### **Course Learning Objectives**

By the end of this course, students should be able to:

LO1: use more complex data modelling techniques to design and develop databases for business applications.

**LO2:** apply query language tools for efficient database development.

**LO3:** design and develop programs, including effective user interfaces, for practical database applications.

LO4: explain database administration and security issues.

**LO5:** assess the importance of emerging topics.

### **Course Content**

This course is designed to provide students with a complete introduction to the database concept, relational database model and application programming language. Topics include DBMS, database query language, normalisation, database design methodology, programming and database application development, database administration, and other emerging topics.

1	2/3	Database Management System				Assignments
		& Data Abstraction			Ch 1 & Ch 2	
2	9/3	Relational Database Model	Workshop 1	Tutorial 1	Ch 3	
3	16/3	ER Model	Workshop 2	Tutorial 2	Ch 4	
4	23/3	Normalisation	Workshop 3	Tutorial 3	Ch 5	
5	30/3	Structure Query Language (DDL/DML)			Ch 7	Assignment 1 Due

6	20/4	Select Queries	Workshop 4	Tutorial 4	Ch 7	
7	27/4	Database Application development & Programming – Overview data objects	Workshop 5	Tutorial 5	Supplement	
8	4/5	Database Application development & Programming - controls	Workshop 6	Tutorial 6	Supplement	
9	11/5	Database Application development & Programming – ADO introduction			Supplement	
10	18/5	Review	Workshop Test			Workshop Test
10	10/3		SIRSHOP TOST			orkonop rest
11	25/5	Advanced SQL & functions			Ch 8	Class Test
12	1/6	Database Admin & Security	Marking Assignment 2		Ch 15	Assignment 2 Due

### **Expected Workload**

In terms of weekly course workload, expect to spend one hour in lectures, two hours in the workshops, one hour in tutorials and about four to five hours working on your own in preparation for lectures, workshops, assignments and tests.

#### **Required Books**

Students must obtain the required text book from the bookshop.

Rob, P., & Coronel, C. (2009). Database Systems: Design, Implementation, and Management, 9th Edition. Publisher: Course Technology. ISBN 1-4188-3593-5.

### **Assessment Requirements**

Tasks	Learning	Due dates	Percentage
	Objectives		
Class Test	LO1,2,3,4,5	25/5	40
Workshop Test	LO2,3	Week 10	10
Assignment 1	LO1	30/3	10
Assignment 2	LO1,2,3	1/6	30
Tutorials	LO1,2,3,4,5	Monday	5
		11am	
Workshops	LO2,3	Monday	5
		11am	
TOTAL			100

#### **Examination**

There is no final exam for this paper.

#### **Penalties**

In fairness to other students, late work will incur a 10% penalty (of the value of the project/assignment) for each calendar day late. Work will not be accepted more than 3 days late without a granted extension. **Extensions to project/assignment deadlines are not ordinarily granted**. Discuss with the **Course Coordinator** any extraordinary personal circumstances which affect your ability to meet the deadline. You will be asked to verify your claim, e.g., produce medical certificates.

#### **Mandatory Course Requirements**

To pass INFO 241, students must have:

- 1. Attained a weighted average of 50% for the class test and workshop test, AND
- 2. Attained a weighted average of 50% over all other assessments.
- 3. Completed all the workshops and tutorials.
- 4. Attended at least 80% lectures and
- 5. Attended all workshops and tutorials.

**Attendance:** The material covered in the lectures and workshops is designed to help students complete their assignments and exams. Students are expected to attend all lectures, tutorials and workshops. Students are also expected to complete the readings and work through recommended examples in the readings and class handouts.

#### **Class Representative**

A class representative will be elected in the first class, and the name and contact details will be available to VUWSA, the Course Coordinator and the class. The class representative provides a communication channel to liaise with the Course Coordinator on behalf of students.

#### **Workshops & Tutorials**

Students are expected to sign up for ONE session of the workshop and tutorial through the tutorial sign-up system. Students should also prepare for the workshop/Tutorial prior to their allocated time.

