

School of Information Management

INFO241 INTRODUCTION TO DATABASE MANAGEMENT AND PROGRAMMING

Trimester 1, 2014

COURSE OUTLINE

Names and Contact Details

| Role | Name | Room | Tel. | E-mail |
|---------------------------|-----------------|-------|---------|---------------------|
| Course Coordinator | Dr Tiong T. Goh | RH403 | 4636860 | Tiong.goh@vuw.ac.nz |
| Senior Tutor | Weiwei Li | RH502 | 4636998 | weiwei.Li@vuw.ac.nz |

Class Times and Room Numbers

Lecture:RHLT01 Wednesday 10:30 -11:20Office Hours:Thursday & Friday 1pm - 2pmWorkshop:RWW415 https://signups.victoria.ac.nz

Assessment Requirements

| Tasks | Learning Objectives | Due Date | Percentage |
|------------------------|---------------------|-------------------|------------|
| Assignment 1 | LO1 | 16/4 2pm | 20 |
| Workshop Test | LO2,3 | Week 11 | 10 |
| Class Test | L01,2,3,4,5 | 22/5 evening | 25 |
| Assignment 2 | L01,2,3,5 | 16/6 2pm | 35 |
| 5 Workshops submission | LO1,2,3,5 | TBA on Blackboard | 5 |
| 5 Tutorials submission | L01,2,3,4,5 | TBA on Blackboard | 5 |
| Total | | | 100 |

From Trimester 1, 2014, a revised Assessment Handbook will apply to all VUW courses: see <u>http://www.victoria.ac.nz/documents/policy/staff-policy/assessment-handbook.pdf</u>. In particular, there will be a new grade scheme, in which the A+ range will be 90-100% and 50-54% will be a C-.

Trimester Dates

From Monday 3rd March – Friday 19th June

Mandatory Course Requirements

In addition to obtaining an overall course mark of 50 or better, students must:

- 1. Attended at least 10 lectures.*
- 2. Attended at least 5 workshops and 5 tutorials.*

*attendance is considered valid only if student attended the full duration of the class.

Examinations

There is no final exam.

Course Content

Continuing from your study of programming in INFO102, this course is designed to provide students with an introduction to database concepts, relational database modelling and application development. Topics include DBMS, database query language, normalisation, database design methodology, programming and database application development, database administration, and other emerging topics. Upon completing this course, students will be prepared for INFO341 and INFO320.

| Week No. | Date | Lecture | Workshop | Tutorial | Readings | Tests & Assignments |
|-------------|------|------------------------------------|------------|------------|-------------|-------------------------------|
| 1 | 5/3 | Database Management System | | | Ch 1 & Ch 2 | |
| | | | | | | |
| 2 | 12/3 | Relational Database Model | Workshop 1 | Tutorial 1 | Ch 3 | |
| 3 | 19/3 | ER Model | | | Ch 4 | |
| 4 | 26/3 | Normalisation | Workshop 2 | Tutorial 2 | Ch 6 | |
| 5 | 2/4 | Structured Query Language (DDL) | | | Ch 7 | |
| 6 | 9/4 | Structured Query Language (DML) | Workshop 3 | Tutorial 3 | Ch 7 | |
| 7 | 16/4 | Advanced SQL & Functions | | | Ch8 | Assignment 1 Due 16/4 2pm |
| BREAK | | | | | | |
| 8 | 7/5 | DB App Development (I) | Workshop 4 | Tutorial 4 | Supplement | |
| 9 | 14/5 | DB App Development (II) | | | Supplement | |
| 10 | 21/5 | Report Development | Workshop 5 | Tutorial 5 | Supplement | Class Test 22/5 |
| | | | | | | |
| 11 | 28/5 | Data Visualisation | | | Supplement | Workshop Test |
| | | | | | | |
| 12 | 4/6 | DB Security | Workshop 6 | Tutorial 6 | Supplement | |
| | | | | | | *Assignment 2 Due 16/6 2pm |

Readings

The following textbook (ebook or print) is <u>required</u> and can be purchased online from: <u>http://www.cengagebrain.co.nz/shop/en/NZ/storefront/newzealand?cmd=CLHeaderSearch&field</u> Value=9781111969608

Coronel, C. Morris, S., & Rob, P. (2013). Database Systems: Design, Implementation, and Management, 10th Edition. Publisher: Course Technology. ISBN-13:978-1-111-96960-8.

Course Delivery

Students are expected to complete the assignments in order to understand the concepts and theories taught during lectures. Students should also prepare for the workshop and tutorial prior to their allocated time. Class test and workshop test will evaluate and assess your understanding about the theories, concepts and technologies learnt throughout the course. Project assignment will assess your integrated knowledge in implementing a working database business application solution.

Prescription

An introductory approach to database management and programming from information systems and management perspectives. Topics include evaluation of business database systems, database design, ER and business modelling, basic database query language, business application development and programming and database administration.

| Learning objectives | By the end of this course, students should be able to: | Graduate Attributes | Major Attributes |
|------------------------|--|------------------------|---------------------|
| LO1 | use complex data modelling techniques to design and develop databases for business applications. | LG1 LG2 LG4 LG5 | MA3 MA4 |
| LO2 | apply query language tools for efficient database development. | LG1 LG2 LG5 | MA3 |
| LO3 | design and develop programs, including effective user interfaces, for practical database applications. | LG1 LG4 LG5 | MA3 |
| LO4 | explain database administration and security issues. | LG1 LG5 | MA6 |
| LO5 | assess the importance of emerging topics. | LG1 LG5 | MA6 |

Course Learning Objectives

Practicum Arrangements

Workshop and tutorial slot will be available on the sign-up system:

https://signups.victoria.ac.nz

You must select only one time slot for workshop and one time slot for tutorial that fit your timetable.

