

## School of Information Management

# INFO 322: INFORMATION SYSTEMS IMPLEMENTATION

Trimester One 2012

#### **COURSE OUTLINE**

#### **Names and Contact Details**

Course Coordinator:	Name:	Professor Pak Yoong
	Room:	RH 510, Rutherford House, Pipitea Campus
	Tel:	463 5878
	Email:	pak.yoong@vuw.ac.nz
	Fax	463 5446
Office hours:	By appo	intment

Tutors:	Name:	Stephanie Isaac	
	Email:	stephanie.isaac19@gmail.com	
	Name:	Rhys McIlwaine	
	Email:	mcilwarhys@myvuw.ac.nz	
Office hours:	By appo	By appointment	

#### **Trimester Dates**

Teaching Period: Tuesday 5 March – Friday 8 June Study Period: Tuesday 11 June – Thursday 14 June

Examination Period: Friday 15 June – Wednesday 4 July (inclusive)

#### Withdrawal from Course

- 1. Your fees will be refunded if you withdraw from this course on or before Friday 16 March 2012.
- 2. The standard last date for withdrawal from this course is Friday 18 May. After this date, students forced to withdraw by circumstances beyond their control must apply for permission on an 'Application for Associate Dean's Permission to Withdraw Late' including supporting documentation. The application form is available from either of the Faculty's Student Customer Service Desks.

# **Class Times and Room Numbers**

Lectures:	Tuesday, 1:40 pm – 3.30 pm; Venue: RH LT3
Tutorials:	Fortnightly (weeks 2 - 12): Times and venues will be announced in class and on Blackboard.

### **Course Content**

Wk	Dates	Topics covered	Article # in Student Notes	Comments
1	Tue 6 Mar	Course details and arrangements Introduction to IS implementation Tutorial and workshop arrangements Discuss Assignment 1		Allocation to tutorials commences during this week
2	Tue 13 Mar	Critical success factors and IS implementation Academic writing skills	Article 1	Tutorials commence
3	Tue 20 Mar	Theories and stages of IS implementation	Article 2 Article 3	No tutorials
4	Tue 27 Mar	Politics of implementation A Model of Digital Leadership	Article 4 Article 5 Article 6	Tutorials
5	Tue 3 Apr	Stakeholder management Implementation champions	Article 7 Article 8	Assignment 1 is due (by 1 pm, Tuesday, 3 April, 2012)
		Mid Trimester Break—		
6	Tue 24 Apr	Influence processes  Discuss Assignment 2	Article 9	Tutorials
7	Tue 1 May	e-Facilitation Boundary spanner	Article 10 Article 11	No tutorials
8	Tue 8 May	User training (Part 1)	Article 12	Tutorials
9	Tue 15 May	User training (Part 2) Risks management	Article 13 Article 13a (tba)	No tutorials  Assignment 2 is due (by 1 pm, Tuesday 15 May 2012)
10	Tue 22 May	Aspects of project management (project leadership)	Article 14	Tutorials
11	Tue 29 May	IS implementation – An Integration of Key Concepts	No assigned readings	No tutorials
12	Tue 5 Jun	Professional development for IS implementation leaders Summing up	Article 15	Tutorials

#### **Course Learning Objectives**

Objective	On completion of this course, students will be	Graduate	Major
	able to:	Attributes	Attributes
1	summarise and discuss the current literature	LG1	MA2, MA5
	relevant to information systems implementation		
2	describe the key components and process of	LG1	MA5
	information systems implementation		
3	deploy an appropriate framework for the	LG5	MA3
	implementation of an information system		
4	anticipate potential human and organisational	LG5	MA3, M5
	problems and plan for appropriate solutions		
	should they be needed.		

#### **Course Delivery**

#### Lectures

Lectures will complement the readings but will NOT necessarily cover exactly the same material. The lecture sessions will offer a range of experiences including some or all of: discussions, case studies, web examples, guest speakers, critiques and alternative viewpoints on the topics. Lecture material will not necessarily be published in Blackboard and lecture slides will not necessarily be available. All lecture material is assessable.

#### **Tutorials**

Tutorials will consist of discussions of the readings, case studies and group presentations. Your tutor is there to help organise the tutorial sessions, and to facilitate both the full tutorial group and smaller groups to work proactively and independently on the tutorial exercises. All tutorial material is assessable including group presentations.

#### **Expected Workload**

In Trimester 1, there are 12 weeks of lectures and tutorials, a 2 week mid-term break, and a study week before the examination period. The workload expectation in Trimester 1 is about 10 hours per week, comprising:

- 2 hours attending class (1 x 2-hour classes)
- 1 hours attending your tutorial session (1 x 1-hour session)
- 2 hours background reading and pre-class preparation
- 3 hours assignments
- 2 hours post-class review and final examination revision

This is an average workload—actual workload will vary both with individuals and from week to week during the trimester.

#### Readings

Student Notes available from VicBooks, Pipitea

Recommended reading: Pinto, J. & Millet, I. (1999). Successful Information Systems Implementation, Pennsylvania: Project Management Institute.

#### **Materials and Equipment**

#### Lab Access

Information Systems and Electronic Commerce students have access to a range of computer lab facilities. This means that you can still undertake this course even if you don't have a computer at home.

Like all university students you are able to use any ITS Student computer lab throughout the University (this includes labs in the Railway West Wing building, the Library and in the Law School) as long as you have a current ITS Student account. If you don't have a current ITS Student account, contact the ITS helpdesk in the Library or via telephone.

In addition, INFO and ELCM students have access to the purpose built school labs MY201, MY219, RWW401 and RWW415. Please note that specialist software found in the SIM labs is not available in all the ITS Student labs.

#### Ad-hoc Lab Access

MY 201 and MY219 have access from 8am to 8pm via student ID cards unless booked for another class. Access to RWW401 and RWW415 matches the Commerce Library hours. Please check the booking schedules on the lab doors before entering a laboratory to ensure that you are not interrupting a class, and you can finish your work before the next scheduled class.

You may be asked to leave the lab by a supervisor if the machine you are using is required for a scheduled class. Please pack-up and leave the lab promptly if asked to do so.

If you are sharing the lab with a scheduled class please use machines furthest away from the projection screen first and avoid interrupting the taught class with noise.

The food and drink ban in the labs will be enforced, please respect this in order to keep the facilities clean and in good working order for everyone.

#### **Assessment Requirements**

#### (a). Internal assessment (70%)

Assignment #	<b>Testing Objectives</b>	<b>Due Date</b>	% of final mark
Assignment 1	1 and 2	1 pm, Tuesday, 3 April, 2012	30
Assignment 2	3 and 4	1 pm, Tuesday, 15 May, 2012	40

Details of the assessment requirements will be specified within each assignment document.

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and audit purposes. The findings may be used to inform changes aimed at improving the quality of FCA programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.

#### (b). 2-hour final examination (30%) – will assess Objectives 1 to 4

This will be a 2 hour closed book examination held in the external examinations period. Selected material from the lectures (including guest lectures), tutorials and course readings will be assessable. The examination will consist of a combination of short answer and essay type questions.

Students who enrol in courses with examinations are obliged to attend an examination at the University at any time during the formal examination period. The final examination for this course will be scheduled at some time during the period from Friday 15 June – Wednesday 4 July (inclusive).

#### **Penalties**

In fairness to other students, assignment work submitted after the deadline will incur a 10% penalty for each actual day (prior to 1.00 pm) late. In the event of bereavement or prolonged illness affecting your ability to meet the deadline, discuss your situation with the Course Coordinator. You must verify your claim, e.g., produce a medical certificate. In doing so, you consent to your supporting documentation being checked by the Course Co-ordinator. Extensions will only be granted under these conditions.

#### **Mandatory Course Requirements**

In order to pass the course students must have attended at least five tutorials.

#### **Class Representative**

A class representative will be elected in the first class, and that person's name and contact details made available to VUWSA, the Course Coordinator and the class. The class representative provides a communication channel to liaise with the Course Coordinator on behalf of students.

#### **Communication of Additional Information**

Additional information or information on changes will be conveyed to students via lectures.

#### **Use of Turnitin**

Student work provided for assessment in this course may be checked for academic integrity by the electronic search engine <a href="http://www.turnitin.com">http://www.turnitin.com</a> Turnitin is an on-line plagiarism prevention tool which compares submitted work with a very large database of existing material. At the discretion of the Head of School, handwritten work may be copy-typed by the School and subject to checking by Turnitin. Turnitin will retain a copy of submitted materials on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.
