section.
- (b) Transfer credit will not be awarded in respect of courses taken elsewhere when the content is substantially similar to courses passed at Victoria University.
- (c) Transfer credit will not be awarded in respect of courses passed more than ten years before the date of application for credit unless the course content is still valid material that could properly be taught as part of a current programme.

- (d) Credit will not normally be awarded in respect of courses passed while the student was excluded or suspended from this University or any other tertiary institution on academic misconduct grounds.

4.2 Types of credit that may be awarded at Victoria University

- (a) Transfer credit will be awarded at an appropriate academic level for the content of the qualifying course. Transfer credit awarded may be:
- (i) fully specified credit, that is, a Victoria University course identified by subject and course code and having the normal point value of that course; or
 - (ii) credit in a particular subject at a particular level, but not specifying a course code; or
 - (iii) credit at a particular level which may be used to satisfy a particular requirement of a Statute, but which does not specify a subject or course code; or
 - (iv) credit at a particular level that is otherwise unspecified.
- (b) In conjunction with this section, an exemption may be granted from a requirement to pass a particular course.

4.3 Amount of transfer credit to be awarded

- (a) Where an external programme of study is listed in the Schedule to this Statute, credit may be awarded as follows:
- (i) if the programme has been completed, the amount of credit will be as specified in the Schedule;
 - (ii) if the programme has not been completed, the amount of transfer credit will be the total assessed point value for all eligible courses passed in the programme, but will not exceed the amount specified in the Schedule for the completed programme.
- (b) Up to 120 points of transfer credit may be awarded for eligible courses. With the permission of the appropriate Associate Dean (Students), further points may be credited to a Victoria University Bachelor's degree from:
- (i) approved student exchange programmes, and/or
 - (ii) one incomplete external qualification that is very similar in structure and content to the Victoria University degree, and/or
 - (iii) one external qualification listed in the Schedule to this Statute as allowing a larger amount of transfer credit.
- (c) In all circumstances at least one third of the points for each Victoria University qualification must be passed at Victoria University.
- (d) Transfer credit awarded on the basis of courses undertaken through an approved student exchange programme that forms a coherent part of the student's overall course of study may, with the permission of the Associate Dean and in consultation with the Head of School, be used to satisfy up to:
- (i) the greater of 40 points or half the minimum requirements at 300 level or above for a Bachelor's degree; and
 - (ii) half the advanced points (200 level or above) requirements for a major in a Bachelor's degree.
- (e) Otherwise, transfer credit may not be used to satisfy 300-level (or above) major or degree requirements except in special circumstances approved by the Associate Dean.

- (f) Except where different arrangements are specified in the relevant qualification Statute, transfer credit cannot be counted towards:
- (i) a thesis;
 - (ii) a research project in a graduate programme;
 - (iii) a postgraduate Honours degree;
 - (iv) more than 60 points in a Master's degree; or
 - (v) more than 30 points in a Postgraduate Certificate or Postgraduate Diploma.

4.4 Cancellation of transfer credit

Transfer credit will be cancelled if a Victoria University course is subsequently passed with content substantially similar to the external course from which credit was transferred.

4.5 Assessment of transfer credit

- (a) For qualifications from other New Zealand universities, the assessed point value of an eligible course will be calculated by multiplying the Equivalent Full-Time Student (EFTS) value of the course by the number of Victoria University points that correspond to one EFTS (120). For other qualifications, the best available evidence will be used to estimate equivalent point values.
- (b) The awarding of fully or partially specified credit is determined by a comparison of courses passed with similar courses at Victoria University. Transfer credit will be specified to the extent possible given the variations in arrangement of material between courses, and the breadth and depth of material covered.
- (c) The level at which transfer credit in respect of an eligible course is awarded will be based on an assessment of the content and difficulty of that course. In making this assessment, Victoria University will be guided, but not bound, by the level of the course on the National Qualifications Framework and the level assigned to it by the other institution.

Note: Some academic programmes label courses with a level code that implies the sequential year of study in which the course is taken, rather than the level of difficulty of the material. In such cases the transfer credit offered may not correspond to the indicated levels of the external courses.

4.6 Responsibilities of applicants

Applicants will be responsible for providing acceptable evidence of their qualifications, and any additional materials that may be requested in order to assess the content, level and value of the papers. Transfer credit will not be awarded unless satisfactory information is provided.

Note 1: Copies of documents can be accepted only if they have been certified by a solicitor, notary public, Justice of the Peace, or the institution which issued the originals. Students may also bring documents and copies to be certified by staff in the Enrolment Office, faculty Student and Academic Services Offices, Student Recruitment Admission and Orientation, or Victoria International.

Note 2: If the original document is not in English, a certified translation must also be provided.

4.7 Approving authority and appeal process

Decisions on transfer credit are made by the Associate Dean (Students) or equivalent of the relevant Faculty. Any student dissatisfied with the decision of the Associate Dean (Students) may apply to have the decision reviewed by the Convenor of the Academic Committee.

- (b) Students who do not attend a course in which they have formally accepted a place will be liable for payment of the fees for that course unless the withdrawal procedures as detailed in s4.12 are followed.

4.4 Fee components

The fees charged to a student will include but are not limited to the fees, levies and charges detailed in this section and associated appendices.

4.4.1 Tuition fees

- (a) Subject to s4.7, every person enrolling at the University shall pay the prescribed tuition fee for each course in which they are enrolled.
- (b) Tuition fees are calculated based on the number of points assigned to each course. The charge per point for each course is listed in appendix A (Domestic Students) and appendix B (International Students).

4.4.2 Student assistance levy

This levy is a contribution towards assisting students in financial difficulty who would otherwise be unable to continue their studies.

- (a) Every person enrolling at the University as an internal student, or New Zealand-based distance student, excluding incoming exchange students, shall each year at enrolment pay the prescribed Student Assistance Levy.
- (b) The charge for the Student Assistance Levy is shown in appendix C.

4.4.3 Student Services Levy

All students studying at Victoria University of Wellington are required to pay a Student Services Levy, which is a contribution towards student support services delivered by and through the University to support and facilitate the best academic outcomes for all students. The Student Services Levy Policy provides a full list of services. Additional payment may be required to access some goods, services or amenities.

- (a) The Student Services Levy is set according to the Student Services Levy Policy. The Student Services Levy is shown in appendix C.
- (b) Certain categories of students may be exempt from the Student Services Levy or may be entitled to apply for specified rebates, for example:
 - (i) students enrolled for fewer than 25 points per year;
 - (ii) students enrolled solely in distance courses;
 - (iii) students enrolled solely in Trimester Three; and
 - (iv) students enrolled in specific programmes as detailed in the Student Services Levy Policy.

- (c) The Student Services Levy Policy provides more information, including how to apply for any applicable rebate.

