Course Objectives

The undergraduate courses offered by the School of Accounting and Commercial Law adopt a conceptual approach that introduces, discusses and debates diverse academic perspectives. The emphasis in these courses will be on conceptual rather than technical matters. This course includes academic literature, where relevant, and at an appropriate level. Limited time is spent on discussing the ‘bookkeeping’ aspects of any topic. Only a limited selection of topics/standards will be covered, the three chosen topics in this course being fixed assets, revenue recognition and provisions; but these will be covered in some depth, in order that by the end of this course, students will be able to understand and critique

- the current New Zealand approach to financial accounting;
- other possible alternatives and their underlying concepts and assumptions; and
- the likely motivations for, and outcomes from, each approach.

Course Content

A detailed lecture outline, including assigned readings, is provided in each Module in this Course Outline. In order to benefit from lectures, you should read the assigned readings before the appropriate lecture.

Prescribed Course Texts

- *Applicable Financial Reporting Standards; New Zealand equivalents to International Financial Reporting Standards* New Zealand Institute of Chartered Accountants.

Recommended Course Texts

- *Applying International Accounting Standards, with a New Zealand supplement*, Alfredson, K. Leo, R. Picker, P. Pacter, & J Radford, 2005, Wiley.
- *New Zealand Financial Accounting*, C. Deegan and G. Samkin, 2006, McGrawHill

Duty Tutors

Duty Tutors will be available for additional assistance. You are advised to seek their help before approaching a lecturer. Location and times will be posted on Blackboard, and the Accountancy notice boards.

Assignments

To facilitate efficient processing, please use the labels provided at the end of this course outline. The labels have been pre-numbered for assignments 1 through 4. On each label, please print legibly **your name, student ID and tutorial group number**. For each assignment, cut out and staple the correct label to your completed assignment. Fold your assignment lengthways so that the label is visible on the outside of your paper. Place your **stapled and labelled** assignment in the relevant box by 2.30 pm on the due dates shown below. **Late assignments will not be accepted.**

Assignments are due by 2.30 pm on the following dates (Thursdays):

Associated with lectures from:

Assignment 1:	Ciaran OhOgartaigh	30 th November 2006
Assignment 2:	Ciaran OhOgartaigh	14 th December 2006
Assignment 3:	Wares Karim	25 th January 2007
Assignment 4:	Wares Karim	8 th February 2007

All assignments will be marked and distributed back to you in your home tutorial. If you cannot attend your home tutorial, you can collect your assignment from your home tutorial the next time you attend.

Keep your own copy of your assignment before you hand it in.

This is very important. It can be Xeroxed if handwritten, or keep a file copy on your computer. Because the first three assignments are compulsory, we need to be able to view your 'back-up copy' if your assignment goes missing (something we try hard to avoid, but happens nevertheless in spite of all our best efforts)

Materials Permitted in Terms Test & Final Exam

Accounting Standards: You may take any bound copy of Accounting Standards into the Final Examination. These will be checked. Please do not have any tabs or writing in them at all. Highlighting is the only permitted addition.

You are not permitted to take a copy of the Accounting Standards into the Terms Test.

Dictionaries: If you need to have a dictionary, please sit at the front of the class during the Terms test so that these can be checked during the test.

Mobile phones or any other electronic apparatus (except for silent, non-programmable electronic calculators): These are forbidden in the Terms test and the Final exam. Any student who carries one into the room will get a zero mark for that assessment item.

Electronic Calculators: Silent, non-programmable electronic calculators may be used in both the Terms Test and Final Exam. Calculators that have alphanumeric keyboards will not be permitted. If you are in doubt as to whether your calculator meets these requirements please check with the administrative course supervisor before the test or exam.

Assessment Requirements

	<i>Date</i>	<i>Weighting</i>

General University Policies and Statutes

Students should familiarise themselves with the University's policies and statutes, particularly the Assessment Statute, the Personal Courses of Study Statute, the Statute on Student Conduct and any statutes relating to the particular qualifications being studied; see the Victoria University Calendar available in hard copy or under 'About Victoria' on the VUW home page at www.vuw.ac.nz.

