Specific Course-related Student Objectives

- By the end of this course students should be able to:
- Analyse the political and environmental planning processes which impact upon the effective management of the resource base;
- Discuss how Maori currently participate in the planning processes in New Zealand;
- Critique the issues surrounding Maori economic development using current and future resources; and the future direction of Maori and their resource base.

These objectives will be assessed through the writing of assignments, participation at the one day workshop and participation in lectures.

Course Content

MBUS 302 is an advancement on MBUS 201. Students will be exposed to some of the real issues Maori organisations face in trying to achieve and/or derive the best economic return from their land, assets and resources.

In excess of 80% of the total Maori asset base sits within the primary or commodity based sectors. Reliance such as this upon these sectors can 'expose' Maori vulnerability to such market and political force.

In tandem with this is the fact that Treaty settlements over the next 20 years will see a shift in economic power within New Zealand. This will have a marked effect upon the way New Zealand business will be transacted as Maori interface domestically and with the global markets.

Resource Management, encompassing effective asset/land management and integrated value-adding, affecting the best possible economic return from an asset or resource base is the core theme that flows from this paper.

Specific case studies involving iwi and Maori and how they are currently managing their resources will be studied also.

Expected Workload

Students can expect the workload to be approximately 15hrs per week including both scheduled contact time (lectures, tutorials, workshops) and outside class.

Readings

There is no textbook for this course. Readings and case materials will be distributed during the course. Students are expected to read the assigned readings before the lectures.

Additional reading will occasionally be given out. These should be inserted into your folders. Students are also encouraged to access the following website: Te Puni Kokiri www.tpk.govt.nz

This website provides access to current government initiatives, speeches and legislation relevant to Māori and contains a substantive link to relevant sites within New Zealand and around the world.

Materials and Equipment

There is no extra material or equipment required for this course

Assessment Requirements

MBUS 302 is 100% internally assessed. Assessment aims to test a variety of skills and enable students to exhibit their diverse strengths.

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and audit purposes. The findings may be used to inform changes aimed at improving the quality of FCA programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.

Course Requirements

To meet the requirements for MBUS 302, students are required to:

- Sit and submit the review test;
- Complete ALL assignments by the due dates and attain at least a C average;
- Attend and participate in the one-day workshop.

Assessment	%	Length	Due Date

Requirements for Written Work

Marking

Staff aim to mark assignments promptly and return them to you in plenty of time for you to utilize the feedback in preparing your next assignment. Markers look for professionally presented work displaying a

thorough understanding of the topic, a strong argument supported by sound evidence (appropriated referenced) and an ability to evaluate material.

The following broad indicative characterisations of grade will apply in grading:

A+	excellent performance in all respects
А	excellent performance in almost all respects
A-	excellent performance in many respects
B+	very good, some aspects excellent
B, B-	good but not excellent performance
C+, C	work satisfactory overall but inadequate in some respects
D	poor performance overall, some aspects adequate
E	well below the required standard
K:	Failure to achieve mandatory course requirements and have not achieved at
	least an average "C" over all the assessment. Note this is a failing grade.

A mark of 50 is a pass and indicates an adequate performance. Most students will meet an 'acceptable' standard of work throughout the year and a number will maintain an excellent standard. There are no "quotas" on any of these categories, so make use of the information available to you, and aim for the top.

Assignment marks will be sent to you via email and posted on the notice board located on the Mezzanine Floor, Rutherford House.

Presentation

All assignments should be typed and double-spaced with an adequate margin on the left-hand side of the page for markers' comments. Write on only one side of the page.

Handing in of Assignments

Assignments should be submitted, in hard copy form in the assignment **Box 12** located on Mezzanine floor, level 10, Rutherford house. Assignments received after that time will be deemed to be late, and must be handed to Reception, Level 10, Rutherford House.

All Hand-Ins should have: an Assignment Cover Sheet stating your name, the course name, lecturers name, assignment name and number, a word count and due date. You should also put page numbers on each page, and use in-text referencing and include a list of references at the end. Preferred referencing style is APA system. You can access the information from the online VUW library site: http://www.victoria.ac.nz/library/research/reference/referencingguides.aspx

Students will prepare two copies of each hand-in and keep the second copy for their own reference. Students must also keep an electronic copy.
