Class Times and Room Numbers

Lectures: Monday: 2.40 – 3.30 (RH LT 1)
Friday: 12.40 – 2.30 (RH LT 1)

This course has a closed book 3-hour final examination. The examination period will be from 6- 25 June 2008.

Introduction

Organisational behaviour (OB) is about people in organisations: who they are, how they think, interact and behave, and why. This course aims to feed your intellectual curiosity, your understanding of organisations and ultimately your management capability. The aim is not to teach you ‘how to manage’ because managing (and being managed) is a practical activity and not something you learn from a textbook. The ‘how to manage’ idea is also problematic because it implies there is ‘one best way’ of managing, independent of the particular nature of the situation, history, context etc. This approach is rejected in favour of an understanding of organisations which highlights the complexity and difficulty of managing people in unique contexts. The course will introduce you to concepts, ideas, theories and frameworks which will hopefully lead you to reflect on your own experience of organisations and to generate a deeper understanding of those experiences. Through challenging you intellectually, the hope is that you will develop a better understanding of organisations, which will then enhance your abilities as a manager.

Programme and Course-related Learning Objectives

This course will provide students opportunity:

- to develop oral, written and IT-related communication skills
 - through active participation in tutorial and class discussion
 - through the development and presentation of written reports
 - through formal and informal classroom debate
- to develop critical and creative thinking skills
 - through exercises and assignments requiring analysis, evaluation, interpretation and synthesis
 - through debate and classroom discussion
- to develop leadership skills
 - through structuring independent study
 - through leading a tutorial exercise
 - through fulfilling spokesperson duties, reporting on a group's activities or ideas to a class

Overall Course Objectives

The objectives of this course are to present the field of organisation behaviour in a way that

- values your own experience of organisations as a means to understand organisation and management
- encourages you to consider and reconsider what you already know about management and organisation
- appreciates that the study of organisation behaviour has an intellectual base that draws from a variety of academic disciplines (e.g. sociology, politics, psychology and economics) and is more than just 'commonsense'
- recognises that 'commonsense' understandings of organisations are conservative and allow little room for debate, discussion and new ways of thinking
- challenges the way organisations are conventionally understood in mainstream approaches
- illustrates that the key concepts in the study of organisation are as useful for making sense of our everyday lives as they are for studying behaviour in organisations

Course-related Student Learning Objectives

On successful completion of the course, students should be able:

- to demonstrate an understanding of mainstream and critical approaches to organisational behaviour
- to use such frameworks to deepen your understanding of people issues in organisations
- to critically evaluate theories, concepts and frameworks and apply them to a range of organisational phenomena

Expected Workload

Students can expect the workload to be approximately 15hrs per week including both scheduled contact time (lectures, tutorials) and outside class.

Tutorial Signup Instructions:

Requirements to use this programme:

- You must be enrolled in the course for the tutorial you want to sign up for; and
- You will need your SCS username and password.

You will only be allowed to enrol in ONE tutorial session. You must always attend the tutorial sessions that you have signed up for. If you attend a different session, your attendance will not be recorded.

Instructions:

Go to the signup website at: <https://signups.vuw.ac.nz> and enter your SCS username and password to log into the system.

The “Signup Home” page opens. It displays all courses you are enrolled for and that use the new signup system. Click on MGMT202.

MGMT202 course page opens. It will show the course contact, brief detail of the signup requirements including last date to enrol, and the schedule of tutorials. A “key” is provided at the bottom of the page that explains all buttons and what they do.

The schedule of tutorials includes the day/time, location, maximum group size, and spaces left in the tutorial session.

If there are spaces left in a particular session, you will see the “ENROL” button next to it. You can click this button to enrol yourself into that tutorial session.

If there are NO more spaces left in a particular session, find another. You can waitlist in your desired tut if the waitlist spaces have not been filled. If this is the case you will see the “JOIN WAITLIST” button. You can click this button to join the waitlist for your desired tutorial session. You will be removed from any other waitlist you may have joined earlier. If somebody withdraws from this session, you will automatically be moved up the waitlist or enrolled into the session. An email will be sent to you if you’re enrolled into the session from a waitlist.

