Course content

See the *Syllabus*, and the *Further Explanation* sheet.

Course learning objectives (CLOs)

Students who have successfully completed this course will be able to:

1. recognise and describe advanced harmonic and voice leading procedures, including chromaticism
2. identify by ear the advanced properties of intervals, chords, and keys, and compare two/four part performances with the written score
3. use the keyboard to play pieces, and advanced transpositions, score readings, and improvisations.

These learning objectives contribute to the NZSM Graduate Attributes. For a full list, please see www.nzsm.ac.nz/study-careers/graduate-attributes

Teaching format

This course comprises three 1-hour lectures and one 1-hour Musicianship Lab per week. During Musicianship Labs, a graduate tutor will guide students in gaining keyboard and aural skills, and give feedback on work in progress, where appropriate. Students are expected to submit a short journal each week via Blackboard.

See attached course syllabus for more information.

Mandatory course requirements

In addition to achieving an overall pass mark of 50%, students must:

- a) complete each item of assessment worth at least 10%. Where the item contains multiple subcomponents (e.g., a portfolio of journal entries, or similar), students must complete at least 50% of those subcomponents
- b) attend at least 80% of lectures, tutorials and workshops related to this course, unless absence is due to verified medical reasons, or advance permission for absence has been given by the teacher/lecturer
- c) achieve at least 40% of the available marks in each of the Keyboard and Aural sections, and 50% in the Harmony section.

Workload

Theory:

Over the course of the trimester you should expect to spend 60% of your non-class time (92 hours) on reading the class notes and other suggested material, completing Fragments and Assignments,

and revising for tests. Fragments are intended to give you feedback on your understanding of the material before embarking on the related assignment, and tests assess your overall understanding of the subject. Since the items of assessment in theory are interdependent, the share of the allocated workload time spent on individual items will depend on the challenge that each presents to different students.

Keyboard and Aural:

You should expect to spend four hours per week working on Keyboard and Aural skills outside the scheduled Musicianship Lab times.

Journals:

You should expect to spend one and one quarter hours on each of the first eight journal entries, and five hours on the final entry, which is intended as a summary of the previous eight.

A 20-point one-trimester course should require at least 200 hours' work (including class time). This means that during the trimester, the mid-trimester break and study week you should be prepared to spend, on average, 13 hours per week involved in activities such as attending classes, reading, listening to recommended recordings and preparing assignments.

Assessment

General marking criteria are provided on a separate sheet. Criteria specific to particular assignments will be provided on Blackboard with that assignment.

Approved assessment regime

The following assessment regime has been approved by the NZSM Academic Committee:

There are 5 items of assessment:

1. 5–15 Short Harmony Assignments. Related to learning objective 1. (30%)
2. Two Harmony Tests. Related to learning objective 1. (30%)
3. Two Aural Tests. Related to learning objective 2. (15%)
4. Two Keyboard Tests. Related to learning objective 3. (15%)
5. A Journal of responses to class material. Related to learning objectives 1, 2, and 3. (10%)

Extensions

Students, who for exceptional reasons can justify an extension for an item of assessment, must apply to the Course Coordinator *before* the due date. Please note that no extensions can be granted for tutorial assignments.

Penalties

Assignments must be submitted by the due dates. In fairness to other students, unless a medical certificate is produced, assessment submitted after 5:00pm on the due date will be subject to a 5% demerit on your grade, increasing by 5% each further working day it is overdue.

Materials and equipment and/or additional expenses

Students will need to supply their own headphones for use in the Keyboard Lab.
