Prescription

Supervised independent study in composition or sonic arts, resulting in a portfolio of compositions and/or sound-based works. A proposal outlining the intended work for this course must be approved by the Director, NZSM, prior to the enrolment deadline.

Course learning objectives (CLOs)

A student successfully completing this course will be able to:

1. complete an approved portfolio of compositions and/or sound-based works that evidences an individual creative voice and clear technical command in the chosen medium
2. demonstrate the consolidation of creative abilities garnered at undergraduate level, and advancement upon these through the completion of the portfolio
3. prove their ability to propose, produce and critically comment upon an independent, self-directed project.

These learning objectives contribute to the NZSM Graduate Attributes. For a full list, please see www.nzsm.ac.nz/study-careers/graduate-attributes

Teaching format

This course is taught as individual lessons with a nominated supervisor or supervisors.

See attached course syllabus for more information.

Mandatory course requirements

In addition to achieving an overall pass mark of 50%, students must:

- a) (if working in a non-jazz idiom) attend at least 9 of the Composer Workshops held during every trimester of enrolment in this course
- b) (if working in a jazz idiom) attend at least 5 of the Composer Workshops held during every trimester of enrolment in this course
- c) (if working in a jazz idiom) present a recital of the submitted works to the satisfaction of the supervisor.

Students must attend workshops in order to: 1) develop critical and oral communication skills related to their creative practice, and 2) develop awareness of the contexts, techniques and perspectives related to their creative practice. In the event that the student is unable to attend the Composer Workshop, due to course clashes, the Course Coordinator may substitute an alternative requirement.

Jazz students present a recital of their works in order to display the key skills in integrated improvisation and communication of the musical intent of their works through a performance context.

Students who are concerned that they have been (or might be) unable to meet any of the mandatory course requirements, because of exceptional personal circumstances, should contact the Course Coordinator as soon as possible.

Workload

A 30-point one-trimester course should require at least 300 hours' work. This means that during the trimester, the mid-trimester break and study week you should be prepared to spend, on average, 20 hours per week involved in composing, related technical work (such as preparing scores/parts, mixes, debugging code, etc.), studying scores (if relevant to your project work) and/or engaging in analytical listening to recommended recordings, and attending meetings with your supervisor.

Assessment

Assessment items and workload per item	%	CLO(s)	Due date
<i>Draft portfolio of compositions and/or sound-based works, of a scope approved by the supervisor.</i>	30%	1–3	19 Sep 2016
<i>Final portfolio of compositions and/or sound-based works, of a scope approved by the supervisor.</i>	70%	1–3	7 Nov 2016

Submission and return of work

Draft portfolios should be submitted to the supervisor.

Final portfolios should be submitted to the NZSM Kelburn office.

NB: This course is moderated, so all students are requested to retain all marked assessment items, in the event that they are required at the end of the course.

Extensions and penalties

Extensions

Students, who for exceptional reasons can justify an extension for an item of assessment, must apply to the Course Coordinator *before* the due date. Please note that no extensions can be granted for tutorial assignments.

Penalties

Assignments must be submitted by the due dates. In fairness to other students, unless a medical certificate is produced, assessment submitted after 5:00pm on the due date will be subject to a 5% demerit on your grade, increasing by 5% each further working day it is overdue.

Class representative

The class representative provides a useful way to communicate feedback to the teaching staff during the course. A class representative will be selected at the first lecture of the course.

Student feedback

Previous student feedback on this course indicated a desire to have more interim milestones, as a way to help manage their workload in compiling a portfolio of creative work. As a result, the NZSM has implemented a new 30% draft portfolio assessment item, which is due roughly two-thirds of the way through the enrolment period for this course.

Student feedback on University courses may be found at
www.cad.vuw.ac.nz/feedback/feedback_display.php.
