## Mandatory course requirements

In addition to achieving an overall pass mark of at least 50%, students must:

- Complete and submit on time a *bona fide attempt* (see definition on blackboard) at all **THREE** assignments.
- Attend at least **6 out of 8** tutorials.

An attendance register will be kept for tutorials. If you find it necessary to miss a tutorial please notify the tutor or Course Administrator *in advance*, so arrangements can be made for you to attend an alternative tutorial stream if possible. As emergencies and unexpected occurrences can occur, you are only required to attend 6 of the 8 tutorials as a mandatory course requirement, but you are strongly recommended to attend all 8 tutorials, as the work covered is highly relevant to course assessments. You do not need to produce a medical certificate or other documentation if you only miss 1 or 2 tutorials. *However if you attend less than 6 of the tutorials, you will fail the mandatory course requirements unless you are able to produce medical certificates or equivalent documentation for all tutorials missed.*

If you believe that exceptional circumstances may prevent you from meeting the mandatory course requirements, contact the Course Coordinator for advice as soon as possible.

If you cannot complete an assignment or sit a test or examination, refer to [www.victoria.ac.nz/home/study/exams-and-assessments/aegrotat](http://www.victoria.ac.nz/home/study/exams-and-assessments/aegrotat)

A list of those students who have not met the mandatory course requirement will be posted on Blackboard by 12 noon on **Thursday 9 June 2016**. Students who have not met the mandatory course requirement will receive a K, D or E grade for the course.

## Assessment

The Assessment Handbook will apply to all VUW courses: see <http://www.victoria.ac.nz/documents/policy/staff-policy/assessment-handbook.pdf>.

**1. Test 1: Monday 4 April at 5.40 pm**

**Pipitea Campus.**

*Weighting: 20%*

This test is 60 minutes long and can include any of the material introduced during lectures in weeks 1 to 3, including material subsequently reinforced during tutorials, assignments, and/or by any extra work given by the lecturer(s).

**2. Test 2: Monday 9 May at 5.40 pm**

**Pipitea Campus.**

*Weighting: 20%*

This test is 60 minutes long and can include any of the material introduced during lectures in weeks 4 to 8, including material subsequently reinforced during tutorials, assignments, and/or by any extra work given by the lecturer(s).

**3. Final Examination, held during the examination period.**

*Weighting: 60%*

The final examination is two hours long and will predominantly consist of questions relating to a case study provided to students in week 13. The examination can cover any of the material covered during the 13-week trimester.

**4. Assignments**

You have THREE assignments due to be handed in by **2.00 pm** on the following days:

*Assignment No 1: Wednesday 23 March 2016*

Case – **K2 Adventure Gear**

*Assignment No 2: Wednesday 20 April 2016*

Case – **Curry Express**

*Assignment No 3: Wednesday 25 May 2016*

Case – **MakeMore Bread Group**

The cases for the assignments are in the *Assignment and Tutorial Book*. The assignments are regarded as formative assessment and your answers will be marked to give you appropriate feedback on your progress, *but the actual marks awarded will not count towards your overall course assessment mark*. For each assignment, complete the assignment cover sheet (available on blackboard) and staple it to your assignment. **Your tutorial group number and your tutor's name should be recorded on all assignments**. Place your assignment in the **ACCY 302 Box** on the first floor of Railway West Wing no later than 2 pm on the due date. Marked assignments should be returned to you during the following tutorial session and *suggested solutions* will be posted on Blackboard. Your assignments must be recorded as submitted in order to comply with the mandatory course requirements (see below). However, the loss of assignments and recording errors do occur and you should therefore **retain a copy of each assignment you submit and also the returned, marked assignments**, as you may be required to produce these to prove that minimum course requirements have been met.

***These assessments meet the course objectives by:***

- Covering the majority of topics taught in the course.
- Integrating a case study, as used in the mandatory assignments, into the examination.
- Assessing the evaluation of management accounting theories and concepts, and the understanding and application of management accounting tools and techniques.

## **Examinations**

Students who enrol in courses with examinations are obliged to attend an examination at the University at any time during the formal examination period. The final examination for this course will be scheduled at some time during the following period:

Friday 10<sup>th</sup> June – Wednesday 29<sup>th</sup> June (inclusive)

## **Penalties**

All three assignments must be handed in on the due date unless prior permission has been granted or unless proof of exceptional circumstances (e.g. a medical certificate in the event of illness) is produced. Any copying of assignment answers will be considered plagiarism and dealt with according to the policy outlined at <http://www.victoria.ac.nz/home/study/plagiarism.aspx>

## **Group Work**

There is no assessed group work in this course.

## **Use of Turnitin**

Student work provided for assessment in this course may be checked for academic integrity by the electronic search engine <http://www.turnitin.com>. Turnitin is an on-line plagiarism prevention tool which compares submitted work with a very large database of existing material. At the discretion of the Head of School, handwritten work may be copy-typed by the School and submitted to Turnitin. A copy of submitted materials will be retained on behalf of the University for detection of future plagiarism, but access to the full text of submissions will not be made available to any other party.

## **Materials and Equipment**

The two tests and the final examination exam are *closed book*. Materials permitted in the two tests, and the final examination, are as follows:

- Non-programmable electronic calculators and programmable ones with the memory cleared.
- Non-electronic foreign language/English translation dictionaries.

## **Student feedback**

Student feedback on University courses may be found at:

[www.cad.vuw.ac.nz/feedback/feedback\\_display.php](http://www.cad.vuw.ac.nz/feedback/feedback_display.php).

## **Class Representative**

## **Communication of Additional Information**

Additional information concerning this course will be provided in lectures or posted on Blackboard.

## **Link to general information**

For general information about course-related matters, go to:

## **Note to Students**

Your assessed work may also be used for quality assurance purposes, such as to assess the level of achievement of learning objectives as required for accreditation and academic audit. The findings may be used to inform changes aimed at improving the quality of VBS programmes. All material used for such processes will be treated as confidential, and the outcome will not affect your grade for the course.
