## Prescription

A broad introduction to the methodologies, practices and applications of music pedagogy for advanced musicians. 2015 Offering: This course explores concepts of teaching and learning music, and provides an opportunity for students to gain practical experience of planning, delivering and evaluating musical learning within an educational context. This course will be of value to musicians with an interest in education as well as those whose aspiration is to become a career music educator.

## Course learning objectives (CLOs)

Students who successfully complete this course will be able to:

1. communicate a broad understanding of the music pedagogical approaches employed in a range of music education settings
2. recognise and critically evaluate a range of strategies and techniques for the teaching of music at the beginning and/or intermediate levels
3. plan, collaboratively deliver and evaluate short sequences of music lessons or other music learning events for beginner and/or intermediate students.

These learning objectives contribute to the NZSM Graduate Attributes. For a full list, please see [www.nzsm.ac.nz/study-careers/graduate-attributes](http://www.nzsm.ac.nz/study-careers/graduate-attributes)

## Teaching format

Each week during the trimester we will meet for a seminar (midday to 12:50pm on Mondays) and a workshop (midday to 1:50pm on Wednesdays). Although various kinds of learning will take place in each of these sessions, as a rule the workshops will be primarily practical and the seminars primarily discursive. A significant proportion of time is devoted to practical exploration of the ideas in this course: this is because many of the concepts in music education are best understood – that is, most deeply understood – in this way. You will have time during this course to experience music teaching activities for yourselves as well as to reflect on the processes that underpin these activities.

*See attached course syllabus for more information.*

## Mandatory course requirements

In addition to achieving an overall pass mark of 50%, students must:

- a) attend at least two Music Forum seminar presentations in the trimester the course is taught; and
- b) attend at least 80% of the classes. In order to build music pedagogical knowledge and expertise, there are numerous peer-teaching opportunities throughout the course. Good attendance from the group is therefore essential in order for all students to have the best learning experience and the best chance of fulfilling the stated course learning objectives.

Students who are concerned that they have been (or might be) unable to meet any of the mandatory course requirements, because of exceptional personal circumstances, should contact the Course Coordinator as soon as possible.

## Workload

This 30-point course requires at least 300 hours of work. Thirty-six hours are spent in class. Over the course of the trimester, you should expect to spend 66 hours reading texts and completing journal entries. A similar amount of time should be spent preparing the presentation and associated materials. Approximately 132 hours should be spent preparing and writing the final project.

## Assessment

### Submission and return of work

Assignments should be emailed to Robert Legg.

Marked assignments will be returned electronically.

Assignments will normally be marked and returned within three weeks of submission.

NB: This course is moderated, so all students are requested to retain all marked assessment items, in the event that they are required at the end of the course.

### Extensions and penalties

#### Extensions

Students who for exceptional reasons can justify an extension for an item of assessment must apply to the Course Coordinator *before* the due date. Please note that no extensions can be granted for tutorial assignments.

In relation to the *third assessment item only* (the final paper and preparatory materials) – and in accordance with the good practice indicated in the University's Assessment Handbook (s.3.2.1.d) – requests made in advance for extensions of up to two days will be granted without further supporting evidence or justification. Requests for longer extensions will need to be justified in the usual way.

## Penalties

Assignments must be submitted by the due dates. In fairness to other students, unless a medical certificate is produced, assessment submitted after 5:00pm on the due date will be subject to a 5% demerit on your grade, increasing by 5% each further working day it is overdue.

Where a student has submitted fewer than eight journal entries, the mark for the journal portfolio component will be reduced proportionately. (For example, four entries will receive half the credit awarded to eight entries of the same quality.)

## Materials and equipment and/or additional expenses

For some sessions it will be important to bring musical instruments. These sessions are clearly indicated in the syllabus. Students may incur small additional expenses in getting to their practicum settings and to Eastern Hutt School for the field trip planned for Week 10.

## Practicum and field trip

All students registered for this course will undertake a short practicum in a music education context to be approved by the Course Coordinator. Separate detailed guidance on this experience, including expectations for ethical conduct as laid down by the University's Human Ethics Committee, is given in the course syllabus.

A field trip will take place during Week 10. Students will be responsible for getting to Eastern Hutt School for the two sessions, which will take place during the usual class hours on Monday and Wednesday. More information is given in the syllabus.

## Set texts

Weekly required readings are indicated in the course syllabus. These are chapters and articles that are all available in the library or online. There is no single text recommended for purchase.