Student and Staff Conduct

The Statute on Student Conduct together with the Policy on Staff Conduct ensure that members of the University community are able to work, learn, study and participate in the academic and social aspects of the University's life in an atmosphere of safety and respect. The Statute on Student Conduct contains information on what conduct is prohibited and what steps are to be taken if there is a complaint. For information about complaint procedures under the Statute on Student Conduct, contact the Facilitator and Disputes Advisor or refer to

the statute on the VUW policy website at www.vuw.ac.nz/policy/studentconduct. The Policy on Staff Conduct can be found on the VUW website at www.vuw.ac.nz/policy/staffconduct.

Academic Grievances

If you have any academic problems with your course you should talk to the tutor or lecturer concerned; class representatives may be able to help you in this. If you are not satisfied with the result of that meeting, see the Head of School or the relevant Associate Dean; VUWSA Education Coordinators are available to assist in this process. If, after trying the above channels, you are still unsatisfied, formal grievance procedures can be invoked. These are set out in the Academic Grievances Policy which is published on the VUW website at www.vuw.ac.nz/policy/academicgrievances.

Academic Integrity and Plagiarism

Academic integrity is about honesty – put simply it means **no cheating**. All members of the University community are responsible for upholding academic integrity, which means staff and students are expected to behave honestly, fairly and with respect for others at all times.

Plagiarism is a form of cheating which undermines academic integrity. The University defines plagiarism as follows:

The presentation of the work of another person or other persons as if it were one's own, whether intended or not. This includes published or unpublished work, material on the Internet and the work of other student or staff.

It is still plagiarism even if you re-structure the material or present it in your own style or words.

Note: It is however, perfectly acceptable to include the work of others as long as that is acknowledged by appropriate referencing.

Plagiarism is prohibited at Victoria and is not worth the risk. Any enrolled student found guilty of plagiarism will be subject to disciplinary procedures under the Statute on Student Conduct and may be penalised severely. Consequences of being found guilty of plagiarism can include:

- an oral or written warning
- cancellation of your mark for an assessment or a fail grade for the course
- suspension from the course or the University.

Find out more about plagiarism, and how to avoid it, on the University's website at www.vuw.ac.nz/home/studying/plagiarism.html.

Notice of Turnitin Use

(All courses which make use of Turnitin must inform students prior to collection of work for assessment. The following paragraph (modified as necessary for particular circumstances) should appear in course outlines.)

Student work provided for assessment in this course maybe checked for academic integrity by the electronic search engine <<http://www.turnitin.com>>. Turnitin is an on-line plagiarism prevention tool which identifies material that may have been copied from other sources including the Internet, books, journals, periodicals or the work of other students. Turnitin is used to assist academic staff in detecting misreferencing, misquotation, and the inclusion of unattributed material, which maybe forms of cheating or plagiarism. At the discretion of the Head of School, handwritten work maybe copy typed by the School and subject to checking by Turnitin. You are strongly advised to check with your tutor or the course coordinator if you are uncertain about how to use and cite material from other sources. Turnitin will retain a copy of submitted materials on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.

Students with Impairments

The University has a policy of reasonable accommodation of the needs of students with disabilities. The policy aims to give students with disabilities the same opportunity as other students to demonstrate their abilities. If you have a disability, impairment or chronic medical condition (temporary, permanent or recurring) that may impact on your ability to participate, learn and/or achieve in lectures and tutorials or in meeting the course requirements, please contact the Course Coordinator as early in the course as possible. Alternatively you may wish to approach a Student Adviser from Disability Support Services (DSS) to discuss your individual needs and the available options and support on a confidential basis. DSS are located on Level 1, Robert Stout Building, telephone (04) 463 6070, email disability@vuw.ac.nz. The name of your School's Disability Liaison Person is in the relevant prospectus or can be obtained from the School Office or DSS.
