Course Delivery

Lectures and tutorials are an important delivery mechanism for material in this course but it is expected that students will complement these with careful thorough reading of the required readings. Any exercises and questions for reflection and discussion presented during lectures and tutorials are designed to assist the learning process and students are expected to fully engage with these. Be aware that the test and exam questions will be consistent with the content covered in lectures and tutorials. PowerPoint slides utilised during lectures will be posted on Blackboard however they are likely to be brief and are not a substitute for attendance at lectures.

Expected Workload

For 300-level 15 points trimester courses an average student should expect to spend 10 hours per week. This includes attendance at lectures and tutorials as well as preparation, reading and writing.

Materials and Equipment

Required: COML 310 *Course Materials* (2011) purchased through Student Notes.

The Law Library, located in the Old Government Building, contains additional resources that may be used for completing the Assignment. Library staff will assist with reasonable research requests, however students should be prepared to find most of the materials they need without assistance. Note that the Law Library is a reference library only and no journals may be removed from the premises. However, photocopying cards may be purchased. The Commerce Library also has items available for loan.

Materials permitted in test and examination

The test and exam are both open book and you may bring whatever materials you like into the exam room apart from computers or cell phones.
