Course Objectives

CMSP 803 presents an overview of the Marketing process and the key marketing management decisions in the areas of product and service policy, pricing, promotion, and distribution. Particular emphasis will be placed on the development of analytical approaches to Marketing in the New Zealand context.

On completion of CMSP 803, Course Participants should be able to:

1. Analyse marketing problems in terms of the set of influences acting on a marketing decision-maker.
2. Provide a conceptual framework within which both the marketing management function and linkages to other functional areas can be understood.
3. Apply marketing concepts to current problems and opportunities faced by private and public sector organisations.
4. Consider marketing practice themes across industry types (fastmoving consumer, consumer durables, financial services, other services, business to business).

Course Content

The course will consist of lectures and class discussion sessions, case-study analysis and written assignments. It is particularly important that you read assigned material **before** attending each lecture and tutorial. Advance preparation and participation in class discussions play a vital part in your reaching the objectives for the course.

You are expected to spend an average of 10 hours per week on the various activities associated with CMSP 803. An indicative breakdown of how this time will be spent, per week, is as follows:

	<u>Hours</u>
Class time	2
Reading	2
Case Preparation	2
Project	4
Total	10

Expected Workload

Workload expectations for this course are 10 hours per week for the 12 teaching weeks and 30 hours during the mid-trimester break.

Individual Work

While the Victoria MBA programme has a tradition of study group collaboration, there are important elements in the assessment process that are strictly individual. Collaboration on individual assignments is not allowed beyond general discussion as to how one might interpret the nature of the assignment question. Please do not work together to formulate a response and do not loan out your completed assignment before it has been marked.

Readings

The recommended textbook for CMSP 803 is Philip Kotler & Kevin Lane 'Marketing Management' Prentice Hall, 2012, 14th edition.

Additional materials such as readings, etc. will be made available to you during the Course.

Materials and Equipment

It is expected that all assignment submissions will be prepared on white bond paper using PC technology and submitted in hard copy. All other assessment materials will be supplied. The final examination will require hand-written responses to questions to be submitted in a VUW examination booklet.

Assessment Requirements

Mark allocations for each assessed component are:

Market Analysis: **15%**

You are required to analyse a market of your choice, which will form the basis of the Marketing Report (the second piece of assessment). Working in groups of 4 – 5, you will examine a marketing problem by utilising concepts and theories outlined in class. Further information about the expectations of the analysis will be discussed in class. Each case report should be no more than 1500 words, and is due on Tuesday, *21 August 2012*.

Marketing Report **25%**

The objective of the report is to develop marketing recommendations, based on the market analysis undertaken for the first assignment. Further details of the project will be discussed in class. The 3,000 word document is due on Tuesday, *9 October 2012*.

Final Examination **60%**

Final Examination Period: 26 October – 17 November 2012

Quality Assurance Note

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and audit purposes. The findings may be used to inform changes aimed at improving the quality of FCA programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.

Examination

Students who enrol in courses with examinations are obliged to attend an examination at the University at any time during the formal examination period. The final three hour examination will be scheduled during the period Friday 26 October – Saturday 17 November 2012 (inclusive).

Penalties

In fairness to other students, work submitted after the deadline will be subject to a penalty of 5% of the total marks available per day of lateness. Assignments more than one week late will not be accepted. A “zero” mark will be applied. In the event of unusual, unforeseen circumstances (e.g., serious illness, family bereavement), students should discuss waiver of the penalty with the course co-ordinator prior to the deadline date.

Mandatory Course Requirements

Obtaining Terms

To obtain terms to sit the final examination in this course, students are required to fully participate in developing and submitting a market analysis, submit a marketing report, and achieve at least fifty percent of the total marks available for term work.

Passing the Course

In order to pass this course, students are required to obtain at least forty percent of the final examination marks available, and obtain at least fifty percent of the overall course marks available.

Class Representative

A class representative will be elected in the first class, and that person’s name and contact details will be available to VUWSA, the Course Coordinator and the class. The class representative provides a communication channel to liaise with the Course Coordinator on behalf of students.