Expected Workload

In terms of weekly course workload, expect to spend one hour in each lecture, two hours in each workshop, one hour in each tutorial and about seven to ten hours working on your own per week in preparation for lectures, workshops, tutorials, assignment, tests and project.

Materials and Equipment

Students are *expected to have the following* for each computer workshop:

- A computer account by the first week of the term
- A storage device to save all work
- Read the workshop requirement prior to their allocated workshop time

Penalties

In fairness to other students, late work will incur a 10% penalty (of the value of the project/assignment) for each calendar day late. Work that is more than 3 days late will not be accepted without a granted extension. **Extensions to project/assignment deadlines are not ordinarily granted**. Discuss with the Course Coordinator any extraordinary personal circumstances which affect your ability to meet the deadline. You will be asked to verify your claim, e.g., produce medical certificates.

Withdrawal from Course

- 1. Your fees will be refunded if you withdraw from this course on or before Friday 14th March 2014.
- 2. The standard last date for withdrawal from this course is Friday 16th May. After this date, students forced to withdraw by circumstances beyond their control must apply for permission on an 'Application for Associate Dean's Permission to Withdraw Late' including supporting documentation. The application form is available from either of the Faculty's Student Customer Service Desks.

Class Representative

A class representative will be elected in the first class, and that person's name and contact details made available to VUWSA, the course coordinator and the class. The class representative provides a communication channel to liaise with the course coordinator on behalf of students.

Student feedback

Student feedback on University courses may be found at: www.cad.vuw.ac.nz/feedback/feedback_display.php

Communication of Additional Information

All notices relating to this course will be posted on Blackboard. www.blackboard.vuw.ac.nz

Link to general information

For general information about course-related matters, go to http://www.victoria.ac.nz/vbs/studenthelp/general-course-information

Note to Students

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and academic audit. The findings may be used to inform changes aimed at improving the quality of VBS programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.

| As | Assignment 1 Rubric – 20% contribution towards overall assessment | | | | | |
|------------------|---|--------------------------|-------------------------|-------|--|--|
| Topic | Exemplary | Satisfactory | Unsatisfactory | Marks | | |
| Database | Provide a perfect | Provide a reasonable | Incorrect solution with | 20 | | |
| Management | solution without | solution with minor | major errors | | | |
| System | errors | mistakes | | | | |
| | | D 11 11 | × 11.11 | 20 | | |
| ERD | Provide a perfect | Provide a reasonable | Incorrect model with | 20 | | |
| | solution without | solution with minor | major errors | | | |
| | errors | mistakes | | | | |
| Relational model | Provide a perfect | Provide a reasonable | Incorrect relationship | 20 | | |
| | model without | relationship with minor | with major errors | | | |
| | errors | mistakes | | | | |
| Normalisation | Correctly | Provide a reasonable | Incorrect solution with | 20 | | |
| romansation | normalised | normalisation with minor | major errors | 20 | | |
| | without errors | mistakes | major errors | | | |
| | | | | | | |
| SQL | Provide a perfect | Provide a reasonable | Incorrect solution with | 20 | | |
| | solution without | solution with minor | major syntax errors | | | |
| | errors | mistakes | | | | |
| | T (1 | | | 100 | | |
| | Total | | | 100 | | |
| | | | | | | |

| (| Class Test Rubric – 25% contribution towards overall assessment | | | | | |
|----------------------------|---|---|---|-------|--|--|
| Topic | Exemplary | Satisfactory | Unsatisfactory | Marks | | |
| Application development | Correctly explain application code | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| DBMS & Relational model | Correctly construct relational model without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| ERD | Correctly construct ERD without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| Normalisation | Correctly normalised without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| Queries | Correctly write effective queries without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| | Total | | | 100 | | |

| V | Workshop Test Rubric – 10% contribution towards overall assessment | | | | | |
|-----------------------------|---|---|---|-------|--|--|
| Topic | Exemplary | Satisfactory | Unsatisfactory | Marks | | |
| Database design | Correctly design database that meets requirements without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| Application | Correctly design application without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 30 | | |
| SQL | Correctly apply SQL and integrate with application without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 20 | | |
| Advanced SQL and control | Correctly apply advanced SQL/functions and control without errors | Provide a reasonable solution with minor mistakes | Incorrect solution with major errors | 30 | | |
| | Total | | | 100 | | |

| Assignment 2 Rubric – 35% towards overall assessment **subject to changes | | | | | |
|---|--|--|--|-------|--|
| Aspect | Exemplary | Satisfactory | Unsatisfactory | Marks | |
| 1 | Correctly design | Provide a | | 10 | |
| Database design | effective database | reasonable solution | Incorrect solution | | |
| | that meets project | with minor | with major errors | | |
| | requirements. | mistakes | | | |
| 2 | Correct design | Provide a | | 20 | |
| Database scripts | scripts that meets | reasonable solution | Incorrect solution | | |
| _ | project | with minor | with major errors | | |
| | requirements. | mistakes | | | |
| 3 Interface/Coding design | Creative design that meets project requirements. | Provide a reasonable solution and missing some requirements | poor solution and missing requirements | 40 | |
| 4 Reporting/Visualisation design | Creative design that meets project requirements. | Provide a reasonable solution and missing some requirements | poor solution and missing requirements | 20 | |
| 5 | | • • • • | | 10 | |
| Documentation | Did not submit | or incomplete fold | der = Overall | | |
| Doc File, Zipped Files with all resources | Assignment 2=0 | | | | |
| | Total | | | 100 | |