4.4.4 Administration fees

The University reserves the right to charge the administration fees as shown in appendix D to students who apply for the relevant service.

4.4.5 Course material charges

Some courses include compulsory course materials charges to cover the provision of items such as study materials, equipment or field trips. These charges are detailed in the relevant course prospectus.

4.4.6 Courses requiring an overseas travel component

- (a) A small number of courses are offered by the University at one or more overseas locations. Where course content is delivered at overseas destinations, the costs of travel will not be included in the fees for the course. Students are responsible for their own travel (including insurance and accommodation) arrangements; however, the School will arrange a group booking through a travel agent, which will be available to all students.
- (b) Details of the travel arrangements will be documented in the course description, together with an estimate of the cost. The actual costs will be determined by the travel agent, based upon airfares, destination costs and exchange rates prevailing at the time of booking. Travel costs for these courses do not qualify for student loans.

4.4.7 Higher doctorate application fee

Refer to appendix D for Higher Doctorate Application Fees.

4.5 Exchange students

- (a) Students enrolled in an exchange programme approved by the University will be liable to pay fees at their home institution.
- (b) Incoming exchange students will be liable only for course material charges and administration fees at the University.
- (c) Victoria University students undertaking an exchange programme approved by the University will be charged fees by the University on the following basis:
- (i) 120 points for a full year exchange programme
 - (ii) 60 points for a single-semester or -trimester exchange programme
 - (iii) the charge per point for tuition will be set according to the subject and will be one of the rates listed in appendix A or appendix B
 - (iv) ancillary fees will be calculated as for an internal student.

4.6 Research students

- (a) Research Thesis students are charged fees based on the points value of their course, as set forth in Appendices A and B.
- (b) Fees for Research Thesis students are based on the minimum time allowed for the thesis registration period. There is no reduction or refund for early completion.
- (c) If a student has been granted permission to extend their registration, they will be charged a fee calculated by the points value of the additional months agreed upon and the per-point charges set forth in Appendices A and B. The points value for part-time study is half of the points value of an equivalent full-time period of registration.

- (d) Fees for extended registration are charged in advance for the entire mutually agreed period.
- (e) PhD students required by supervisors to enrol in supplementary courses during the period of provisional registration may do so without paying fees in addition to those imposed above.

4.7 Concessionary fees

- (a) From time to time, the University offers concessionary fees. If offered, the concessionary fees provision is available to Domestic Students who wish to attend lectures for reasons other than working towards a University examination or a professional qualification. Students enrolling on this basis cannot attend practical classes, tutorials, workshops, laboratories or studios, submit coursework or sit examinations. No grade or credit will be given to graduates enrolled in courses under this provision.

Note: No concessionary fees programmes are available in 2016.

- (b) Secondary school students enrolled at Victoria under the Secondary Tertiary Alignment Resource (STAR) agreement will receive a one third reduction on the advertised tuition fee and levies for that year.
- (c) In accordance with delegations given by the University Council, the Vice-Chancellor may vary the fees set out in the appendices to give effect to particular contractual agreements.

4.8 Payment of fees

- (a) Payment of all fees is due at the time liability for these is incurred as per s4.3 or by the payment due date shown on the Fees Assessment or Invoice, whichever is the latest. This includes arrangement for payment by Student Loan as per s4.9 or instalments as per s4.10. A late payment penalty will apply where fees are not paid by the due date (refer to appendix D).
- (b) The University reserves the right to introduce a charge to recover credit card commission costs.

4.9 Student loans

Student Loans are provided to Domestic Students by StudyLink (www.studylink.govt.nz). The University acts in accordance with policies and practices promulgated by the New Zealand Government. Any Domestic Student who applies for a student loan remains responsible to take all necessary steps to ensure that payment is made promptly.

4.10 Payment of fees by instalment

- (a) Subject to the provisions set out below, any Domestic Student enrolled in at least two courses in at least two trimesters may request to pay their fees by instalments.
- (b) The Director, Student Academic Services (SAS) (or delegate) is responsible for approving requests under clause 4.10 (a). If a request is approved, the Director, SAS (or delegate) will determine the number of instalments, amounts and payment dates depending on the individual student circumstances. Any decision of the Director, SAS (or delegate) relating to payment of fees by instalment is final and binding and there is no internal appeal process.
- (c) Payment cannot be made by instalments where fees are to be paid by Student Loan.
- (d) Returning International Students who have previously demonstrated a good payment history may elect to pay their fees by instalments. This option is not available to PhD students. The final decision on whether to allow an instalment plan is made by the Manager, Student Finance.

4.11 *Failure to pay in full*

- (a) Any student who fails to pay all fees and charges detailed in this Statute and Appendices, to repay Student Assistance scheme loan advances, or to pay any other charges due and payable to the University may lose their entitlement:
 - (i) to be issued with an ID card or to have an ID card endorsed;
 - (ii) to attend lectures, laboratories, tutorials, or use the University Library, ITS Student Computing Services and Student Services;
 - (iii) to have a degree conferred, receive grades, receive a transcript or academic certificate;
 - (iv) to enrol in any other University course.
- (b) The University reserves the right to place fees debts with its appointed debt recovery agency for collection from the student. The University also reserves the right to recover any additional costs in relation to this debt collection from the student.
- (c) The University reserves the right to cancel a student's enrolment in the event of outstanding fees without affecting the student's liability for payment of the outstanding fees.
- (d) The University reserves the right to refuse to re-activate enrolment or to decline an application for enrolment in a subsequent academic year for a student who has been in default of fees even if the outstanding amount has since been paid.

4.12 *Withdrawals from courses*

- (a) A student who completes a withdrawal online or by way of written application through their faculty Student and Academic Services Office, on or before the dates shown in appendix E, will no longer be liable for the fees associated with that course.
- (b) Non-payment of fees, ceasing to attend, or verbally advising a member of staff will not be accepted as notice of withdrawal.
- (c) Only in exceptional circumstances will fees be reconsidered if a student withdraws from a course after the dates shown in Appendix E. Any application for a fee reconsideration must be accompanied by suitable documentation that provides both evidence of the exceptional circumstances and supports the date of withdrawal.
- (d) An application for a fees reconsideration must normally be submitted by the last day of the official examination period for the trimester in which that course was held. Late applications require justification and are accepted at the discretion of the Director, Student Academic Services (SAS).
- (e) Decisions on applications for a fees reconsideration are made by the Manager, Student Finance, who will take into account of the views of the relevant Faculty Manager, the Associate Director, SAS, or other staff as appropriate.
- (f) A student who considers a fees reconsideration decision to be unfair may appeal that decision. Any appeal must be submitted in writing within four weeks of the notification of the initial decision and must clearly state the grounds for the appeal. Decisions on appeals are made by the Director, SAS, in consultation with the relevant Dean.
- (f) Subject to s4.14(f), if a student has given notice of withdrawal from all of their courses after the dates outlined in appendix E and a full fee reconsideration has been approved, the University will reverse the full tuition and non-tuition fees liable to the student, less \$100.
- (g) A student enrolled in a PhD or Master's degree by thesis for six or twelve months, who gives written notice of withdrawal from enrolment within four weeks of having been enrolled, shall cease to be liable for the fees associated with that course.

