PART D: COURSE ASSESSMENT PROTOCOLS AND PROCEDURES

HANDING IN ESSAY AND OTHER WRITTEN ASSIGNMENTS

When?

It is the policy of the School of Social and Cultural Studies that all written assignments must be handed in by **4 pm** on the due date.

Where?

Assignments must be place in the assignment box located to the side of the lifts on level 9, Murphy Building.

Assignments **MUST NOT** be placed in individual staff pigeonholes, or under staff office doors, or handed to lecturers or tutors. This is to ensure that all work is properly recorded when submitted, and to avoid problems that have arisen in the past when work has "gone missing".

At 4 pm the assignment box is emptied, the work date-stamped and its receipt recorded, and then handed to the appropriate markers.

SCHOOL ASSIGNMENT COVER SHEET

Please include a School Assignment Cover sheet when submitting your assignments. You may wish to have your own front sheet, but please ensure you place the School's cover sheet on the top as this ensures critical identifying information is provided. A sample School Assignment Cover sheet is at the end of this Outline. Further copies may be found at the School Administration office, and on the Assignment Box, on level 9 of Murphy building.

Students MUST keep a photocopy of every written assignment

Unless students have followed this procedure, the School will not accept responsibility for pieces of written work claimed to have been handed in.

ACADEMIC INTEGRITY AND PLAGIARISM

Academic integrity means that university staff and students, in their teaching and learning are expected to treat others honestly, fairly and with respect at all times. It is not acceptable to mistreat academic, intellectual or creative work that has been done by other people by representing it as your own original work.

Academic integrity is important because it is the core value on which the University's learning, teaching and research activities are based. Victoria University's reputation for academic integrity adds value to your qualification.

The University defines plagiarism as presenting someone else's work as if it were your own, whether you mean to or not. 'Someone else's work' means anything that

is not your own idea. Even if it is presented in your own style, you must acknowledge your sources fully and appropriately. This includes:

- Material from books, journals or any other printed source
- The work of other students or staff
- Information from the internet
- Software programs and other electronic material
- Designs and ideas
- The organisation or structuring of any such material

Find out more about plagiarism, how to avoid it and penalties, on the University's website: http://www.victoria.ac.nz/home/study/plagiarism.aspx

GRADES

The Social Policy Programme follows University policy in giving letter grades for all internally assessed work instead of giving numerical marks. The following table sets out the range of marks within which each letter grade is assigned. Your final grade and marks for the course will be an aggregate of the grades you achieve during the course.

Pass	A+ A A-	85% or over 80%-84% 75%-79%	Evidence of familiarity with relevant reading and sound understanding of concepts, plus individual interpretation and insights of a higher order. An A grade will not be achieved without such insight. Work well presented with logical structure and clarity of expression.	
	B+	70-74%	As above, but less individual insight and	
	В	65%-69%	preparation. High level of understanding exhibited.	
			Assignment well presented.	
	В-	60%-64%		
	C+	55%-59%	Work lacks originality, individual insights and not	
	C	50%-54%	strong on understanding. However, material used is	
			relevant and presentation is satisfactory.	
Fail	D	40%-49%	Little evidence of reading or comprehension. No	
			insight. Poor presentation.	
	E	Below 40%	A clear failure to reach an adequate standard on the	
			criteria set out.	

Good expression (spelling, grammar, punctuation and sentence construction) and accurate referencing are considered important for this course. Consequently, 10% of the mark for each assignment will be allocated according to the standard of expression and referencing.

Appendix A (page 13) includes information about the preferred format for referencing and bibliographies for this course.

LATE PENALTIES

Late submissions for student assignments in all Sociology and Social Policy undergraduate courses are subject to a penalty. The exact deduction will be calculated on the basis of one half mark per day late for each 10 marks, i.e. 1 mark will be deducted each day for an assignment worth 20% of the total course mark.

Note that assessment work will not be accepted for marking more than 7 days after the due date or 7 days after an approved extension date. Work must still, however, be submitted to meet the mandatory course requirements.

EXTENSIONS

If you are given an extension, a new submission date will be identified and you will have to submit the work in the same manner as above by 4 p.m. on that day. Failure to do so will result in penalties being applied in the same manner as those for the original submission date.

Also, see information on requesting extensions on page 4 of this Outline.

ILLNESS AND MEETING THE ASSESSMENT REQUIREMENTS OF THE COURSE

If illness or bereavement prevents you from submitting an assignment by the due date, then you may be given an extension of time. Extensions on the basis of personal circumstances will also be considered. Any requests for extension must be discussed with Patricia Nickel. Note however, that extensions must be applied for before the date on which the assignment is due, and that the period of extension will not exceed the period of illness. You may be asked to produce a medical certificate.

APPENDIX A

REFERENCES

The preferred style of referencing for this course is in-text rather than footnotes, i.e. information about the source of the reference is added into the text. This includes the author, date of publication and, where appropriate, the page number. For example:

A study of organisational behaviour showed (Howat 1985) a link between...

Clerehan (1989) showed in her study...

In a study of gender differences ... (Mills 1988:22).

You may use footnotes instead, but make sure you are consistent with format.

Full details of all references are to be listed in the bibliography at the end of the assignment.

Please make sure you reference not only direct quotes and statistics, but also all ideas and information sourced from other material.

BIBLIOGRAPHIES

A bibliography is a list of all the references and sources you have used in preparation for the assignment, including those not directly cited in the essay. The references should be listed in alphabetical order by the author's surname.

An acceptable format is: Author's surname, initials (date of publication) *Title of book* (in italics) Publisher: place published. See the list of recommended readings in this course outline for examples of references in this format.

For information sourced from websites, the format is: Name of website, author (if given) *title or heading of article* (if given), full web address, the date (day/month/year) you accessed the information.

The main thing to remember is to be consistent and careful with your presentation, particularly with punctuation. Depending on the type of reference source used, a different format may be required.

Student Learning Support Services has an excellent on-line guide to references and bibliographies at http://www.victoria.ac.nz/st_services/slss/whats-on/study-skills.aspx.
