**COURSE OUTLINE**

---

ANZSOG candidates taking an MPM/MPP/MSS course as an elective should note that they take it for 24 points and not 15 points. Accordingly, the learning outcomes to be achieved by ANZSOG candidates are wider and deeper than those expected for non-ANZSOG candidates. The content of those learning outcomes and the means whereby they will be assessed will be negotiated and confirmed with the course co-ordinator at the start of the course.
