Penalties

- **Assignment**

The assignment must be handed in on or before the due date and time. In fairness to other students, any assignment submitted after the deadline will be subject to a penalty of 5% of the total marks available for every day or part of a day (including Saturdays and Sundays) that the assignment is submitted late. For example, an assignment marked out of 100 due by 2pm on Monday 1 January but submitted at 1pm on Wednesday 3 January, would have 10 marks deducted.

An extension or waiver (with no penalty) will be considered on the grounds of exceptional personal circumstances. Students must complete the 'Assignment Extension/Waiver Application Form' available on Blackboard and submit the form (with the relevant supporting documentation) to the MPA Administrator, preferably before the assignment due date.

Note: The submission of an application does not mean that the extension has been approved. Penalties, as detailed above, will apply if the extension is not granted.

- **Test and Quiz**

Unjustifiable absence from the test or quiz will result in a mark of 'zero' for that test or quiz and may result in a student not meeting mandatory course requirements.

Students unable to take scheduled tests due to exceptional circumstances, must complete the 'Consideration of Exceptional Personal Circumstances for Tests Application Form' available on Blackboard. Submit this form to the MPA Administrator as early as possible, preferably before the test date.

Note: The submission of an application does not mean that the test requirement has been changed or waived. Penalties, as detailed above, will apply if it is not successful.

Exceptional Personal Circumstances include an impairment assessed by Disability Services, illness, bereavement, circumstances involving the health or wellbeing of a relative or close friend, compulsory attendance at court, national or international representative commitments, significant cultural commitments, or activities in which the student is representing the University.

*Note: Not being organised or failing to plan ahead are **not** exceptional circumstances.*

Use of Turnitin

Student work provided for assessment in this course may be checked for academic integrity by the electronic search engine <http://www.turnitin.com>. Turnitin is an on-line plagiarism prevention tool which compares submitted work with a very large database of existing material. At the discretion of the Head of School, handwritten work may be copy-typed by the School and submitted to Turnitin. A copy of submitted materials will be retained on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.