- (h) A student who gives written notice of withdrawal from a supervised individual research paper/project, practicum, dissertation or similar course, within four weeks of the start date for that course, shall cease to be liable for the fees of that course.
- (i) A student enrolled in the CertEnglProf who gives written notice of withdrawal within two weeks of commencement of the programme will be liable only for one-third of total fees.

4.13 Refunds

- (a) Refunds of fee payments derived from the Student Loan scheme will be credited to StudyLink. Where fee payment has been derived only in part from the Student Loan scheme, refunds will be credited back to StudyLink to the value of the Student Loan payment and any balance then refunded to the student.
- (b) Refunds of fee payments derived from a contract will be credited back to the organisation that has set up the contract with the University.
- (c) Refunds will not be made to students if there are fees remaining to be paid for their current academic year or if they have an outstanding debt to the University.

4.14 Additional information for international students

- (a) A student enrolled in a trimester-based programme who obtains a residency permit during the course of their study will be considered an International Student for the trimester in which residency is granted, unless the residency is granted within the dates prescribed in appendix E of this Statute. The student will be treated as a Domestic Student from the following trimester.
- (b) A student who is enrolled in a programme that is not trimester based and who obtains a residency permit will be given a refund (pro rata) from the week after the date on which residency is granted, as shown in their passport.
- (c) An International Student who withdraws from the University and transfers to another institution must inform Victoria International and Student Finance in writing and provide copies of their new Offer documents. The refund of fees will be sent directly to the relevant institution less an international transfer fee (refer appendix D).
- (d) An International Student who has not had their tuition payments administered through an external contract is entitled to a full refund of all money that remains in their account after enrolment. This refund will be granted provided the student has paid their fees in full and holds a valid student visa for the period of study. The monies up to a value of \$15,000 per academic year will be paid directly to the student. Any monies to be refunded over and above this amount will be refunded to the originating bank account and an administration fee will be applicable. Any exceptions will be at the discretion of the Director, SAS or Associate Director (Management and Administration) and Manager, Student Finance, if approval has been delegated.
- (e) Subject to subsections (a), (c) and (d) of this section, all refunds will be paid by bank transfer (upon production of appropriate photo identification).
- (f) Full refunds will be made pursuant to the relevant clauses of this Statute and in the following circumstances:
 - (i) the student is unable to take up the offer of admission;
 - (ii) Immigration New Zealand has declined a student a visa for study in New Zealand;
 - (iii) a student's application for a visa extension is declined by Immigration New Zealand; or

- (iv) the University is unable to proceed with the course offered.
- (g) Should a student completely withdraw or temporarily cease studying at Victoria and seek a refund, they will be required to provide proof that they are no longer on a Victoria student visa prior to their refund being authorised.
- (h) Subject to subsections (c) and (f) of this section, international students that have prepaid tuition fees who travel to New Zealand and do not complete their enrolment or who have given notice of withdrawal from all of their courses on or before the dates outlined in appendix E will receive a 100 percent refund of pre-paid tuition fees less an administration fee. The monies will be refunded to the originating bank account.
- (i) Students receiving Federal Loans from the US Government for payment of their study at Victoria University of Wellington are subject to special withdrawal and refund procedures and policies. Details are available from Victoria International.
- (j) An International Student who is enrolled in a PhD and is resident in New Zealand is charged domestic tuition fees. If such a student does not reside in New Zealand for the agreed proportion of their candidature, they may be charged fees at the rate specified in Appendix B, as for 400 and 500 level courses in their discipline.

Academic Progress Statute

1 Purpose

The Victoria University of Wellington ('the University') seeks to provide a learning environment designed to help students achieve their fullest academic potential, and to maximise the availability of places for students who actively engage with their studies. Where a student fails to make satisfactory academic progress it is important that provisions are in place to provide appropriate advice and support, and to manage the student's enrolment. This statute provides a framework for the University to identify students in need of support, and allows the University to restrict the number of courses in which the student may enrol and to require certain conditions to be met for continued enrolment. Where a student completely fails to engage with their studies in a particular trimester, or where there is ongoing unsatisfactory academic performance over a period of time, this statute provides a framework for suspension or exclusion from the University.

2 Organisational Scope

This is a University-wide statute.

3 Definitions

For purposes of this statute, unless otherwise stated, the following definitions shall apply:

Standard trimester: Trimester One or Trimester Two, but not Trimester Three (Summer Trimester).

Points undertaken: The total value of all courses in which the student remained enrolled after the dates set out in appendix E of the Fees Statute (normally the first two weeks of the course).

Academic Progress Grade (APG): A modified version of the GPA calculated as set out in appendix C of the *Assessment Handbook* but including a value of 4 for aegrotat passes, 2 for special passes and 0 for withdrawals after the dates set out in appendix E of the Fees Statute. The APG is calculated across all courses undertaken in the relevant trimester(s) of study, weighted by points values.

Non-engagement: Enrolment in a course of study without engaging with the course content or attempting to satisfy course requirements. For the purposes of this statute, all students who are enrolled in two or more courses in a standard trimester and achieve E or F grades in all will be considered under the non-engagement provisions. Students who attempt at least half the required assessment in their programme of study will not be considered to be non-engaged.

Concerning academic progress: A student whose APG is below 2.0 or who has passed fewer than half their two most recent trimesters of study at this or any other university is considered to have concerning academic progress.

Unsatisfactory Academic Progress: A student whose APG is below 2.0 and has passed fewer than half the points undertaken over their two most recent trimesters of study at this or any other university is considered to have unsatisfactory academic performance.

Suspension: A limited period of time, normally three trimesters, when a student is not permitted to enrol at this University.

Exclusion: A student who is excluded is not permitted to return to study at this University.

4 Statute Content and Guidelines

4.1 Non-engagement

- (a) A student who enrolled in two or more courses in their most recent standard trimester and obtained a grade of E or F in all those courses will not be permitted to enrol until after the following standard trimester and, if already enrolled in any courses, will be disenrolled from them.

Note: A student who is already enrolled in a Trimester Three course that has started, and who can demonstrate that they are engaging with the course material, may appeal the decision to the relevant Associate Dean.

- (b) Appeals may be made to the relevant Associate Dean, who may permit enrolment with restriction if satisfied that:

- (i) the student did engage with their courses and submitted at least half the required assessment in their programme of study; or
- (ii) the student's performance was affected by exceptional medical or personal circumstances.

Note: A student whose appeal is successful and is permitted to enrol, but who again meets the criteria set out in s4.1(a) will be suspended as set out in s4.3(c).

