LEARNING OBJECTIVES

Through use of the core text, Genki I: An Integrated Course in Elementary Japanese (Lessons 1-6), students will gain the ability to communicate effectively in a variety of practical situations and at the same time develop a keen awareness of the function of the language culturally and sociologically.

On completion of this course students should have acquired an elementary competence in Japanese (in listening, speaking reading and writing), and a basic understanding of Japanese culture.

COURSE DELIVERY

Grammatical structures and cultural aspects of the language will be introduced in the lectures and students will practice the four skills of reading, writing, speaking, and listening. In the tutorials, further practice will be given for reading and writing Japanese, and students' oral skills will also be a main focus.

PRESCRIBED TEXTS

Genki I: An Integrated Course in Elementary Japanese, Japan Times Genki I: An Integrated Course in Elementary Japanese Workbook, Japan Times available at Vicbooks, the university book shop. Optional CDs that accompany the Genki I texts are also available.

EXPECTED WORKLOAD

- a) Students are required to attend 5 hours of tuition per week.
- b) The university guideline for the average number of study hours per week including class contact hours for a 100 level half year 18 point course is 12 hours per week. (5 hours in class and 7 hours work in your own time.)
- c) Students are expected to organize themselves to practice Japanese conversation with their classmates or Japanese native speakers for at least one hour per week. This additional effort outside of class time is crucial for students to become fluent in speaking Japanese.
- d) Students are also expected to listen to and watch tapes and videos recommended by the lecturer at the Language Learning Centre for at least two hours per week.
- e) If a student's progress is not satisfactory despite spending a large amount of time on study, the course coordinator should be consulted. Students should feel free to consult the coordinator at any time with any queries.

ASSESSMENT REQUIREMENTS

This course is internally assessed. Assessment covers all four skills of reading, writing, listening and speaking. Students' progress is tested throughout the course to enable the lecturer and students to monitor levels of language acquisition. A final test is given at the end of the course to consolidate and evaluate students' overall acquisition of the language in all four skill areas. The assessment requirements of the course are as follows:

1. 12 Vocabulary Quizzes

12 x 1% = 12%

Vocabulary quizzes are held regularly to help students prepare in advance for classes and assist in the retention of new vocabulary items. Each guiz is worth 1%.

2. 2 Kana Tests + 4 Kanji Tests (approx 10 mins) 6 x 2% = 12%

3. 1 Progress Test 30%

The Progress Test consists of a 15-20 minute listening test (10%) and a one-hour written test (20%) and focuses on grammar learnt in Lessons $1 \sim 3$ (including Greetings).

4. 2 Oral Tests (approx 10 minutes) 2 x 8% = 16%

The first oral will be in the form interview and will held during lecture time on 8th April. The second oral test will occur in tutorial time on 5th June and will be recorded via computers in the LLC.

5. Final Test 30%

The Final Written Test consists of a 15-20 minute listening test (10%) and a one-hour written test (20%) and focuses on grammar learnt in Lessons 4 \sim 6. It is assumed, however, that students will know the vocabulary and kanji from previous lessons.

TOTAL 100%

The test and quiz dates are shown on the test schedule on the following page. Vocabulary quizzes, listening and written tests will be conducted during lecture time, while kana and kanji tests will be held during tutorial times.

Grading Procedures:

In determining the grades for each course, the Japanese Programme uses the University's standard marking scheme, which is as follows:

Pass: Α+ 85% or over Α 80% - 84% A-75% - 79% 70% - 74% B+ 65% - 69% В B-60% - 64% C+ 55% - 59% 50% - 54% С Fail D 40% - 49% Ε Below 40%

PENALTIES

- a) If a quiz or test is unable to be sat due to extraordinary circumstances such as a family bereavement (supported by a letter explaining the circumstances) or health problems (supported by a medical certificate), the lecturer must be contacted prior to the time of assessment.
- b) If prior notification of absence is not received, the piece of assessment missed will receive a nil mark. No make-up tests will be offered.
- c) Failure of a student to fulfil the attendance requirements for the course even though their course mark reached 50% will result in a student receiving a K grade (Fail due to not satisfying mandatory course requirements).
- d) Students caught cheating in any form will be listed on the School plagiarism register, and required to submit a written letter of apology explaining their behaviour to the Japanese Programme (via the Asian Languages Administrator, Level 6, von Zedlitz Building) for consideration. Failure to submit a letter will result in all further assessment receiving a nil mark.

MANDATORY COURSE REQUIREMENTS

- a) Students are required to attend 80% of all classes including tutorials.
- b) Students may only attend the class/tutorial he/she is enrolled in. If you find you can no longer attend a class/tutorial time due to a change in personal circumstances, you must consult with the course coordinator and submit a Change of Course form when appropriate.
- c) All assignments must be submitted and all tests sat.

FEEDBACK TO STAFF ABOUT THE COURSE

Students are encouraged to collaborate with the lecturer in decisions affecting workloads, teaching practices and methods of assessment for the course. Toward the end of the trimester students will also be asked to provide feedback on this course by means of questionnaires.

ACADEMIC INTEGRITY AND PLAGIARISM

Academic integrity means that university staff and students, in their teaching and learning are expected to treat others honestly, fairly and with respect at all times. It is not acceptable to mistreat academic, intellectual or creative work that has been done by other people by representing it as your own original work.

Academic integrity is important because it is the core value on which the University's learning, teaching and research activities are based. Victoria University's reputation for academic integrity adds value to your qualification.

The University defines plagiarism as presenting someone else's work as if it were your own, whether you mean to or not. 'Someone else's work' means anything that is not your own idea. Even if it is presented in your own style, you must acknowledge your sources fully and appropriately. This includes:

- Material from books, journals or any other printed source
- The work of other students or staff
- Information from the internet
- Software programs and other electronic material
- Designs and ideas
- The organisation or structuring of any such material

Find out more about plagiarism, how to avoid it and penalties, on the University's website: http://www.victoria.ac.nz/home/study/plagiarism.aspx

GENERAL UNIVERSITY REQUIREMENTS, POLICIES AND STATUTES

Students should familiarise themselves with the University's policies and statutes, particularly the Assessment Statute, the Personal Courses of Study Statute, the Statute on Student Conduct and any statutes relating to the particular qualifications being studied; see the *Victoria University Calendar* or go to the Academic Policy and Student Policy sections on:

http://www.victoria.ac.nz/home/about/policy

This website also provides information for students in a number of areas including Academic Grievances, Student and Staff conduct, Meeting the needs of students with impairments, and student support/VUWSA student advocates.
