Trimester Dates

Monday 3 March – Monday 16 June 2014

Withdrawal from Course

Formal notice of withdrawal must be in writing on a Course Add/Drop form (available from either of the Faculty's Student Customer Service Desks or from the course administrator). Not paying your fees, ceasing to attend lectures or verbally advising a member of staff will NOT be accepted as a formal notice of withdrawal.

1. Your fees will be refunded if you withdraw from this course on or before **Friday 14 March 2014**.
2. The standard last date for withdrawal from this course is **Friday 16 May 2014**. After this date, students forced to withdraw by circumstances beyond their control must apply for permission on an '*Application for Associate Dean's Permission to Withdraw Late*' including supporting documentation. The application form is available from either of the Faculty's Student Customer Service Desks.

Class Times and Room Numbers

This course is delivered in a weekly format over the whole trimester.

Class Times: Mondays, 5.40pm – 7.30pm

Class Dates: Starting 3 March (first class) to 14 April 2014
Mid-trimester break (no classes) on 21 and 28 April 2014
Resuming 5 May to 26 May (final class) 2014
(11 classes in total)

Class Location: Room RWW 125, Level 1, Railway West Wing, Pipitea Campus
The timetable is available to view on the Victoria University website at www.victoria.ac.nz/students/study/timetables .

Attendance is required at all teaching days

Prescription

This course examines the managerial aspects and issues of ICT-enabled service transformation in the public sector and its external relationships, drawing on available theory, models, concepts, frameworks and strategies as well as on international and New Zealand experience.

Course Delivery

This course is delivered in a weekly format over the whole trimester, consisting of eleven 2-hour classes.

Attendance is required at all teaching days

Expected Workload

The learning objectives set for each course are demanding and, to achieve them, candidates must make a significant commitment in time and effort to reading, studying, thinking, and completion of assessment items outside of contact time. Courses vary in design but all require preparation and learning before the first day of the course and regular learning is also necessary (students who leave everything to the last moment rarely achieve at a high level).

Expressed in input terms, on average, the time commitment required usually translates to approximately 240 hours (including class contact time) for a 24-point course.

Course Learning Objectives

PADM candidates are expected to achieve these learning outcomes at a level that reflects the fact that this is a 24 point course. Moreover, in terms of learning outcomes, students are expected to engage at a level appropriate for senior managers in the NZ public sector (e.g. a strategic rather than operational focus; oriented towards whole-of-government rather than a single work unit or organisation; demonstrating synthesis, contextuality and multidisciplinary in thinking), and will accordingly be assessed on that basis.

1. Critically analyse ICT-enabled service transformation initiatives and their institutional, organisational and societal impact
2. Critically analyse service transformation initiatives and outcomes in New Zealand and internationally
3. Understand and apply service transformation models, concepts, strategies and analytical frameworks
4. Analyse and evaluate conditions and requirements for effectively managing ICT-enabled service transformation
5. Design an integrated management plan for the initiation, development and implementation of a service transformation initiative
6. Communicate the issues and implications of ICT-enabled service transformation to a variety of stakeholders.

Readings

All required readings will be available through Blackboard. In addition, we recommend the students to obtain a copy of: Doherty, T.L., Horne T. and Wootton, S. (2014) *Managing Public Services – Implementing Changes*, 2nd ed, Routledge.

Blackboard is Victoria University’s online environment that supports teaching and learning by making course information, materials and other learning activities available via the internet through the myVictoria student web portal.

To access the Blackboard site for this course:

1. Open a web browser and go to www.myvictoria.ac.nz .
2. Log into myVictoria using your ITS Username (on your Confirmation of Study) and password (if you’ve never used the Victoria University computer facilities before, your initial password is your student ID number, on your Confirmation of Study, Fees Assessment or student ID card – you may be asked to change it when you log in for the first time).
3. Once you’ve logged into myVictoria, select Blackboard (from the options along the top of the page) to go to your Blackboard homepage.
4. The “My Courses” section displays the courses you have access to – select the appropriate link to access the course-specific Blackboard site. Please note that only courses that are actually using Blackboard and have been made available to students by their respective course coordinator will be displayed.

You are recommended to ensure that your computer access to Victoria University’s computer facilities, such as myVictoria and Blackboard, is working BEFORE your course starts. If you have any problems, you should contact the ITS Service Desk on (04) 463 5050 or its-service@vuw.ac.nz . See www.victoria.ac.nz/its/student-services/ for more information.

Assessment

The information in this section may be modified for PADM students. The course coordinator will confirm the assessment requirements.