- (c) A student disenrolled or prevented from enrolling under (a) will be restricted in their first trimester back at the University to:
- (i) a maximum of 45 points if it is a standard trimester, unless a higher number of points is approved by the Associate Dean; or
 - (ii) 20 points if it is Trimester Three.

4.2 Restriction

- (a) A student whose APG calculated over their two most recent trimesters of study at this or any other university is below 2.0 and/or has passed fewer than half the points undertaken, may have their enrolment restricted for their next two trimesters of study.
- (i) *Concerning Academic Progress:* If the student has either an APG below 2.0 or passed fewer than half the points undertaken, they will normally be automatically restricted to a maximum of 60 points in each of their next two trimesters of study. If either of these is Trimester Three, a normal maximum of 40 points will apply, provided the points are spread evenly across the entire trimester. Appeals may be made to the relevant Associate Dean, who, after reviewing the student's record, may vary the restriction or impose conditions.
 - (ii) *Unsatisfactory Academic Progress:* If the student has an APG below 2.0 and passed fewer than half the points undertaken, the relevant Associate Dean will review the student's record and impose a restriction and/or conditions, normally a maximum of 45 points in the student's next standard trimester of study and a maximum of 60 points in the following standard trimester.

Note 1: If the two most recent trimesters of study include a trimester resulting in disenrolment, those two trimesters will both be included in the APG calculation for this section.

Note 2: Associate Deans typically impose conditions that are intended to ensure appropriate support is in place to improve the student's chances of success. These might include a requirement to attend sessions at Student Learning or regular meetings with an academic mentor.

- (b) In determining the restrictions and conditions to apply, the relevant Associate Dean will take into account:
 - (i) any provisions relating to academic progress in the relevant qualification statute;
 - (ii) whether the student was taking courses worth fewer than 60 points over the two-trimester period or if their performance was affected by exceptional medical or personal circumstances;
- (c) In the event of an APG less than 2.0 or passing fewer than half the points undertaken in the first trimester under restriction, the Associate Dean may further reduce the maximum points in which the student may enrol for the following trimester.
- (d) No restriction will apply in the following trimester for any student who achieves an APG of 2.0 or above and passes at least half the points attempted across their last two trimesters while restricted under s4.1(b) or (c) or s4.2(a).
- (e) No restriction under s4.1(c) or 4.2(a) will be applied to a student who is returning to study at Victoria after a break of at least three years.

4.3 Suspension

- (a) On the recommendation of the Associate Dean, a student who is restricted under s4.1(b) or (c) or s4.2(a)(ii) and who again meets the criteria for unsatisfactory academic progress by obtaining an APG of less than 2.0 and passing fewer than half the points undertaken in their next trimester of study, may be suspended by the Convenor of the Academic Committee (or nominee) for a period of three trimesters.
- (b) A student who is disenrolled under s4.1(a), and who in their first trimester upon returning to study again meets the criteria for disenrolment under s4.1(a) will be suspended for a period of three trimesters.
- (c) A student who appeals a disenrolment under s4.1(b) and is permitted to enrol, but who in their following trimester of study meets the criteria for disenrolment in s4.1(a) may be suspended for a period of three trimesters.
- (d) Any appeal against a suspension must be submitted in writing to the Provost.

4.4 Returning to study after suspension

- (a) A student returning to study after suspension under s4.3 will be restricted as set out in s4.2(a)(ii), and may also be subject to any further conditions imposed by the relevant Associate Dean.
- (b) A student returning to study after suspension who achieves an APG of 2.0 or above over their next two trimesters of study will not be subject to any further restriction in the following trimester.
- (c) A student returning to study after suspension, who, in their next two trimesters of study again meets the criteria for unsatisfactory academic progress by obtaining an APG of less than 2.0 and passing fewer than half the points undertaken, will normally be excluded from this University.
- (d) Any appeal against exclusion should be submitted in writing to the Provost.

4.5 Re-enrolment in a course

A student who has failed the same course on two occasions may not enrol again for that course except with the permission of the relevant Associate Dean. Associate Deans may approve further enrolments where:

- (a) The student normally performs at a high level; or

- (b) The course concerned is a compulsory course for a major or qualification and the student has passed at least half of the other courses for that major or qualification; or
- (c) The student's previous performance in the course was affected by exceptional medical or personal circumstances.

- (c) The Grievance Appeal Committee shall review the evidence submitted to the Academic Board Grievance Committee, and the decision of that committee, and may request any further evidence that it deems relevant. The Grievance Appeal Committee may request to meet the complainant, the respondent and relevant other parties.
- (d) Any meetings with the complainant and respondent will be held separately. The complainant or respondent may bring up to two support persons to the meeting, who may speak on their behalf. The Convenor should adjourn the meeting after two hours if in their judgment all relevant points have been addressed. In the event of inappropriate behaviour by any party the Convenor may adjourn the meeting at any time.

4.7 Decision on the appeal

- (a) The decision of the Grievance Appeal Committee cannot be appealed further within the University. The Convenor shall inform the complainant and the respondent of the decision in writing. The appeal decision is notified to the relevant Dean and other relevant parties.

- (c) An appeal must be submitted in writing to the Convenor within twenty working days of the date of the letter notifying the decision on the misconduct or serious misconduct allegation. The Convenor of the Disciplinary Appeals Committee may extend this period if they are satisfied that there is a good reason why the appeal was not submitted within the specified timeframe. Once submitted, an appeal may not be expanded to cover matters not originally included.
- (d) All correspondence on the appeal shall be conducted between the Convenor or nominee and the student appealing or nominee. Within ten working days, the Convenor shall, in writing, acknowledge receipt of the appeal, outline the anticipated timeframe for the appeal and provide the names of the members of the Disciplinary Appeals Committee.
- (e) The Disciplinary Appeals Committee must not allow an appeal unless satisfied that the decision of the Disciplinary Committee, head of school or other decision-maker:
- (i) was unsound because of some material defect in the procedures followed by the head of school, other decision-maker or Disciplinary Committee;
 - (ii) was incorrect on the basis of the information considered by the head of school, other decision-maker or Disciplinary Committee, or
 - (iii) has been shown to be incorrect in the light of additional information that was not available to the decision-maker or Disciplinary Committee.

4.9.2 Consideration of the appeal

- (a) The Appeals Committee shall review the evidence submitted to the decision-maker or Disciplinary Committee, and the decision, and may request any further evidence that it deems relevant. The Appeals Committee may request to meet the student who is appealing and where relevant, other parties.
- (b) Any meetings with the parties shall be held separately. The student or other parties may bring support persons who may speak on their behalf. The Convener should adjourn the meeting after two hours if in their judgment all relevant points have been addressed. In the event of inappropriate behaviour by any party, the Convener may adjourn the meeting at any time.

