Assessment Requirements

**Either**

- 30% tutorial assignment, 5% of tutorial attendance, and 65% of final examination

**Or**

- 100% final examination, whichever is greater.

**Tutorials:**

There will be four tutorials in total, these will take place in the following weeks:

1. the third week (12-16 March),
2. the sixth week (2-5 April),
3. the ninth week (7-11 May),
4. the twelfth week (28 May-1 June),

Students are required to attend the tutorial session. Tutorial groups will be organized by Suzanne Freear (contact details above) during the first week of lectures and will start in the third week (12-16 March). Adequate performance in tutorials and assignments is required. Tutorials assignment questions will be available on Blackboard, in the week preceding each tutorial. Students are expected to turn in all FOUR assignments.

In each assignment, students are required to do the following:

(i) must complete a written answer individually;
(ii) must be handed their written answer into the tutor’s box on the Mezzanine floor of Rutherford House (Chia-Ying Chang’s box: #84) by **1pm** on the **Monday** preceding that particular tutorial;
(iii) must hold a copy of their own answer;
(iv) must prepare to present their own work, and answer questions from the audience in that particular tutorial;
(v) the written assignment must be typed and must not exceed 1600 words in total (appendices, equations and graphs are excluded).

Each assignment is of equal weight. Only the best three assignments will be counted for final grades. Any late assignment will be awarded a grade of zero (unless a valid medical certificate issued by licensed medical centre is presented or a valid form of proof that an extension is warranted). An outstanding presentation will be awarded bonus points in that particular tutorial.
Students are expected to work independently. Discussion of the assigned problems with other students is accepted, but students should write up their own answers to the problems. Do not copy someone else’s answers—you learned nothing that way and your work will be penalised if proved guilty of plagiarism, which is subject to disciplinary procedures under the Statute on Student Conduct (www.vuw.ac.nz/policy/studentconduct) and may be penalized severely.

Please do not ask tutors for help in solving the assigned problems. Students should do the assignment by themselves first. Solutions will be discussed at the tutorial session. Regular attendance at tutorials is important, as NO model answers to tutorial problems will be provided. If the tutorial session runs out of time for some of the questions, students can ask tutors to check their answers to those problems.

Students are encouraged to be active in tutorial discussion, including answering questions, providing useful comments...etc.

Penalties
Any late assignment will be awarded a grade of zero (unless a VALID medical certificate issued by licensed medical centre is presented or a valid form of proof that an extension is warranted).

Mandatory Course Requirements
Terms requirements specify the mandatory course requirements that students must complete in order to pass the course. To qualify for terms in this course, students must have grades received from at least THREE signed assignments.

Communication of Additional Information
Communication of additional information will be posted on Blackboard through an Announcement.

Faculty of Commerce and Administration Offices
Railway West Wing (RWW) - FCA Student and Academic Services Office
The Faculty’s Student and Academic Services Office is located on the ground and first floors of the Railway West Wing. The ground floor counter is the first point of contact for general enquiries and FCA forms. Manaaki Pihipihinga Programme
Manaaki Pihipihinga is an academic mentoring programme for undergraduate Māori and Pacific students in the Faculties of Commerce and Administration, and Humanities and Social Sciences. Sessions are held at the Kelburn and Pipitea Campuses in the Mentoring Rooms, 14 Kelburn Parade (back courtyard), Room 109D, and Room 210, Level 2, Railway West Wing. There is also a Pacific Support Coordinator who assists Pacific students by linking them to the services and support they need while studying at Victoria. Another feature of the programme is a support network for Postgraduate students with links to Postgraduate workshops and activities around Campus.

For further information, or to register with the programme, email manaaki-phiphipinga-programme@vuw.ac.nz or phone (04) 463 5233 ext. 8977. To contact the Pacific Support Coordinator, email pacific-support-coord@vuw.ac.nz or phone (04) 463 5842.
