#### **Course Aims**

This course provides an opportunity for students to complete a research project on electronic commerce. It is intended for high achieving students nearing the end of their degree who have demonstrated, through their academic record, that they are capable of largely independent work of a high standard.

A student may undertake this course if, and only if: (a) the course coordinator determines that the student has a sufficiently strong previous academic record such that a course of independent study is appropriate; (b) a suitably qualified member of staff with an interest in, and knowledge, of the student's proposed area of study is willing and able to serve as supervisor for the student.

The school cannot guarantee that an appropriately qualified member of staff will be available to act as supervisor in every instance. The School does not expect more than two or three such offerings of ELCM 391 in any given year.

## Course Objectives

Students passing this course should be able to:

1. identify, clarify and investigate a research problem in e-commerce;
2. locate, analyse, and integrate relevant literature;
3. gather and analyse additional data if appropriate; and
4. present a coherent, well-organised argument (written and oral) based on the above.

## Prerequisites

- At least 24 points of prior 300 level ELCM courses, and an academic record with a minimum B+ average;
- An established relationship with an ELCM academic who has expressed a willingness to supervise the student in an agreed topic of mutual interest in the field of Electronic Commerce; and
- The consent of the Head of School, who may delegate this authority to the Director of Undergraduate Programmes.

### **General University Policies and Statutes**

Students should familiarise themselves with the University's policies and statutes, particularly those regarding assessment and course of study requirements, and formal academic grievance procedures.

### **Student Conduct and Staff Conduct**

The Statute on Student Conduct together with the Policy on Staff Conduct ensure that members of the University community are able to work, learn, study and participate in the academic and social aspects of the University's life in an atmosphere of safety and respect. The Statute on Student Conduct contains information on what conduct is prohibited and what steps can be taken if there is a complaint. For queries about complaint procedures under the Statute on Student Conduct, contact the Facilitator and Disputes Advisor. This Statute is available in the Faculty Student Administration Office or on the website at:

[www.vuw.ac.nz/policy/StudentConduct](http://www.vuw.ac.nz/policy/StudentConduct).

The policy on Staff Conduct can be found on the VUW website at:

[www.vuw.ac.nz/policy/StaffConduct](http://www.vuw.ac.nz/policy/StaffConduct).

### **Academic Grievances**

If you have any academic problems with your course you should talk to the tutor or lecturer concerned or, if you are not satisfied with the result of that meeting, see the Head of School or the Associate Dean (Students) of your Faculty. Class representatives are available to assist you with this process. If, after trying the above channels, you are still unsatisfied, formal grievance procedures can be invoked. These are set out in the Academic Grievances Policy which is published on the VUW website:

[www.vuw.ac.nz/policy/AcademicGrievances](http://www.vuw.ac.nz/policy/AcademicGrievances).

### **Plagiarism**

Victoria University defines plagiarism as the copying of ideas, organisation, wording or anything else from another source without appropriate reference or acknowledgement so that it appears to be one's own work. This includes published and unpublished work, the Internet and the work of other students and staff. Plagiarism is an example of misconduct in the Statute of Student Conduct. Students who have plagiarised are subject to a range of penalties under the Statute. See the website: [www.vuw.ac.nz/policy/StudentConduct](http://www.vuw.ac.nz/policy/StudentConduct).

### **Students with Disabilities**

The University has a policy of reasonable accommodation of the needs of students with disabilities. The policy aims to give students with disabilities an equal opportunity with all other students to demonstrate their abilities. If you have a disability, impairment or chronic medical condition (temporary, permanent or recurring) that may impact on your ability to participate, learn and/or achieve in lectures and tutorials or in meeting the course requirements, then please contact the Course Coordinator as early in the course as possible.

Alternatively you may wish to approach a Student Adviser from Disability Support Services to confidentially discuss your individual needs and the options and support that are available. Disability Support Services are located on Level 1, Robert Stout Building, or phoning 463-6070, email: [disability@vuw.ac.nz](mailto:disability@vuw.ac.nz). The name of your School's Disability Liaison Person can be obtained from the Administrative Assistant or the School Prospectus.

### **Student Support**