4.9.3 *Decision on the appeal*

- (a) The Disciplinary Appeals Committee must provide written reasons for its decision to the student appealing, to the Head of School, Disciplinary Committee or other decision-maker, and to the relevant Dean.
- (b) The decision of the Disciplinary Appeals Committee on an appeal shall be final and binding.

Note: Section 4.9.3 does not prevent a student pursuing the matter through an external agency such as the Office of Ombudsman.

Qualification Statutes

Personal Courses of Study Statute

Part 1: General

This statute is to be read in conjunction with the statutes for all degrees, diplomas and certificates listed in the Qualifications Statute and for any other academic qualifications of this University.

1. In this statute, the word ‘qualification’ applies to degrees, diplomas and certificates. A ‘course’ (previously known as ‘paper’) is an individual unit of study towards a qualification. A ‘course of study’ is a collection of courses to be used towards a qualification or combination of qualifications.
A ‘personal course of study’ is a particular combination of courses selected by an individual student.
2. The personal course of study of every candidate for a qualification shall comply with the statute for that qualification, except that the relevant Associate Dean (or Dean) may, in exceptional circumstances, approve a personal course of study which does not comply with that statute.
3. (a) The personal course of study chosen by a student for a given academic year shall require the approval of the Academic Board. The Head of each School in which the student proposes (i) to satisfy the subject requirements at advanced level for an undergraduate qualification, or (ii) to study for a postgraduate qualification (other than PhD), shall act on behalf of the Board in giving that approval.
(b) The personal course of study chosen by any candidate for two qualifications shall require the approval of the Heads of all of the Schools concerned.
(c) Heads of Schools may nominate other members of their faculties to approve personal courses of study on their behalf.
4. A student who has passed, at this or any other institution, a course equivalent to one which is required for a Victoria University qualification, or for a major or specialisation within such a qualification, but is unable to gain credit for it towards that qualification may be given an exemption from that course by the relevant Associate Dean (or Dean). Such an exemption may require the substitution of an approved alternative course.
5. A student shall not normally enrol in Trimester One or Two for courses equivalent to more than 80 points and in Trimester Three for more than 40 points. Enrolment in a higher number of points may be approved by a relevant Associate Dean (or Dean). For the purposes of this section, half of the points value of each two-trimester course should be attributed to each trimester.
6. Only those students enrolled in a course are entitled to attend classes for that course.

Changes in personal courses of study

Additions

7. Students are normally expected to be registered for their courses by Friday in the week preceding the start of teaching. A student who wishes to add a course after its commencement must obtain permission (on the appropriate form) from both the Course Coordinator (or designated authority) and the Head of School or Associate Dean (or Dean) responsible for approving the student’s personal course of study. Other than in exceptional circumstances, no course may be added after the first one-sixth has elapsed.

Note: The addition of a course after it has commenced will be approved only if places are available, late entry will not significantly affect the delivery of the course and the late enrolment will not significantly impact on the student's chance of passing.

Withdrawals

8. (a) Any student who wishes to withdraw from a course must apply on the appropriate form.
- (b) A student may withdraw from a course at any time during the first three-quarters of the teaching weeks.
- (c) Withdrawals after the date in (b) above require the approval of the relevant Associate Dean (or Dean). An Associate Dean (or Dean) will not normally approve such a withdrawal unless satisfied that:
 - (i) there are medical or personal circumstances applying after the specified date for withdrawals that have seriously affected the student's ability to complete the course; and
 - (ii) either there is evidence of satisfactory progress in the course up to the specified cut-off date for withdrawals, or the absence of such evidence is due to adverse medical or personal circumstances.
- (d) Only in exceptional circumstances may a student withdraw from a course—
 - (i) after the last day of the official exam period for the trimester in which that course was held; or
 - (ii) if the student has sat the final examination or submitted the final item of assessment for that course;
—and in no case may a student withdraw after one trimester has elapsed since the course ended.
- (e) Where an Associate Dean (or Dean) has declined an application under (c) or (d) above to withdraw from a course, the student may appeal in writing to the Convenor of Academic Committee within four weeks of being notified of the decision of the Associate Dean (or Dean). This period may be extended by the Convenor in special cases.

Note 1: Exact withdrawal dates for particular trimesters may be obtained from the Guide to Undergraduate Study or faculty Student and Academic Services Offices.

Note 2: Any additional fees arising from the change of course will be calculated and will become payable when the change of course form is returned to the faculty Student and Academic Services Office.

Note 3: If a refund is applicable to a student who has paid their fees with a student loan, the refund will be paid directly to the student loan account. If a refund is applicable to a student who has paid their fees without using a student loan, the student should contact the Student Fees team to request the refund.

Note 4: The operative date for any change of course is the date when the form is received by the faculty Student and Academic Services Office. If forms are posted, due allowance should be made for postal delays to ensure that the form arrives before the relevant deadline.

Note 5: Withdrawals can have significant impacts on students' eligibility for loans and allowances (including retrospectively). The Associate Dean should advise the student to seek advice on the non-academic implications of late withdrawals. Students are responsible for making themselves familiar with the implications. Advice may be sought from Financial Support and Advice or from StudyLink.

Prerequisites, Corequisites and Restrictions

9. (a) Each course in the personal course of study of a student shall comply with any prerequisites, corequisites and restrictions specified in the relevant statutes.
- (i) A pass (other than a compensation pass) in a prerequisite for a course is necessary before the student may be enrolled for that course, unless this requirement is waived by the relevant Head of School. If the waiver is conditional on simultaneous enrolment in the prerequisite course, then both courses must be passed before enrolment can occur in any subsequent course for which the second course is itself a prerequisite.
 - (ii) Either a pass (other than a compensation pass) or concurrent enrolment in any corequisite for a course is necessary before the student may be enrolled for that course, unless this requirement is waived by the relevant Head of School.
 - (iii) Enrolment in a course which is restricted against a course or combination of courses that the student has already passed or is concurrently enrolled in, is prohibited unless permitted by the relevant Head of School. In such cases, the student may not receive credit toward any Victoria University qualifications for both the former course and the course or combination of courses against which it is restricted.
- (b) Any course which is double-labelled with another course may be substituted for that course to meet prerequisite, corequisite, major, specialisation or other requirements of the statute for a qualification. Double-labelled courses are necessarily restricted against each other.
- (c) Any decision taken under this section may be appealed to the relevant Associate Dean (or Dean).

Enrolment for Course Already Passed

10. (a) Only with the permission of the relevant Associate Dean (or Dean) may a student enrol in a course which the student has already passed or from which the student has been exempted with credit. Credit for the course will be given just once.
- (b) A student may be denied permission to enrol in a course which is essentially a lower level version of a course which the student has already passed or been exempted from with credit.