Assessment items	Length	%	CLO(s)
1 Take-home test	2,000 words	35%	1, 2, 3
2 Team-based assignment	1,000 words	15%	1, 2, 3, 4
3 Group assignment and presentation	20 minutes	10%	1, 2, 3, 4, 6
4 Integrated management plan for a service transformation initiative	4,000 words	40%	1, 3, 4, 5, 6

1. Take home test [35 % course assessment]

This assignment is designed to assess the student's critical understanding of concepts, theories and models of ICT-enabled service transformation initiatives and their institutional, organisational and societal impact. On the basis of a number of open questions the student is required to write approximately 2,000 words.

The take-home test will be handed out in class (and posted on Blackboard) by the course coordinator on Monday 24 March 2014.

Date for submission: 5.00pm, Wednesday 16 April 2014.

2. Team-based assignment [15 % course assessment]

This assignment is designed to assess the student's ability to apply concepts, theories and models of ICT-enabled service transformation initiatives in order to collectively work out a strategy plan. While the objective is to work out an implementation strategy which will be presented in a team (see assignment 3), the written assignment as such is individual.

The assignment will be handed out in class (and posted on Blackboard) by the course coordinator on Monday 14 April 2014.

Date for submission: 5.00pm, Wednesday 14 May 2014.

3. Group assignment [10% course assessment]

This assignment seeks to assess the student's ability to collectively apply concepts, theories, and models of ICT-enabled service transformation initiatives within the frames of implementation issues and to communicate these issues and implications to a variety of stakeholders.

Each team is supposed to give a 20 minutes presentation to a 'group of stakeholders' about an implementation strategy of an e-service and will be assessed as a group.

The presentation is scheduled for Monday 12 May 2014.

4. Integrated management plan for a service transformation initiative [40 % course assessment]

This final assignment is meant to assess the student's ability to individually design an integrated management plan for the initiation, development and implementation of a real-life service transformation initiative. It should ideally be based on the student's actual work situation.

The details for the assessment will be handed out in class by the course coordinator (and posted on Blackboard) on Monday 5 May 2014.

Date for submission: 5.00pm, Friday 6 June 2014.

Regarding all written assignments the following applies:

- Please put your **name** and **Student ID number** at the **bottom of each page** of your assignment document.
- Please submit **all** written assignments (assignments 1, 2 and 4) **IN ELECTRONIC COPY (in Word or rtf-format)** to: sog-assignments@vuw.ac.nz
- Students should keep a copy of all submitted work.

Penalties

The ability to plan for and meet deadlines is a core competency of both advanced study and public management. Failure to meet deadlines disrupts course planning and is unfair on students who do submit their work on time. It is expected therefore that you will complete and hand in assignments by the due date. Marks will be deducted at the rate of five per cent for every day by which the assignment is late and no assignments will be accepted after five working days beyond the date they are due. For example, if you get 65% for an assignment, but you handed it in on Monday when it was due the previous Friday, you will get a mark of 50%.

If ill-health, family bereavement or other personal circumstances beyond your control prevent you from meeting the deadline for submitting a piece of written work or from attending class to make a presentation, you can apply for and may be granted an extension to the due date. You should let your course coordinator know as soon as possible in advance of the deadline (if circumstances permit) if you are seeking an extension. Where an extension is sought, evidence, by way of a medical certificate or similar, may be required by the course coordinator.

Academic Integrity, Plagiarism, and the Use of Turnitin

Plagiarism is presenting someone else's work as if it were your own, whether you mean to or not.

'Someone else's work' means anything that is not your own idea. Even if it is presented in your own style, you must still acknowledge your sources fully and appropriately. This includes:

- material from books, journals or any other printed source
- the work of other students or staff
- information from the Internet
- software programs and other electronic material
- designs and ideas
- the organisation or structuring of any such material.

Acknowledgement is required for *all* material in any work submitted for assessment unless it is a ‘fact’ that is well-known in the context (such as “Wellington is the capital of New Zealand”) or your own ideas in your own words. Everything else that derives from one of the sources above and ends up in your work – whether it is directly quoted, paraphrased, or put into a table or figure, needs to be acknowledged with a reference that is sufficient for your reader to locate the original source.

Plagiarism undermines academic integrity simply because it is a form of lying, stealing and mistreating others. Plagiarism involves stealing other people’s intellectual property and lying about whose work it is. This is why plagiarism is prohibited at Victoria.

