Major in Human Resource Management and Industrial Relations

A total of 360 points are needed to complete the BCom (3 years fulltime study). There are seven compulsory courses (105 points) in the BCom at 100 level. The HRIR major contains a further seven courses (105 points) starting with HRIR 201 and MGMT 202. The major progresses to your choice of four HRIR courses at 300 level (one of which may be from MGMT 300 level or COML 302 or ECON 333). In addition to these four courses, HRIR 320 is a compulsory course in the major which can only be completed if you have already passed at least two other HRIR 300 level papers. You have a choice of courses for the remaining 150 points in your BCom - five of these must be at 200 level or above, the other five at any level, and all can be chosen from commerce or non-commerce courses.