Cross-crediting from a Completed Qualification

11. Candidates who have completed one or more Victoria University degrees may be credited with up to 120 points towards a subsequent Victoria University degree, subject to the following conditions:
- (a) These points will normally be at 100 level, unless otherwise permitted by the relevant Associate Dean (or Dean).
 - (b) The total of such cross-credit and any transfer credit shall in no circumstance exceed two-thirds of the total points requirement for the subsequent degree.
 - (c) At most 60 points shall be awarded where the points cross-credited come from a completed conjoint or double degree programme.
 - (d) No 300-level course may be used to satisfy major or specialisation requirements for more than one degree.

Crediting Courses to Qualifications

12. Unless otherwise permitted by the relevant Associate Dean (or Dean), a student may credit a set of courses to a qualification if, and only if, the following conditions apply:
- (a) The set of courses meets the requirements of the statute for the qualification.
 - (b) The student has obtained a pass in every course, except where the course is taken for a postgraduate Honours degree or Part 1 of the corresponding Master's degree or where the statute for the qualification specifies otherwise.
 - (c) Except in special cases and with the approval of the relevant Associate Dean (or Dean), at the time of enrolment for each course the student met the requirements for being accepted into the qualification.

Minors

13. (a) To obtain a minor in an undergraduate subject area a candidate for the BA, BCom, BDI, BSc or BTM degrees must pass at least 60 points at 200 level or above in the relevant subject area, including at least 15 points at 300 level. No 300-level course may be counted towards two minors, or towards both a major/specialisation and a minor, and no student may be awarded a major and a minor in the same subject area.
- (b) Minors for any participating degree can be selected from all major subject areas listed in the BA, BAS, BCom, BDI or BSc statutes or from additional minor subject areas listed in the BA, BCom, BDI or BSc statutes.
- (c) Unless otherwise specified in the corresponding degree statute, courses for a minor in a subject area which is available as a major shall be chosen from the requirements at 200 level or above for that major and must include at least 40 points from courses with the main subject code.

Part 2: Postgraduate Honours and Master's Degrees

14. (a) A candidate may enrol in a postgraduate Honours or Master's course (ie. one listed on the schedule of a postgraduate Honours or Master's degree) only with the approval of the Head of School responsible for that course. The qualification to which the course is to be credited must be specified at the time of enrolment.
- (b) A candidate for a postgraduate Honours degree (or Part 1 of a corresponding Master's programme) who has failed a course or courses worth not more than a maximum of 30 points may be permitted to re-enrol in such failed course(s) or to enrol in approved substitute course(s) for the same qualification. A candidate who fails a course or courses worth more than 30 points in total will not be permitted to proceed with the degree.
- (c) Except with the permission of the relevant Associate Dean (or Dean), no more than 50 percent of a candidate's personal course of study for a postgraduate Honours (or Part 1 of a corresponding Master's) degree may consist of individual research courses.
15. (a) Unless otherwise permitted by the relevant degree statute, no course already credited to another qualification (or in the opinion of the appropriate Associate Dean (or Dean) substantially equivalent to such a course) may be credited to a postgraduate Honours or Master's degree.

- (b) A candidate for a postgraduate Honours or Master's degree, who is prevented by part (a) from crediting a course that is compulsory for that qualification, may substitute an alternative course approved by the relevant Associate Dean (or Dean).
- 16. A person who has been awarded a BA(Hons), BCom(Hons), BMus(Hons), BSc(Hons), MA, MA(Apply), MCom, MMus or MSc in any subject:
 - (a) may be a candidate for the same degree in another subject;
 - (b) may not present the same subject for more than one of those postgraduate Honours degrees or for more than one of those Master's degrees.
- 17. (a) Candidates for a postgraduate Honours or Master's degree must complete the requirements for the qualification within the maximum time specified in the statute, unless an extension is approved by the relevant Associate Dean (or Dean).
- (b) The course of study for a qualification shall be regarded as having begun when the candidate first enrolled in a course later credited to that qualification.

Substitution of Courses

- 18. (a) With the approval of the relevant Head of School, a candidate may replace optional courses in a postgraduate Honours or Master's degree with courses of a comparable points value from the same or other programmes as specified in the relevant degree statute. In no case may courses be substituted for more than half of the points required for the degree.
- (b) The Head of School shall approve only substitute courses that are relevant and complementary to the rest of the candidate's programme, and shall ensure that the candidate's personal course of study is consistent with the intent of the degree statute.

Master's Theses

- 19. A Master's thesis is the outcome of independent research, scholarship and/or creative activity conducted under supervision and having a value of at least 90 points. For works of design, creation or performance, the student must include a written commentary on the work.
- (a) The thesis shall present the results obtained by the candidate in an investigation relating to some branch of the subject being presented or, as appropriate, a review of the literature relating to some special problem that may be combined with an investigation of some aspect of this problem.
- (b) Except as permitted in (e), the minimum and maximum periods from the time of first enrolment until submission of the thesis for examination shall be as follows:
 - (i) The minimum period is nine months full time or 18 months half time.
 - (ii) The maximum period is 12 months full time or two years half time.
 - (iii) For candidates permitted to enrol half time for part of their programme, the minimum and maximum periods shall be calculated on a pro rata basis.

Note: Refer to the Fees Statute for information on fees.
- (c) As set out in the Master's Thesis Policy, when a candidate is unable to work on a thesis for a specified period of time, the relevant Associate Dean (or Dean) may grant a suspension of enrolment for a period, normally not more than six months.
- (d) Except for periods of suspension, a candidate must be continuously enrolled until the completed thesis has been lodged in the University Library, unless the candidate withdraws from the course, has their enrolment terminated by the University, or fails the course.

- (e) Extensions to the maximum period of enrolment prior to submission may be granted by the relevant Associate Dean (or Dean) so long as the total period does not exceed 15 months full time or 30 months half time. Consideration of extensions shall take account of the candidate's personal circumstances and the nature of the research project, and shall require submission by the candidate of a detailed plan for completion within the time requested. The calculation of the total period will exclude any periods of suspension.

Part 3: Award of Honours, Distinction or Merit

- 20. (a) Unless otherwise specified in the relevant degree or diploma statute, the class of Honours to be awarded or the award of Distinction or Merit shall be assessed on the candidate's overall performance; the assessment to be made is of the candidate's quality of mind and command of the subject displayed over a range of material and tasks appropriate to the limited time specified for the programme.
- (b) An Associate Dean (or Dean), after consultation with the relevant Head of School, may extend a maximum period for completing requirements relating to the award of Honours, Distinction or Merit. A candidate refused such extension may still be permitted to complete the degree or diploma.