If you are found guilty of plagiarism, you may be penalised under the Statute on Student Conduct. You should be aware of your obligations under the Statute, which can be downloaded from the policy website (www.victoria.ac.nz/home/about/policy/students.aspx). You could fail your course or even be suspended from the University.

Plagiarism is easy to detect. The University has systems in place to identify it.

Student work provided for assessment in this course may be checked for academic integrity by the electronic search engine www.turnitin.com . Turnitin is an on-line plagiarism prevention tool which compares submitted work with a very large database of existing material. At the discretion of the Head of School, handwritten work may be copy-typed by the School and subject to checking by Turnitin. Turnitin will retain a copy of submitted materials on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.

There is guidance available to students on how to avoid plagiarism by way of sound study skills and the proper and consistent use of a recognised referencing system. This guidance may be found at the following website www.victoria.ac.nz/home/study/plagiarism.aspx .

If in doubt, seek the advice of your course coordinator.

Plagiarism is simply not worth the risk.

Mandatory Course Requirements

In addition to obtaining an overall course mark of 50 or better, students must submit or participate in all pieces of assessment required for this course.

If you cannot complete an assignment or sit a test or examination, refer to www.victoria.ac.nz/home/study/exams-and-assessments/aegrotat .

Communication of Additional Information

Additional information will be conveyed to students via email and Blackboard. The Course Coordinator is available to students by email, telephone and to meet by appointment.

NOTE: Information emailed to you via Blackboard can only be sent to your @myvuw.ac.nz email address (the free email address created for you when you enrol and accessed via the myVictoria student web portal). If you want to receive these emails at your preferred email address (e.g. your home or work email address), it is **essential** that you activate your @myvuw.ac.nz email address before the start of the course and you modify the settings so all emails sent to it are automatically forwarded to your preferred email address. Please go to www.victoria.ac.nz/its/student-services/FAQs.aspx#Email_Forward for more information.

You are recommended to ensure that your computer access to Victoria University's computer facilities, such as myVictoria, Blackboard and email, is working BEFORE your course starts. If you have any problems, you should contact the ITS Service Desk on (04) 463 5050 or its-service@vuw.ac.nz. See www.victoria.ac.nz/its/student-services/ for more information.

School of Government Service Standards

Good learning and teaching outcomes for students in School of Government courses depend on many factors, including open, transparent and accountable relationships between teaching and support staff, and students in their various activities. The following service standards indicate some of the key expectations that teaching staff and students can have of each other. In all cases, they represent what the School believes should be 'normal' practice; exceptional circumstances can and will be negotiated as required.

Please note that there are University-wide policies relating to assessment – including rights of review and appeal. Details may be found in the Assessment Handbook (which is reviewed and updated from time to time – www.victoria.ac.nz/about/governance/dvc-academic/publications).

In general terms, any concerns that a student or students may have should be raised with the course coordinator in the first instance. If that course of action is not appropriate, the School's programme support staff will direct you to the relevant Programme Director/Coordinator.

Standards relating to staff timeliness of responses to email and phone queries:

- Email or phone queries from students will be responded to in 48 hours

Standards relating to availability of course materials:

- Students on modular or intensive courses will usually have course materials at least 4 weeks before the course starts
- Students on weekly courses will usually have course materials available on the first day of the course

Standards relating to attendance:

- It is expected that students will attend all contact teaching sessions for a course. If a student is aware that they will be unable to attend part of a course prior to it commencing, they are required to advise the course coordinator. In such a situation, the student may be declined entry into the course.
- Where a course coordinator approves some non-attendance before the class commences, the course coordinator may set additional item(s) of assessment of learning and teaching objectives for the course for students unable to attend. Advice relating to the submission and assessment of any such additional assessment will be provided by the course coordinator.

Variations to the assessment details provided in the course outline:

- Any variation to the assessment details in the course outline will be formally agreed between the course coordinator and students at the earliest possible time, preferably at the beginning of the course.

Standards relating to assignments – turnaround and feedback:

- Unless otherwise agreed between students and the course coordinator, items of assessment will be marked within 15 working days of submission.
- Comments on pieces of assessment will allow students to understand the reasons for the mark awarded, relative to the teaching and learning objectives specified in the course outline, and will usually include advice on how the student can improve their grades in future assignments.

Student Feedback

Student feedback on University courses may be found at www.cad.vuw.ac.nz/feedback/feedback_display.php .

Link to General Information

For general information about course-related matters, go to www.victoria.ac.nz/vbs/studenthelp/general-course-information .

Note to Students

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and academic audit. The findings may be used to inform changes aimed at improving the quality of VBS programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.