You can only “JOIN WAITLIST” if you have already enrolled in one of the other available sessions. In other words, “ENROL” in one session and then you can choose to join the waitlist for one (1) other preferred session. The WAITLIST is only active while the tutorial sign up process for your course is active. In other words, once the signup process has been closed for your course the WAITLIST is AUTOMATICALLY CANCELLED. It does not roll over into the start of the tutorials.

You can choose to “WITHDRAW” from a session you are already enrolled in as long as you are NOT ON a waitlist. You can also choose to “CANCEL WAITLIST” to remove yourself from a particular waitlist.

A “FULL” button indicates all seats and waitlists are full for that tutorial session. You must choose another.

More details on the various buttons in available in the “Key” section at the bottom of the signup page.

You can only “ENROL” in ONE tutorial session and “JOIN ONE (1) WAITLIST” for other tutorial sessions.

You will be able to login and signup (or change your signup) anytime between 12 midnight 19 February 2008 and the last date: midnight 6 March 2008. You will NOT be able to signup or change your choice after the last date - midnight 6 March 2008. Any changes will be made by the tutorial coordinator on a case by case review of your ‘exceptional circumstance’.

You can view/confirm details of the sessions that you are enrolled and waitlisted for by clicking on “My Signups” on the left hand menu.

Click on “Support” on the left hand menu if you are having problems.

This online signup system is available round the clock over the internet. Please make use of it to sign up for a MGMT202 tutorial before midnight, the 6th of March 2008. Any requests after this date any will need to be manually handled by the Tutorial Coordinator and you will need to submit a written application stating the reason why you were not able to sign up on time using the online system, along with other relevant documentation such as a medical certificate etc. Please note that the tutorial coordinator will only put you into a particular tutorial session in ‘exceptional circumstances’ and there is **NO GUARANTEE** that you will get your requested tutorial time.

Tutorials start on the third week of the course. As there is a maximum of 13 students per tutorial class you are encouraged to sign up early. Placement into a tutorial will be strictly on a first-come-first-served basis. Confirmation of your tutorial group will be posted on Blackboard by 5 pm Friday March 7 2008. If you have any serious problems about the allocations see the Tutorial Coordinator ASAP.

2. Individual Assignment

Due: Monday 19 May, 3pm Marks: 25%
Word Limit: 1500 words

More details will be provided in lectures and posted on Blackboard.

3. Tutorial Participation

Marks: 10%

Participation in tutorials is crucial to the learning process on this course. This is a participation mark, not an attendance mark. You will be assessed by your tutor on the extent and quality of your participation. There are seven tutorials during the course and the first tutorial is in week 3. Please refer to the Course

Schedule on page 3 of this course outline to see when tutorials are scheduled. Details about the topics of the tutorials and the preparation you are required to undertake for them will be given in lectures and posted on Blackboard.

5. Examination

Date: 6-25 June 2008 Marks: 50%

The examination is worth 50% of the total marks available for this course. It is closed book 3-hour examination. More information will be given in lectures and posted on Blackboard.

Handing in assignments:

Assignments should be dropped in the relevant MGMT 202 Box on the Mezzanine floor of Rutherford House (Pipitea Campus) in hard copy form by the due time on the due date. All completed assignments must have a cover sheet. The cover sheet is in Annex A. Students must also keep an electronic copy of their work archived in case the original assignment goes missing. Failure to do so will jeopardise any claim by you that your work was submitted in the rare cases where your work goes astray.

Mandatory Course Requirements

To meet Mandatory Course Requirements, students are required to:

- a. Sit the one In-class test;
- b. Submit the individual assignment; and
- c. Obtain at least 40 per cent of the marks available (i.e. 20 marks out of 50) for the final examination.

Students who fail to satisfy the mandatory requirements for this course but who obtain 50% or more overall, will be awarded a "K" grade.

Standard fail grades (D or E) will be awarded when the student's overall course mark falls below the minimum pass mark, regardless of whether the mandatory course requirements have been satisfied or not.

Notice of Failure to meet Mandatory Course Requirements will be posted on Blackboard or on the Mezzanine Floor Notice-board.