#### **Communication of Additional Information**

All notices relating to this course will be posted on Blackboard. www.blackboard.vuw.ac.nz

#### **Faculty of Commerce and Administration Offices**

### Railway West Wing (RWW) - FCA Student and Academic Services Office

The Faculty's Student and Academic Services Office is located on the ground and first floors of the Railway West Wing. The ground floor counter is the first point of contact for general enquiries and FCA forms. Student Administration Advisers are available to discuss course status and give further advice about FCA qualifications. To check for opening hours call the Student and Academic Services Office on (04) 463 5376.

### Easterfield (EA) - FCA/Education/Law Kelburn Office

The Kelburn Campus Office for the Faculties of Commerce and Administration, Education and Law is situated in the Easterfield Building on the ground floor (EA005). This counter is the first point of contact for :

- Duty tutors for student contact and advice.
- Information concerning administrative and academic matters.
- Forms for FCA Student and Academic Services (e.g. application for academic transcripts, requests for degree audit, COP requests).
- Examinations-related information during the examination period.

To check for opening hours call the Student and Academic Services Office on (04) 463 5376.

#### **Notice of Turnitin Use**

Student work provided for assessment in this course may be checked for academic integrity by the electronic search engine <a href="http://www.turnitin.com">http://www.turnitin.com</a>. Turnitin is an on-line plagiarism prevention tool which identifies material that may have been copied from other sources including the Internet, books, journals, periodicals or the work of other students. Turnitin is used to assist academic staff in detecting misreferencing, misquotation, and the inclusion of unattributed material, which may be forms of cheating or plagiarism. You are strongly advised to check with your tutor or the course coordinator if you are uncertain about how to use and cite material from other sources. Turnitin will retain a copy of submitted materials on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.

### **General University Policies and Statutes**

Students should familiarise themselves with the University's policies and statutes, particularly the Assessment Statute, the Personal Courses of Study Statute, the Statute on Student Conduct and any statutes relating to the particular qualifications being studied; see the Victoria University Calendar or go to <a href="https://www.victoria.ac.nz/home/about/policy/students.aspx">www.victoria.ac.nz/home/about/policy/students.aspx</a>

For information on the following topics, go to the Faculty's website <a href="www.victoria.ac.nz/fca">www.victoria.ac.nz/fca</a> under Important Information for Students:

- Academic Grievances
- Student and Staff Conduct
- Meeting the Needs of Students with Impairments
- Student Support

### **Academic Integrity and Plagiarism**

Academic integrity is about honesty – put simply it means *no cheating*. All members of the University community are responsible for upholding academic integrity, which means staff and students are expected to behave honestly, fairly and with respect for others at all times. Plagiarism is a form of cheating which undermines academic integrity. The University defines plagiarism as follows:

The presentation of the work of another person or other persons as if it were one's own, whether intended or not. This includes published or unpublished work, material on the Internet and the work of other students or staff.

It is still plagiarism even if you re-structure the material or present it in your own style or words.

Note: It is however, perfectly acceptable to include the work of others as long as that is acknowledged by appropriate referencing.

Plagiarism is prohibited at Victoria and is not worth the risk. Any enrolled student found guilty of plagiarism will be subject to disciplinary procedures under the Statute on Student Conduct and may be penalized severely. Consequences of being found guilty of plagiarism can include:

- an oral or written warning
- cancellation of your mark for an assessment or a fail grade for the course
- suspension from the course or the University.

Find out more about plagiarism, and how to avoid it, on the University's website: www.victoria.ac.nz/home/studying/plagiarism.html

### Manaaki Pihipihinga Programme

Manaaki Pihipihinga is an academic mentoring programme for undergraduate Māori and Pacific students in the Faculties of Commerce and Administration, and Humanities and Social Sciences. Sessions are held at the Kelburn and Pipitea Campuses in the Mentoring Rooms, 14 Kelburn Parade (back courtyard), Room 109D, and Room 210, Level 2, Railway West Wing. There is also a Pacific Support Coordinator who assists Pacific students by linking them to the services and support they need while studying at Victoria. Another feature of the programme is a support network for Postgraduate students with links to Postgraduate workshops and activities around Campus.

For further information, or to register with the programme, email <u>manaaki-pihipihinga-programme@vuw.ac.nz</u> or phone (04) 463 6015. To contact the Pacific Support Coordinator, email <u>pacific-support-coord@vuw.ac.nz</u> or phone (04) 463 5842.
