Course learning objectives (CLOs)

Students who have successfully completed this course will be able to:

1. compose music for large and small ensembles in the jazz idiom, using computer notation software
2. demonstrate ability in areas of melodic, harmonic, rhythmic and orchestrational development in the jazz idiom
3. prepare compositions (scores and parts) for a recital, and rehearse a student ensemble to a level that allows for a fair representation of selected pieces.

These learning objectives contribute to the NZSM Graduate Attributes. For a full list, please see www.nzsm.ac.nz/study-careers/graduate-attributes

Teaching format

This course comprises 1 lecture/workshop per week.

See attached course syllabus for more information.

Mandatory course requirements

In addition to achieving an overall pass mark of 50%, students must:

- a) present a recital of 6–7 original compositions completed during the trimester. Selections are to be presented to a standard that allows for an accurate representation of each piece. Selection of compositions for the recital, and musicians, will be made in consultation with the Course Coordinator.
- b) attend at least 5 of the Composer Workshops held during the trimester of enrolment in this course.

Students who are concerned that they have been (or might be) unable to meet any of the mandatory course requirements, because of exceptional personal circumstances, should contact the Course Coordinator as soon as possible.

Workload

A 15-point one-trimester course should require at least 150 hours' work (including class time). This means that during the trimester, the mid-trimester break and study week you should be prepared to spend, on average, 10 hours per week involved in activities such as attending classes, reading, listening to recommended recordings and preparing assignments.

Assessment

Assessment items and workload per item		%	CLO(s)	Due date
1	Weekly Composition Assignments: 12–32 measures on average	60% (5% per week)	1–2	Weeks 1–3 and 5–13: By 3:00pm on Friday
2	Final Composition Portfolio: 10 individual compositions	40%	1–3	13 June

Submission and return of work

Assignments should be deposited in Dave Lisik's mailbox.

Marked assignments will be returned to students in class.

Assignments will normally be marked and returned within three weeks of submission.

Extensions and penalties

Extensions

Students, who for exceptional reasons can justify an extension for an item of assessment, must apply to the Course Coordinator *before* the due date. Please note that no extensions can be granted for tutorial assignments.

Penalties

Assignments must be submitted by the due dates. In fairness to other students, unless a medical certificate is produced, assessment submitted after 5:00pm on the due date will be subject to a 5% demerit on your grade, increasing by 5% each further working day it is overdue.

Materials and equipment and/or additional expenses

All work must be completed and workshopped on *Finale 2014*.

Set texts

None.