Award of Honours

- 21. (a) These classes of Honours shall apply to BA(Hons), BBmedSc(Hons), BCom(Hons), BEd(Hons), BMus(Hons), BSc(Hons) and BTM(Hons): First Class, Second Class (first division), Second Class (second division) and Third Class.
- (b) These classes of Honours shall apply to other Bachelor's and Master's degrees awarded with Honours: First Class, Second Class (first division) and Second Class (second division).
- (c) To graduate with a postgraduate Honours degree, students need to pass 120 points. The overall grade for Honours will normally be based on all courses taken for the qualification, including courses that resulted in a fail grade.

Award of Distinction or Merit

- 22. Where the statute for a degree or diploma states that it may be awarded with Distinction or Merit, a candidate will be awarded the degree or diploma with Distinction if, in the opinion of the examiners, the work is at an A+ or A standard overall, and with Merit if the work is at an A- or B+ standard.

Part 4: Miscellaneous

Transition from Earlier Regulations

- 23. (a) Unless expressly prevented by subsequent statutes or regulations, a candidate enrolled for a qualification under a previous statute may complete the qualification under that statute and any associated regulations if they do so within five years from when the statute was changed. Such completion shall accord with a determination to be made in each case by the relevant Associate Dean (or Dean) concerning the way in which the requirements of the earlier regulations and statutes are to be met.

- (b) A candidate may complete a qualification under a statute and regulations that last applied before the time specified in part (a) only at the discretion of the Associate Dean (or Dean).
- (c) In making the determination of section (a), the Associate Dean (or Dean) shall endeavour to prevent undue hardship and shall, as appropriate, take account of:
 - (i) any provisions for the transition in the new statute;
 - (ii) how long the candidate has been enrolled.

No credit may be given for a course or courses substantially equivalent to courses previously passed.

Note: The schedules to current statutes for degrees and other academic qualifications generally make against current courses explicit restrictions relating to courses that have been taught within the last seven years. Information about courses last taught more than seven years ago that may be restricted against current courses can be obtained on request from the relevant faculty Student and Academic Services Office or school.

24. (a) Each BA, BCA and BMus unit passed before 1972, and each BSc unit passed before 1973, shall count as 36, 44 or 48 points for stage I, II, or III respectively, and each half unit or reading knowledge as 18, 22 or 24 points for stage I, II, or III, but no candidate who has passed such unit, half unit or reading knowledge shall enrol in its equivalent as scheduled for any degree.
- (b) The units and their stages of the earlier regulations and statutes shall be deemed to be of equivalent standard to the courses scheduled for current degrees in accordance with the following table.

Courses numbered:	Equivalent stage:
100–199	Stage I or Reading Knowledge
200–299	Stage II
300–399	Stage III

- (c) The weighting of each undergraduate course passed after 1972 and before 1998 shall normally be translated from credits to points as follows.

Courses from the BA, BMus, BCA, BTM and BEd(Tchg)EC schedules

- (i) 6-credit 100-level courses will become 18 points
- (ii) 6-credit 200-level courses will become 22 points
- (iii) 6-credit 300-level courses will become 24 points

Note: 12-, 4- and 3-credit courses will be translated proportionally with fractions rounded up.

Appendix A: Definitions and Rules Relating to Majors, Minors etc.

Definitions

Major: A substantial component of an undergraduate degree consisting of courses normally worth at least 120 points in a recognised subject area and including at least 40 points at 300 level or above. For a general undergraduate degree (that is, the BA, BCom, BSc), a major shall not require more than 140 points at 200 level or above.

Minor: A component of an undergraduate degree, consisting of courses at 200 level or above in a recognised subject worth at least 60 points, and including at least 15 points at 300 level.

Specialisation: An optional area of focus within a major, a subject or a specialised graduate or postgraduate qualification. A specialisation shall require at least 45 points of directly relevant courses at 200 level or above, including at least one course above 200 level. The courses specified for a specialisation shall normally be from courses within the associated major, subject or specialised graduate or postgraduate qualification, but in all cases, at least 50% of the specified points shall be from such courses.

Subject: A particular academic discipline offered through courses at various levels.

Note: Refer to the Academic Transcripts and Certificates Policy for details of the qualification-related information that is included on qualification certificates and academic transcripts.

Rules

1. A particular major may be offered for more than one general degree, but the requirements must be equivalent (although they may be stated differently according to conventions adopted by the faculties concerned). Where a major is offered for both a general degree and a specialised degree, the requirements for each will normally be different.
2. No candidate may count a 300- or 400-level course towards more than one major or minor, or towards a major and a minor, or towards the same major for more than one degree. (There is no bar against double-counting at 200 level.)
3. No candidate may be awarded a major and a minor in the same subject area.

Conjoint Degrees Statute

This statute is to be read in conjunction with relevant individual degree statutes and the Credit Transfer Statute.

Note: This statute facilitates the study of two degrees in combination; completing students graduate with both degrees. Degrees may be chosen from the following: BA, BAS, BBIS, BBSc, BBmedSc, BCom, BDI, BE(Hons), BEd(ECE)WP, BEd(Tchg)EC, BMus, BSc, BScTech, BTM, LLB/LLB(Hons).

Entry Requirements

1. (a) Admission to a conjoint degrees programme normally occurs in a candidate's second year of study at university, but it may also occur in a later year. To be admitted to the conjoint programme for the first time, the candidate must have achieved at least a B– average over the courses completed in the previous year of study, but not have completed the requirements of either component degree.
- (b) A candidate taking a conjoint degrees programme shall require permission to re-enrol for it each year after first admission to the programme. Such permission will normally only be given if the student has achieved at least a B– average over the courses completed in the previous year of study.

Note: A candidate taking a conjoint degrees programme is normally expected to include courses from the schedules of both component degrees in each year of enrolment.

General Requirements

2. The personal course of study of a candidate for a conjoint degrees programme shall consist of courses from the schedules to first degrees of this University as approved by the relevant Associate Dean(s).
 - (a) For conjoint programmes consisting of two three-year degrees, the course of study shall consist of courses worth at least 540 points, of which:
 - (i) at least 360 shall be from courses numbered at 200 level or above; and
 - (ii) at least 150 shall be from courses at 300 level or above.
 - (b) For conjoint programmes consisting of one three-year degree and one four-year degree, the course of study shall consist of courses worth at least 660 points, of which at least 480 shall be from courses numbered at 200 level or above.
 - (c) For conjoint programmes consisting of two four-year degrees, the course of study shall consist of courses worth at least 780 points, of which at least 600 shall be from courses numbered at 200 level or above.
 - (d) For any other combination of component degrees, the minimum total number of points for the course of study shall be calculated as the sum of the totals required for the component degrees separately, less 180. The course of study shall include courses at 200 level or above worth the sum of those degree totals, less 360.

Note: Some conjoint degree combinations may require more than the minimum numbers of points as set out in s2 when the requirements of s3 are taken into account.
3. (a) The combined course of study of every candidate shall satisfy all of the requirements set out in the conjoint requirements sections of the statutes for the two component degrees.
- (b) Courses that are 300 level may not normally be used to satisfy major subject or specialisation requirements for both component degrees.
- (c) No more than 60 points may be credited to a conjoint programme from a previously completed degree. In all circumstances a conjoint degrees programme must include at least 180 points passed at Victoria University.