Penalties- for Lateness & Excessive Length of Assignments

- (i) In fairness to other students, work submitted after any deadline will incur a penalty for lateness. **The penalty is 2 of the marks available (marks available means what the assignment is worth i.e. 20% or 20 marks) for an assignment submitted after the due time on the due date for each part day or day late.** (for example if an assignment is out of 20 and the assignment receives 50% then one day late means the mark will be out of 18 and the student will receive 50% of 18). **Saturdays, Sundays and public holidays** will be included when counting the number of days late. Assignments received **more than 7 days after the due date** will not be accepted and the student will **automatically fail the Mandatory Course Requirements**.
- (ii) Course Outlines provide a signal to student of forthcoming workload, dates of submission etc, and thus student study plans should take account of course requirements across all courses. Consequently, workload issues related to other courses and employment will not be accepted as reason for dispensation from mandatory requirements or waiver of penalties. **Extensions** to submission deadlines for any assigned work will only be granted in **exceptional circumstances**.
- (iii) Students who are unable to comply with any of the mandatory requirements should make a written application for an extension to the due date for submission of assigned work or for waiver of a penalty, **in advance**, to the **Tutorial Coordinator**, providing documentary evidence of the reasons of their circumstances.

All such applications must be made **before** the deadline and be accompanied by documentary evidence, eg a medical certificate, or counsellor's report that indicates the degree of impairment, and for how long the student has been impaired. Please be sure to ask at the time of consultation for the degree of impairment to be stated in any certificate you provide to support your case.

- (iv) In the event of unusual or unforeseeable circumstances (e.g. serious illness, family bereavement or other exceptional events), that precludes an application in advance, students should make contact with the **Tutorial Coordinator** as soon as possible, and make application for waiver of a penalty as soon as practicable.
- (v) The ability to write in an economical style is a skill that is valued in both academic and business settings and therefore word limits should be strictly adhered to. +/- 10% is acceptable. Beyond that, **a penalty may be applied.**

Grading Guidelines

The following broad indicative characterisations of grade will apply in grading assignments and the exam:

A+	excellent performance in all respects at this level
A	excellent performance in almost all respects at this level
A-	excellent performance in many respects at this level
B+	very good, some aspects excellent
B, B-	good but not excellent performance at this level
C+, C	work satisfactory overall but inadequate in some respects
D	poor performance overall, some aspects adequate
E	well below the required standard
K	failure to achieve mandatory course requirements and have achieved at least an average "C" over all the assessment. Note this is a failing grade.

Policy on Remarking:

Every attempt is made to ensure that the marking is consistent across tutors and fair to students. Students may ask for their written work to be remarked. A different tutor will do the remarking and provide comments. The original marking sheet is removed to ensure the process is independent. If the mark differs by 10% or less the two marks are averaged. If it exceeds 10% then it is independently marked by a third marker and the average of the two closest marks is taken. Experience from previous years is that almost all remarks are within 10% and where there is a change in mark, half the assignments go up and half go down. Occasionally there is a significant shift in the mark.

Application for remarks must be made within 5 days after the marks are available. To apply for a remark, complete the request for re-examination of assessed work form (Annex B) stating which sections (criteria listed in the mark sheet) you wish re-examined. Write on why you think the mark does not, in your view, fairly reflect the quality of your work. Hand this with your assignment into the following place:-

- Pipitea Campus – the Reception Desk on Level 10 Rutherford House where your assignment will have the **time, date and signature** noted on the front cover by the person receiving it.

Allow up to 5 days for remarks to be completed.

Academic Integrity and Plagiarism

Academic integrity is about honesty – put simply it means *no cheating*. All members of the University community are responsible for upholding academic integrity, which means staff and students are expected to behave honestly, fairly and with respect for others at all times.

Plagiarism is a form of cheating which undermines academic integrity. The University defines plagiarism as follows:

The presentation of the work of another person or other persons as if it were one's own, whether intended or not. This includes published or unpublished work, material on the Internet and the work of other students or staff.

It is still plagiarism even if you re-structure the material or present it in your own style or words.

Note: It is however, perfectly acceptable to include the work of others as long as that is acknowledged by appropriate referencing.

Plagiarism is prohibited at Victoria and is not worth the risk. Any enrolled student found guilty of plagiarism will be subject to disciplinary procedures under the Statute on Student Conduct and may be penalized severely. Consequences of being found guilty of plagiarism can include:

- an oral or written warning
- cancellation of your mark for an assessment or a fail grade for the course
- suspension from the course or the University.

Find out more about plagiarism, and how to avoid it, on the University's website:
