### Expected Workload

MARK 301 is a 15-point course. In keeping with this, students should plan to allocate roughly **10 hours** of study per week, over the 15-week trimester for MARK 301. This time includes time preparing for and attending lectures and tutorials, preparing assignments and studying for the final examination.

It is vital that you come to all lectures and tutorials. This will enable you to achieve the objectives for the course on an individual level and also help promote an effective learning environment for the course group as a whole. While lecture notes will be available on the course website, these **cannot** be used as a substitute for coming to lectures or tutorials. The lecture notes are only to provide a framework of the lectures.

### Group Work

The written component of Assignment #2 is group work. For more details please see the assessment section of this outline.

### Readings

The prescribed text for the course is:

Chitty, W., Barker, N. & Shimp, T. (2008). *Integrated Marketing Communications: 2nd Asia Pacific Edition*. Australia: Cengage Learning.

It is expected that reading of relevant chapters of the text, as on the course outline, will be done prior to commencement of the week's lectures for which the reading relates. The course will be drawing on a number of sources and texts. Additional materials such as case studies and readings will be made available to course participants during the course. Copies of the course text have been deposited in the Commerce Library. However, students are strongly advised to purchase the course text.

### Materials and Equipment

No additional materials or equipment are necessary for this class or the final examination.

### Assessment Requirements

MARK 301 is assessed by an external examination (50%) and internal work (50%). The assessment is structured as follows:

**Word limit: 2,500 words maximum.**

## **Assignment #2: Integrated Marketing Communications Plan (IMC Plan)**

### **Group: Written IMC Plan**

### **Individual: Presentations (Tutorials Week 9 & 10)**

The assignment has two main components, a written IMC Plan and two powerpoint presentations. The presentations are to be carried out at the registered tutorials, and will be assessed based on individual performance. The written IMC Plan will be assessed as group work. Detailed information about this assignment will be provided in a separate handout (Major Project Brief) in Week 3.

**Word limit: 3,500 words maximum.**

Groups of a maximum four students are to be formed during the tutorial in week 3. Students who are not present on that day will be randomly assigned to groups. Each group member is expected to contribute equally to the project.

### **Quality Assurance Note**

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and audit purposes. The findings may be used to inform changes aimed at improving the quality of FCA programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.

### **Handing in and return of assignments**

Assignments #1 and #2 are to be submitted into the MARK 301 Assignment Box No. 3, Mezzanine Floor, Rutherford House by due date. Assignments handed in late must be date stamped and signed-in by the 11<sup>th</sup> floor reception staff. **DO NOT** slide them under doors or put them into the box after the due date.

Assignments will usually be handed back during the tutorial / lecture on the scheduled return date (see Blackboard for details). Uncollected assignments will be held in the SMIB office for three months following the end of term, and disposed of after that time.

You are also required to submit an electronic copy of your assignment via Turnitin on blackboard before the submission deadline (specific instructions will be given in class).

### **Examinations**

Students who enrol in courses with examinations are obliged to attend an examination at the University at any time during the formal examination period.

The final examination for this course will be scheduled at some time during the period from Friday 15 June – Wednesday 4 July (inclusive).

### **Penalties**

The following penalties apply in MARK 301:

- Late assignments: Assignments received after the deadline will have **10% deducted from the available grade, per day**. For example, an assignment that is two days late will lose 20% of the available grade (i.e. a 78% becomes a 58%). However, assignments received 7 days after

the due date will not be marked. Consequently, this may jeopardise your ability to pass the course.

- **Extensions:** Extensions will be granted only in exceptional circumstances (e.g. illness with supporting medical documents stating the nature and length of impairment, provincial or national representative activities with supporting documents) by the MARK 301 Course Coordinator. Tutors are **not** authorised to grant extensions. **Only** the Course Coordinator should be approached. Extensions need to be arranged **before** the due date.
- **Word Count:** Clear word count limits are stated for these assignments. Failure to adhere to these limits will incur a penalty of **5% for every 10% words over the limit**. In other words, if the word limit is set at 2,500 words, a 5% penalty will be applied for every 250 words over the limit.

### **Mandatory Course Requirements**

To pass MARK 301, students must, in addition to obtaining an overall course mark of at least 50%:

1. Submit both assignments on time as outlined in the assessment section.
2. Obtain a minimum mark of 40% in the final examination.

### **Class Representative**

A class representative will be elected in the first class, and that person's name and contact details made available to VUWSA, the Course Coordinator and the class. The class representative provides a communication channel to liaise with the Course Coordinator on behalf of students.

### **Communication of Additional Information**

Additional University information is available on the MARK 301 Blackboard site. Additional information specific to MARK 301 will be communicated in class or on the MARK 301 Blackboard site. Please check Blackboard regularly.

### **Use of Turnitin**

Student work provided for assessment in this course may be checked for academic integrity by the electronic search engine <http://www.turnitin.com>. Turnitin is an on-line plagiarism prevention tool which compares submitted work with a very large database of existing material. At the discretion of the Head of School, handwritten work may be copy-typed by the School and subject to checking by Turnitin. Turnitin will retain a copy of submitted materials on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.