Conjoint BA/BTeach (540 points)

This statute is to be read in conjunction with the Personal Courses of Study Statute.

Note: The BTeach degree is not offered separately.

Entry Requirements

- (a) Admission to the conjoint BA/BTeach programme normally occurs in a candidate's first year of study at university and requires that the candidate be accepted into the BA degree and meet the Faculty of Education entry requirements, which include the 'good character' and 'fitness to teach' requirements of the New Zealand Teachers Council. A candidate who has already completed the requirements of the BA degree will not be admitted to the conjoint programme.
- (b) A candidate taking the conjoint programme shall obtain permission to re-enrol for it each year after first admission to the programme. Such permission will normally be given if the student has achieved a B– average over the courses completed in the previous year of study.

General Requirements

- Except as provided in section 6 and the Credit Transfer Statute, the personal course of study of a candidate for the conjoint BA/BTeach shall consist of courses from the schedules to first degrees of this University with a total points value of at least 540 points of which:
 - at least 325 points shall be from courses numbered 200–399, including at least 145 from courses numbered 300–399;

- (c) at least 280 points shall be from the BTeach schedule, including at least 190 from courses numbered 200–399.

Note: A candidate taking the conjoint programme is normally expected to include courses from both the BA and BTeach schedules in each year of enrolment.

- (a) enough courses to fulfil the BA major requirements as set out in section 2 of the BA statute for at least one approved teaching subject;
 - (b) at least one other approved teaching subject to at least 200 level; and
 - (c) courses from the BTeach schedule as follows:
 - (i) TCHG 101, 102, 132–135;
 - (ii) TCHG 201, 202, 203, 231–237
 - (iii) TCHG 306, 307, 370, 371
 - (iv) two of TCHG 372–380.
4. Where, in the opinion of the relevant Head of School or Programme Director, a candidate has achieved in another course of study a standard equivalent to that required in any compulsory course and cannot obtain corresponding credit under section 6 of this statute or the Credit Transfer Statute, the candidate shall be exempted from that course and shall substitute an approved course of at least the equivalent number of points.
5. Courses from the BTeach schedule are excepted from the Aegrotat Pass provisions in the *Assessment Handbook*. In the event that a candidate is prevented from completing such a course by one of the circumstances specified in section 8.4 of the *Assessment Handbook*, the candidate will be granted an extension to complete the assessment.

Cross-crediting

Conjoint Bachelor of Science and Bachelor of Teaching Programme

Conjoint BSc/BTeach (540 points)

This statute is to be read in conjunction with the Personal Courses of Study Statute.

Note: The BTeach degree is not offered separately.

Entry Requirements

1. (a) Admission to the conjoint BSc/BTeach programme normally occurs in a candidate's first year of study at university and requires that the candidate be accepted into the BSc degree and meet the Faculty of Education entry requirements, which include the 'good character' and 'fitness to teach' requirements of the New Zealand Teachers Council. A candidate who has already completed the requirements of the BSc will not be admitted to the conjoint programme.
- (b) A candidate taking the conjoint programme shall obtain permission to re-enrol for it each year after first admission to the programme. Such permission will normally be given if the student has achieved a B– average over the courses completed in the previous year of study.

General Requirements

2. Except as provided in section 6 below and the Credit Transfer Statute, the personal course of study of a candidate for the conjoint BSc/BTeach shall consist of courses from the schedules to first degrees of this University with a total points value of at least 540 points of which:
 - (a) at least 325 points shall be from courses numbered 200–399, including at least 145 from courses numbered 300–399;
 - (b) at least 240 points shall be from the BSc schedule, including at least 135 from courses numbered 200–399; and
 - (c) at least 280 points shall be from the BTeach schedule, including at least 190 from courses numbered 200–399.

A candidate taking the conjoint programme is normally expected to include courses from both the BSc and BTeach schedules in each year of enrolment.
3. The course of study of every candidate shall comply with section 1(b) of the BSc statute and contain:
 - (a) enough courses to fulfil the BSc major requirements as set out in section 2 of the BSc statute for at least one approved teaching subject;
 - (b) at least one other approved teaching subject to at least 200 level; and
 - (c) courses from the BTeach schedule as follows:
 - (i) TCHG 101, 102, 132–135
 - (ii) TCHG 201, 202, 203, 231–234
 - (iii) TCHG 306, 370, 371
 - (iv) two of TCHG 372–380.
4. Where, in the opinion of the relevant Head of School or Programme Director, a candidate has achieved in another course of study a standard equivalent to that required in any compulsory course and cannot obtain corresponding credit under section 6 of this statute or the Credit Transfer Statute, the candidate shall be exempted from that course and shall substitute an approved course of at least the equivalent number of points.

5. Courses from the BTeach schedule are excepted from the Aegrotat Pass provisions in the *Assessment Handbook*. In the event that a candidate is prevented from completing such a course by one of the circumstances specified in section 8.4 of the *Assessment Handbook*, the candidate will be granted an extension to complete the assessment.

Cross-crediting

6. At the discretion of the relevant Associate Dean candidates who have completed this conjoint programme may be credited with up to 60 points towards a subsequent Victoria University degree.

Schedule to the BTeach Statute

Refer to the Course of Study Statutes for the Faculty of Education.

Bachelor of Science with Honours

BSc(Hons) (120 points)

This statute is to be read in conjunction with the Personal Courses of Study Statute.

Entry Requirements

1. (a) Before enrolment, a candidate for the BSc(Hons) degree shall have:
 - (i) completed a degree of this University or, at the discretion of the Associate Dean (Students) of the Faculty of Science, another university;
 - (ii) satisfied the prerequisites listed in section 3 for the subject to be presented; and
 - (iii) been accepted by the relevant Head of School as capable of proceeding with the proposed course of study.
- (b) Requirement (a)(i) may be waived by the Associate Dean for a candidate who has:
 - (i) completed at least 240 points towards a degree at this University and attained a very high standard in the courses numbered 200–399 required by section 2 of the BSc statute; or
 - (ii) completed all but 40 points of a Bachelor's degree at this University; or
 - (iii) in exceptional cases, produced evidence to the satisfaction of the Associate Dean of extensive practical, professional or scholarly experience of an appropriate kind.
2. (a) If a candidate accepted under section 1(b)(i) fails in the examination for BSc(Hons), but nevertheless reaches a sufficient standard for the BSc, the candidate shall be deemed to have qualified for the BSc degree.
- (b) A candidate accepted under section 1(b)(ii) shall not be awarded a BSc(Hons) until a Bachelor's degree is completed.
3. The subjects for the BSc(Hons) and their prerequisites are as follows.
